Optimism Voiced At Conservative Meeting

Optimism over future elections was the keynote last night when the 5th District of Queens Progressive Conservative Association held its annual meeting at the Legion Hall. It was based on the party's success in the recent four Federal by-elections.

Presiding over the enthusiastic gathering was Mr. James Haslam, president, who introduced the speakers. On the platform were Mr. R. R. Bell, K.C., Provincial leader, Mr. W. C. S. McLure, M.P., Mr. J. Angus MacLean, M.P., Dr. W. J. P. MacMillan, former Provincial leader, Mr. D. L. Mathieson and Mr. Reagh Bagnall, Provincial president.

In his presidential report Mr. Haslam offered congratulations to Dr. MacMillan on his election for the seventh time, and expressed regret at the defeat of Mr. Mathieson. He had words of praise for Mr. MacLean on having the courage to run an election strictly according to the Election Act without resorting to bribery of any sort.

"We must face our political problems with sincerity and determination to give our country the strongest and most democratic form of government obtainable," the chairman said.

District Meetings Mr. Bell stated that district meetings would be continued throughout the Province as he felt that now was the time to do organizational work. He said that the success of Mr. MacLean had shown what could be done and stated that the party he leads will run its elections according to the Election Act. It was time someone took a stand to see elections were run the way they should be, he said.

Mr. Bell foresaw serious unemployment in this city during the winter and spring and suggested the Government should take steps now to ease it before there were hundreds on relief. He particularly mentioned proceeding with work on the proposed Federal Building.

Dr. MacMillan thanked the electors of the district for again returning him and paid tribute to the women. He called recent Provincial elections "farces" as they were always called at the worst season of the year. In reference to past suggestions that he might retire, the doctor said "I'll stay in public life as long as I can talk" and he remarked that the bribery oath might be a big weapon in the next Provincial election.

Mr. D. L. Mathieson in remarking on his defeat in the past election said "The strange thing about it is that my opponent does not yet realize he won." He spoke of the surge of enthusiasm evident even though there were no election near.

The opinion that Brig. J. Price might again be a candidate in Prince County was voiced by Mr. Reagh Bagnall, who spoke briefly.

Other Speakers Brief remarks were also made by Mr. McLure, Mr. MacLean, Mrs. E. E. Sutherland, president of the Women's Association, and from the floor by Mr. Urie Macdonald and Mr. Peter Campbell.

Mr. McLure called George E. Drew, national leader of the Progressive Conservative Party, "the greatest leader of a political party Canada has had since the days of John A. Macdonald." In briefly relating some of the events at Ottawa he mentioned the proposed St. Lawrence Seaway project and the possibility of Canada having to finance it due to objections in the United States. If a decision is reached to go ahead with it, the speaker thought the Government might call an election on the issue. He thought it would be held in 1952.

Officers of the Association were re-elected with Mr. James Haslam, president; Mr. Fred DeCoste, vice-president; and Mr. Charles R. McQuaid, secretary-treasurer. Named members of the District Executive Committee were Mr. Forrest Clow, Miss Gertrude Coady and Mr. Rankine McLaine.

Resolutions affirming support and loyalty to Hon. George E. Drew, Mr. R. R. Bell, Dr. W. J. P. MacMillan, Mr. W. C. McLure and J. Angus MacLean were brought in and unanimously passed. Members of the Resolutions Committee were Messrs. J. A. Gillies, Benjamin Gallant and Stanley Bryant.

Reds Cool To Changing Site Of Truce Talks

The Communist negotiators themselves were silent on the proposal. The new note was lampooned in a Communist China broadcast of the dispatch by Alan Winnington, Communist Daily Worker correspondent now at Kaesong, the site of the now-suspended conference.

He asserted that Gen. Matthew B. Ridgway's demand that the site of the talks be moved from Kaesong "is nothing but an impudent attempt to place the responsibility for incidents on (North) Koreans and Chinese." Ridgway, supreme Allied commander, said in the note that if the Reds wished to resume negotiations, it must be in a place where there would be no interruptions.

The Red radio charged last night that two captured South Korean soldiers had admitted operating inside the Kaesong neutral zone under the direction of American officers who landed in a helicopter. This was a reference to an earlier complaint, since rejected by the Allies.

Probe New Evidence In Bridge Hearing

THREE RIVERS, Que., Sept. 7. (CP) - Judge Rene Lippe today adjourned to Sept. 13 the hearing into the collapse of the Duplessis Bridge here Jan. 31 with the loss of four lives.

The adjournment, second since the hearing began late last month, followed testimony yesterday by Robert Eadie, chief engineer of the Dominion Bridge Company, builders of the bridge. He said an explosive charge could have caused marks of "heating" on one of the failures.

When the hearing re-opens next Thursday the two-man commission will view the broken pieces of the bridge, still in place across the St. Maurice River between here and Cap De La Madeleine. They also will view that part of the structure on which two stands of electric wire were found.

Karl Kaiser, construction engineer of Dominion Bridge, supported Eadie's testimony regarding discovery of the pieces of wire around a section of the steel of pillar No. 2.

He said some external factor was responsible for the crack in the girder and the subsequent collapse of the bridge. He said that in this "external influence" the possible reason for the collapse will be found.

Kaiser showed the commission a detailed photograph of the "peculiar break" which was noted by himself and other engineers in the salvage debris.

Enrollment Shows Decrease This Year

Enrollment for the teacher training course at Prince of Wales College shows a decided decrease this year over last year with 58 students compared to the 91 who registered in 1950. Total enrollment in all classes is down 100 from the 598 figure for last year.

First year students again show the greatest numbers with 189 registered for the regular courses and 19 registered for the commerce classes. However, the class is 22 lower than last year. There are also 13 students in the special matriculation class.

At St. Dunstan's College there were 110 students registering for high school work, an increase of 25 over the total for 1950. The University classes will commence on September 18 and college officials expect approximately the same number of students as last year.

RUSSIA AND

Continued from page 1 tant future." Yoshida also put in a claim on South Sakhalin and the Kurile Islands, now occupied by Russia.

Without mentioning the Communists by name, Yoshida said, "unfortunately the sinister forces of totalitarianism and tyranny operate still throughout the globe. These forces are sweeping over half the Asiatic continent, sowing seeds of disension, spreading here and there, and breaking up into open aggression - and there - indeed, at the very door of Japan."

That, he said, was why Japan should sign a security pact with the United States to keep U. S. troops in Japan "temporarily". Signature of the treaty is scheduled to start at 10 a.m. Saturday (1 p.m. EDT) winding up more than four days of speaking marked by the violent objections of Russia, Poland and Czechoslovakia.
