## Two Chinese Women Stand in Moscow Talks

MOSCOW (AP) — Chinese Communist delegates threw the Moscow world congress for women into an uproar Wednesday by inviting the speakers' platform and demanding that air their views on the Chinese-Indian border conflict.

Mrs. Jacqueline Kennedy's name also figured in the day's stormy proceedings during a Spanish Communist delegate's defence of Premier Khrushchev's policies of peaceful co-existence with the West.

Mrs. Kwo-dien, a leader of the Chinese delegation, and a translator, firmly held her ground for 20 minutes after the Dr. Joan Garrut of England, refused to grant the Chinese delegation the floor and adjourned the meeting in exasperation.

The two tiny Chinese women, dressed in Chinese-style dresses with wide spun skirts, marched up to the podium and demanded to be heard after Mrs. Aruna Asaf Ali of India had presented the Indian side of the Himalayan border conflict.

Mrs. Ali, head of the National Federation of Indian Women, said she did not wish to provoke controversy, but she made it clear she believed the Chinese were blocking Indian and neutral attempts to settle the dispute.

"We have a right to be heard on a point of information," the Chinese delegates' translator noted about the incident.

"It is very painful to see such a situation in Moscow," she added.

## Speaker and Conservatives Again Fail To Vote

OTTAWA (CP) — For the second time in three days, the New Democrats failed to answer the Commons roll — call Wednesday as the government was upheld 119 to 74 in the conclusion of the six-day debate on Finance Minister Gordon's budget.

Other developments in a busy 3½-hour sitting:

Speaker Alan Manauhin turned down a Conservative bid for an emergency debate on Quebec Premier Lesage's criticism of federal legislative proposals. When he refused to hear a Conservative appeal from his decision, the Speaker was upheld by a vote of 108 to 107.

Social Credit Party's Guy Maroux siding with the government to cast proved to be the deciding vote.

The Speaker also rejected a New Democrat attempt to force an emergency debate on a pending report saying five nuclear bomb dumps will be built in Canada under a custody-and-control agreement signed with the U.S. Colin Campbell (NDP — Nanaimo-Cowichan) said the report originated in the defence department.

## EXPELLED

George Baranovsky, Soviet first secretary of the embassy in Stockholm, Sweden, has been ordered expelled in connection with the worst spy scandal in the history of that nation. Sweden's foreign minister Torsten Nilsson ordered Baranovsky and Maj-Gen. Vitaly Nikolayev, the Soviet embassy's military attaché, from the country after the revelation that a Swedish Air Force colonel, Sig Erik Wennerstrom, has been a spy for the Soviets for 15 years. ## WAS EN ROUTE TO P.E.I.

## Circus Vessel Burns In Port

YARMOUTH, N.S. (CP) — The circus ship *Flourus*, fresh from her premier performance on a planned port-hopping excursion, burned and sank here Wednesday to end a jinx-ridden cruise.

The *Flourus*, a converted freighter on her first voyage as a circus ship, was the second of her breed to put into this south-western Nova Scotia port in 127 years. The last circus ship to call here, a four-masted schooner whose name is forgotten, went to the bottom with all hands shortly after leaving here in 1836.

The *Flourus*, out of St. Petersburg, Fla., caught fire shortly before she was to leave for Shelburne, N.S., where the circus was to play its second Nova Scotia engagement today.

There were no injuries to the circus personnel and only one of the more than 20 animals aboard after it took an extreme 11 s.t.

Cause of the fire was not immediately known, but it broke out in the engine room of the 1,100-ton A.G. Kelly and Miller circus boat, which was on the first leg of three-month Atlantic coast tour.

The ship was scheduled to call at Montague, P.E.I., for a performance there next month.

Six cages of wild animals, including lions, leopards, cougars, tigers and bears, were taken off the ship by a crane. Three elephants walked to safety and a pony and dogs were led to the wharf by circus workers.

## Subventions Welcomed

MINAS MINER (CP) — Benedito announced impending legislation under which subventions for coal mines, now voted by Parliament each year, would be guaranteed for five years until the industry's output is studied. All opposition groups welcomed the move.

Last year in the budget debate by the Social Credit Leader Thompson.

