

CHARLOTTETOWN Mayor Walter Cox and six of his councillors were taken on a tour of senior citizens' homes, as well as the home for the care of the aged, in Summerside yesterday.

day by Health Minister Henry Wedge and Dr. Hubert MacNeill, minister of welfare and labor. Mr. Wedge is chairman of the provincial Senior Citizens Housing Corporation and

has expressed interest in seeing homes for elderly citizens built in Charlottetown. Left to right are Mr. Wedge, Charlottetown councillor Dorothy Corrigan and Mayor Cox.

City Councillors See Homes Plan

SUMMERSIDE — The Mayor of Charlottetown, Walter Cox, and six of his councillors were taken on a tour of the senior citizens housing complex on Grandville Street North here yesterday by Hon. Henry Wedge, minister of health, and Hon. Hubert MacNeill, minister of welfare. The visitors were taken

through a number of the senior citizens homes as well as the unoccupied \$500,000 home for care of the aged which is slated to be officially opened later this month.

This tour was arranged following a special council meeting last Monday in Charlottetown to deal with the provincial government's offer to build 42 units in Charlottetown on a site at the intersection of Belvedere Avenue and North River Road.

The government's offer met with resistance by some members of the council who felt the units would detract from low cost housing units now being planned by the city.

"I, myself, don't think it will detract from the units", Mayor Cox commented prior to the tour and afterwards stated "I think, as far as the city is concerned, it is a worthwhile project. I don't think we could make any other decision than to go for senior citizens housing".

COUNCIL DECISION
He added, however that this is a decision for the council. He hoped a decision would be arrived at next Tuesday night at the regular council meeting.

The resistance encountered by some of the councillors appeared to soften as the tour progressed with Hon. Mr. Wedge giving a running commentary as he directed the tour. He explained the financial arrangements for these projects, answered all questions placed before him by the councillors.

He told the council he hoped a decision would be reached soon as the government wanted to call tenders on the 15th of

SPEAKS AT KENSINGTON

Causeway No Election Promise Transport Minister Tells Meet

By CARMEN SMITH

KENSINGTON — The federal minister of transport, Hon. J. W. Pickersgill, had promises of things in store for the people of Prince Edward Island if the Liberal government is elected on Nov. 8 as he spoke to a rally in Kensington last night.

The minister from Newfoundland, who arrived here late yesterday from Ottawa, was speaking in support of Hon. J. Watson MacNaught, federal minister of mines and Liberal candidate for the Prince County riding, for whom he had high praise.

The Transport Minister told the meeting that the government had allotted \$750,000, through the Atlantic Development Board, to be spent on secondary all-weather roads to fishing harbours in the province.

With these roads, he said, the fishermen won't encounter the difficulties of years gone by to go down to their working areas.

"The federal government first approached the provincial government," he said, "regarding this project and had been told that it had no money to put into it." As a result 90 per cent of the cost, he said, will be carried by the federal government. "You can thank your provincial government for the other 10 per cent," he added wryly.

Another project sought for the province by the federal government, he said, was the provision of cheaper, better and a more assured supply of electricity.

PLANS SHELVED
Plans had been in the making, he said, for an underwater cable to be laid across the Strait to provide this additional power but were shelved when it was learned from engineers that there was

this month to possibly get the work started by Nov. 1.

Mayor George Key Jr. officially welcomed the guests to the town at a dinner following the tour.

MR. PICKERSGILL

danger of the cable being damaged while the causeway was being constructed.

He stated that the ADB has agreed to earmark \$6,000,000 to run the cable on the causeway so that when the causeway is completed the province will also be provided with cheap electricity. "It will be a boon to industry," he said. "Without power or roads you can't have industry in this modern world."

He also stated "we aren't going to neglect the basic industry in this province — agriculture". Referring to the 10-point program announced by the prime minister earlier this month which is "really going to benefit the farmers."

He said the government was "going to do something to see that farmers have equal opportunities and advantages as the other citizens in Canada."

Referring to the present federal government he said this was the first government which set out as a definite goal to raise the standard of living in the Atlantic Provinces to that of other parts of Canada. "Before

it was a handout policy, now it is an equality policy", he stated.

Discussing the causeway construction, he said "we are not building it because of an election; not as a gift to P.E.I. and not building it as one Social Credit member put it — to a potato patch. Rather we are building it as an investment to Canada — as an economic investment".

