

Back-biting.

Pay no attention to slanderers and gossip-mongers. Keep straight on in your course, and let their back-biting die the death of neglect.

HUMOROUS.

An Irishman tells of a fight in which there was only one whole nose left in the whole crowd, and that belonged to the tea kettle.

Human nature is very discouraging. Put up the sign of 'Fresh Paint,' and every passer-by will touch it with his finger to see whether it is dry yet.

The most remarkable of recent opinions concerning divorce—(by a woman, of course):—'Divorce is all very well in its way, but I prefer widowhood—it's surer!'

'If a man bequeathed you a hundred pounds, would you pray for him?' said a Sunday School teacher to a pupil. 'No,' said he; 'I would pray for another like him.'

'In this round world of many circles within circles do we make a weary journey from the high grade to the low, to find at last they lie close together, that the two extremes touch, and that our journey's end is but our starting point.'—Dickens.

'What is the meaning of a back-biter?' asked a gentleman at a Sunday School examination. 'This was a puzzler. It went down the class until it came to a simple urchin, who said, 'Perhaps it is a flea.'

A Merchant of Liverpool, who died suddenly, left in his desk a letter, written to one of his correspondents. His sagacious clerk, seeing the necessity of sending the letter, wrote at the bottom—'since writing the above, I have died.'

An erring husband, who had exhausted all explanation for late hours, and had no apology ready, recently slipped into the house about one o'clock very softly, denuded himself gently and began rocking the cradle by the bedside as if he had been awakened out of a sound sleep by infantile cries.

Cotton spinning is a growing industry in Russia, the raw material being supplied by the Central Asiatic provinces of the empire, where cotton growing is being extensively pursued.

The increase of insanity in the United Kingdom is a notable sign of the times. During the last generation—thirty-three years the number of lunatics has increased 150 per cent., while the population has increased only 45 per cent.

False Impression.

It is generally supposed by physicians and the people generally that Dyspepsia can not invariably be cured, but we are pleased to say that GRAY'S AUGUST FLOWER has never, to our knowledge, failed to cure Dyspepsia and Liver Complaint in all its forms.

CATARRH. Constitutional Catarrh Remedy CURES CATARRH.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.:—DEAR SIR—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper. Yours truly, W. TINDALL, Methodist Minister. Port Elgin, Ont., Aug. 24, 1878.