He called for complete withdrawal or postponement to Jan. 1 of the 1962-63 manufacturing sales tax imposed by the budget on building materials, and on production machinery and equipment imported for use in farming or fishing.

The June 13 budget was "the biggest disappointment in years" for Canadian taxpayers, Mr. Thompson said.

"Why didn't you vote for the amendment?" asked Opposition leader J. G. Macdonald in a confidence motion on the budget.

## Negros Rob N.Y. Office

NEW YORK (AP) — A tall, well-dressed Negro entered a Wall Street real estate office Wednesday, identified himself as a representative of the Commission of Racial Equality and asked if the firm employed any Negroes.

"Come in and we'll talk about it," said John Franz, a white man, who was in the 13th-floor office at the time with another employee.

The visitor responded, "My partner is in the hall and I'd like him to be in on the conversation."

A second Negro entered, police said, and both drew guns, ending their presence by going to CORE.

Fearing the two office employees to stand against him, the intruders loaded an attack case with a \$4,720 payroll and fled.

## JFK To Meet Pope July 2

VATICAN CITY (Reuters) — President Kennedy will be received in audience by Pope Paul VI next Tuesday morning, a Vatican spokesman said Wednesday night.

The voyage to Yarmouth was her first in this capacity.

## QUEBEC TRAVEL EDITORS VISIT HERE

An enthusiastic group of three travel editors from newspapers in the Province of Quebec arrived by MCA last night to be guests of the P.E.I. Tourist Association. They were welcomed at the airport by Charles Linkletter, president, of Summerside, and A. B. LePage, of Cavendish, who is their first host at his North Shore resort. It is the first visit to the province of the representatives of the French language papers, but Mrs. Rochester, of the Montreal Star, has been here before. They will be guests of the association until their departure next Tuesday and will be shown all parts of the Island in a short motor trip. Their overnight stays will be at Cavendish, Summerside, Dalvay and Charlottetown with one full day of their visit being devoted to a tour of Kings County. Shown above left to right are: Claude Gendron, La Presse, Montreal; Mrs. Helen Rochester, Georges Beherer, Le Soleil, Quebec City; and Mr. LePage.

## JFK Widely Acclaimed During Arrival In Dublin

DUBLIN (AP) — President Kennedy was widely acclaimed in Ireland Wednesday night as a son of the Old Sod who made good abroad.

Struggling aside the fact that the U.S. chief executive is a fourth generation American, the happy Irish greeted him with banners such as "Welcome home, John Kennedy."

The president's plane arrived from Berlin to a packed house at Dublin airport, and his motorcade was cheered all the way to the Phoenix Park residence of U.S. Ambassador Matthew McLooney, where he was spending the night.

## Kennedy Wins Berlin With Presence, Message

CP From Reuters-AP — BERLIN — President Kennedy won the heart of West Berlin Wednesday with his presence and a message of freedom heard on both sides of what he called communists' "wall of fear."

Then, after being cheered by an estimated 1,400,000 West Berliners during a seven-hour visit, he left by air for Dublin, Ireland.

East Berliners followed Kennedy's day in West Berlin on television. Amid all the cheers and sentiments, the reality of this split city's position 100 miles behind the Iron Curtain was underscored when the vice-president of the United States president paid his first visit to the wall which the Communists built between East and West Berlin in 1961 to prevent East German citizens from fleeing to the West.

Despite elaborate Communist police measures to keep East Berliners about 500 feet from the wall, thousands gathered at the Checkpoint Charlie, crossing point between the U.S. sector, to see the president on the West Berlin side.

Small, timid cheers broke out among them. Several East Berliners waved American flags from buildings.

**PUSH CROWD BACK**  
When the president left the wall he did not visit East Berlin. The Communist police pushed the East Berlin crowd

## Fox Farm At S'ide To Continue

By FARMER TISSINGTON  
CAPITAL BUREAU OF THE GUARDIAN  
OTTAWA — The federal government said Wednesday that it does not plan to close the Experimental Fox Farm at Summerside but indicated that the use of the farm is under study.

Agriculture Minister Harry Hays, in reply to a question raised by the farm would not be closed.

