

Inundated.

AN IOWA TOWN OVERWHELMED IN A NIGHT.

COUNCIL BLUFFS, June 2.—The rain poured down in torrents for four hours last evening, and Indian Creek, which runs through the heart of the city, overflowed, doing \$200,000 of damages. Seven iron bridges and two stone culverts belonging to the city were swept away, also several dwellings and barns. All the business houses on Main and Broadway streets are flooded. Several losses of life are reported. The water a block from the Creek was deep with drift from the current. Cries for help could be heard in every direction, but the swiftness of the current rendered assistance impossible. The flood rose so quickly that many business men found it impossible to reach their wives and children, and a number narrowly escaped drowning, endeavoring to reach home. Gloom and mourning in the city is universal. All that part of the city lying between the Bluffs and Broadway on the north is inundated by the rushing and boiling waters, and the sight is awful to behold. At midnight it was feared the loss of life would be large. Numerous instances of drowning were reported as early as eight o'clock. At twelve o'clock it was still raining, but the creek seemed to have spent its fury. The water in the western and southern part of the town was rapidly rising, and many people were compelled to take boats and escape. The loss to the city alone will be hundreds of thousands of dollars, besides the loss that private individuals will sustain.

LATER PARTICULARS.

The storm began a little before 6 p.m. and continued until 8.30 or 9 o'clock. Much of that time it came with such force that the effect upon those exposed to the rain was similar to a heavy shower bath. At times it would almost take one's breath away. There was no wind. A number of persons were reported drowned last evening, but it turns out to-day that no lives were lost. The rear wall of the opera house in course of erection has fallen. It was 50 feet high. The side walls are cracked, and liable to tumble. All the bridges as far down as Eighth-street are gone, including two stone bridges. Hundreds of families living adjacent to the creek were driven from home, and many houses are more or less damaged. A number of houses were dashed to pieces as they floated off. One heavy iron bridge with a 50 foot span was boldly carried a distance of more than two blocks. The damage is now estimated at \$300,000. The citizens have done everything in their power to relieve those in need of help, and all are now comfortable.

Rumour.

In referring to the rumor that Lord Dufferin is to be appointed Viceroy of India, the London correspondent of an Irish paper says: "It is stated that, as the health of Lady Dufferin would not be equal to the strain of India, Lord Dufferin has decided not to accept the Governor-Generalship of India. The Marquis of Lorne is now named for the vacancy which will soon be created by the retirement of Lord Ripon. As far as I can judge from intimations I have received the appointment of the Marquis of Lorne would not be acceptable to the extremists."

Mrs. Scoville's Exct.

Mrs. Scoville has asked permission from a Chicago court to assume the name of Frances Marie Howe. As a divorced woman, she does not wish to bear her husband's name, and loyal as she was to her wretched brother during his life, she lacks courage to assume her maiden name Guiteau. The next best thing in her opinion was to take the name of her mother, Howe. So there is an end to Mrs. Scoville at last.

Dr. Talmage has a good opinion of Canada. This is what he said of our country in a recent sermon: "There is no room on this continent for any other nation except Canada, and a better neighbor no one ever had. If he did not believe that, his hearers should take a trip to the Dominion and see." Canadians will now appreciate the doctor's sermons more than ever. Talmage is not handsome, but he's honest, which is better.

The London Globe thinks that it is a good rule to postpone suicide. It says that had Her Sandtmann, the member for Hamburg in the German Reichstag, done this, he would probably have been alive to-day. But he yielded to the news of an impending business failure, and the telegram which came on the following day, stating that the crisis had been met, only arrived in time for the inquest.

The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhoea or White's Excessive or Painful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagina, Hysteria, Pain in the Back or Piles, or for the purpose of Invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very acute conditions, one pill three times a day. To effect cures in chronic cases it will be necessary to continue the use of the remedy for some months. A reasonable trial will create sufficient confidence in the remedy to insure its being taken until a permanent cure is effected.

GENERAL AGENT.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed nights after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. HORACE FAIRBROTHER, Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours, Mrs. EMMA GEDNEY, 120 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effective remedy for coughs and colds we have ever tried. A. J. CRANE, Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN, Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from my troubles. E. BRADGON, Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