"Once we get it", he said, "there'll be no limit to the amount of traffic which will go back and forth. Just imagine what the causeway is going to do to P.E.I. It will be a new era and it's going to make a great economic difference".

WORRIES AT BORDEN

Referring to the causeway as one of the great engineering wonders of the world, he said he knew that there were a lot of people on the island, especially in Borden who were worried

about the final effect from this construction and he predicted "more jobs, more prosperity and more activity in Borden when the causeway opens than ever before".

Hon. J. Watson MacNaught told the gathering that if the public opinion poll is as accurate as in other years the Liberals will get 40 per cent of the popular vote "enough for a sound majority".

He spoke of the numerous improvements across Canada since the Liberal government took office 30 months ago and pointed out that since that time the number of unemployed has dropped to three per cent of the working population.

He dealt on the matter of education and reminded the rally that his government had implemented the family allowance benefits to students over 16 and also the student loans.

Commenting on the healthy economic situation, he said the national deficit had been reduced to \$40,000,000 from \$750,000,000 when the Liberal government took over.

Other speakers at the rally included MLA's Frank Jardine and Alexander Campbell; W.E. Jenkins, president of the P.E.I. Liberal Association and Mrs. Aiden P. Mulligan, president of the provincial Liberal Women's Association.

Chairman of the meeting was Edison Rayner of Cloront.

Two Separate German Teams For Olympics

MADRID, Spain (CP)—Separate teams will in 1968 represent East and West Germany in the Olympic Games, the international Olympic committee decided Friday.

The IOC decided that beginning at the winter Olympic Games of 1968 in Grenoble, France, there would be two German teams marching in two different blocks but behind a common flag and with a common hymn. IOC members who took part

in the session also reported that the West German team will be known as "Germany" whereas the other team will have the name "East Germany."

Word Received Of Sister's Death

ALBERTON — Misses Maud and Emily O'Connor of Alberton and Emmett O'Connor of Kildare Cape have received news of the death on Thursday of their sister, Mrs. William O'Rourke.

The former May O'Connor was born at Kildare Cape, a daughter of the late Mr. and Mrs. Maurice J. O'Connor. As a young woman she went to the United States and has resided there ever since.

More than 50 years ago she was married to Mr. O'Rourke who predeceased her some 30

years ago. They made their home in New Bedford, Mass.

Besides her sisters and brother, she is survived by three sons and one daughter, Edward and John in New Bedford; Mrs. Wesley Massey (Alice) in Cleveland and Leonard in Hartford, Conn. The funeral will be held today in New Bedford.

CALLING ALL HOME MAKERS

ROY PURSEY of Crockett & Storey, HOW TO MAKE A SMALL ROOM LOOK LARGER

There are ways you can make small rooms look larger. Well to wall carpet is one way. It always makes a room seem larger. The use of colors or an entire mirrored wall is another good way.

Another rule is not to overcrowd a small room. Use as few pieces of furniture as possible and use small dimensioned pieces.

Use a love seat instead of a sofa and the love seat should be lightly scaled and not heavy and overstuffed. Use occasional or armless chairs instead of large lounge chairs and keep the size of everything used in the room smaller in proportion.

Needless to say, never use wall paper, carpet or upholstery with large patterns in a small room.

A hand painted or wall paper mural of a landscape or seascape will add third dimensional depth to a room. Use a small snack table or two in front of your sofa instead of large cocktail table.

Light, bright and airy colors make a room look larger while dark, drab colors make it contract. Heavy draperies should be avoided.

You don't need Montreal Trust 'Guaranteed Investments' to capture the Caribbean... (but it helps)

Time and peace of mind are the secrets: it takes both to be able to capture the restful beauty of the Caribbean; and both, time and peace of mind, are exactly what you have when you know your money is safe, sound — and earning a good rate of interest — wisely invested in Montreal Trust Guaranteed Investment Certificates.

Here are a few of the many appealing features of Montreal Trust Guaranteed Investment Certificates: (1) The Certificate is registered in your name. (2) Interest is paid by cheque and mailed to you. (3) Holders of Certificates with a repayment date of less than one year receive interest quarterly; on longer maturities, semi-annually. (4) Guaranteed Investment Certificates are available for deposits of \$1,000.00 and up — Principal and Interest guaranteed by Montreal Trust.

Complete and mail coupon — or phone.