"Provision for research on commercial production of fur-bearing animals forms a part of the planning for livestock research in the department of agriculture," Mr. Hays said.

"The latter is currently under a broad-scale review and the future of the Experimental Fox Ranch at Summerside is part of the deliberations."

## Maritime Crops Reported Good

OTTAWA (CP) — The bureau of statistics reported Wednesday that crop conditions in the Maritimes are good.

The weather has been ideal in the last month for finishing crop seeding and for growth. The early potato crop appears very good.

A few Brunswick potatoes are doing well, but very dry conditions earlier in June slowed crop growth.

Over 1,000,000 bushels following the autumn harvest if Prairie bumper crop predictions come true.

Even by optimistic standards Canada could sell only about half this total in the 1953-54 crop year.

## Wheat Surplus Looming Large

WINNIPEG (CP) — Grain officials say Canada will likely have a surplus of wheat on hand as it can sell in the next crop year starting Aug. 1.

Mr. Gass said his own research was one of satisfaction and appreciation, and found similar reaction among the members of the committee here on Friday last.

"It was just about ready to present a further report on marketing conditions I have been working on for some time," Mr. Gass said. "The fact that the previous reaction came from the government without this additional evidence of the need for such a cattle marketing outlet, Mr. Gass said, all the more appreciated."

## Beef breeders leaped with Gov't Reception

The Beef Producers Association executive members are delighted at the reception the provincial government has given the Hudson report on the proposed livestock marketing yard, President Daniel Gass, Cornwall said last evening.

Mr. Gass said his own research was one of satisfaction and appreciation, and found similar reaction among the members of the committee here on Friday last.

"It was just about ready to present a further report on marketing conditions I have been working on for some time," Mr. Gass said. "The fact that the previous reaction came from the government without this additional evidence of the need for such a cattle marketing outlet, Mr. Gass said, all the more appreciated."

## 8 Paratroopers Leap, 38 Die in Plane Fire

DETROIT (AP) — West Germany's 8 paratroopers leapt from a burning plane seconds before it hit the ground Wednesday but other Belgian military men died in a crash.

The plane was carrying 42 paratroopers and a crew of five on a training exercise over the Senneleger military grounds near Detmold in the northwest.

Witnesses saw flames shoot out of the tail of the twin-engine plane when it was about 800 feet up and immediately after the plane started its plunge. Three helicopters picked up the paratroopers who escaped.

A farmer working near the crash scene told reporters some of the men were still alive when the plane hit the ground, but perished in the flames.

**BEGIN INQUIRY**  
The crash area near this NATO training base was immediately sealed off and Belgian military officials launched an investigation into the cause of the crash.

A Belgian army announcement said the ill-fated aircraft was one of four C-119 transport planes taking part in a joint Belgian-West German manoeuvre in the Senneleger area.

Nine of the paratroopers used their chute to jump to safety

## Former U.S. Ambassador Is Critical Of Kennedy

TORONTO (CP) — "Chip-on-the-shoulder" remarks by President Kennedy aren't helping the prospects of world peace and disarmament," William A. Waters, former United States ambassador and disarmament negotiator, said Wednesday.

President Kennedy's statements in a Garmouth Tuesday that he would try his utmost to defend Europe and disarmament, he told the Optimist International annual convention here.

"It might be necessary for morale, but he's actually putting a chip on his shoulder and making Mr. Khrushchev to knock and disarmament," Waters said.

He said tensions, jealousies and super-nationalism make the chances of achieving disarmament and the permanent absence of organized global rather poor.

Mr. Waters was UN ambassador for the Eisenhower administration and chief disarmament negotiator in Geneva from 1954 to 1961.

## ILL-FATED CIRCUS VESSEL SINKS WEDNESDAY

The ill-fated circus vessel *Flourus* sinks Wednesday off Yarmouth, N.S., ending a planned tour of small centres in the Maritime Provinces. One animal perished. (CP Wirephoto)

## Map Locates Detmold

A map locates Detmold, West Germany, where Belgian Air Force transport plane carrying paratroopers to a practice exercise crashed Wednesday. There were 47 men on the ill-fated plane. (AP Wirephoto)

One of the men who survived broke his leg and another man was taken to hospital with a severe shock, a military spokesman said.
