Extract from a Letter from the Secretary in London, dated 8th September, 1843, to the Agent in Charlottetown.

"I have the pleasure to inform you that with a view to facilitate the business of the Life Department of this Company, the Board of Direction have determined on the introduction of several new Tables.

"One of the leading features of these new Tables is the establishment of a NON-PARTICIPATING SCALE in connexion with the ordinary class of Assurances on single lives; and to persons desirous of effecting Policies for the purposes of security in money transactions, the introduction of lower rates of premium will offer peculiar facilities. For Joint Life and Survivorship Assurances, non-participating rates, you will perceive have also been calculated.

The Board have likewise sanctioned the acceptance of Assurances upon which a limited number of annual payments may be made, and for which class participating and non-participating scales of premium have been computed. Tables of rates for Assurances upon which a progressive increase or decrease is made in the premium, and for Endowment Assurances in an non-articipating Scale, have also been prepared. By this last class of Assurances, you will observe that the amount assured is paid at a fixed period, even though the party be then alive.

"Enclosed I beg to hand you copies of the Tables to which I have referred, and which you will be good enough to bring into operation forthwith. The increased facilities for effecting Life Assurances which the Directors now afford by construction of these new Tables, induce them to believe that a very considerable acquisition will be derived."

LIFE DEPARTMENT.

THE DIRECTORS, with the view of giving increased facilities to the Public in the transaction of LIFE ASSURANCE BUSINESS, have directed the construction of several New Tables, of which specimens are annexed. It will be seen that, in the use of these Tables, Assurances may be effected with the Company in the following variety of forms:—

WITH PARTICIPATION (as hitherto) in the profits of the Company. On this principle the following is a specimen of the rates charged.

Any Age may be fixed upon, at the option of the Assured, for the Payment of the Endowment.

* * Assurances on Joint Lives and Survivorships are also granted on equitable terms.

The Directors conceive that considerable facilities will be afforded to the public by these various modes of Assurances; and they are disposed to entertain Life Assurances generally, adapted to such other contingencies as may arise. Proposals may be made at all times at the Office of GEORGE BIRNIE, Esq., the Company's Agent, at Charlottetown. FRANCIS AUGUSTUS ENGELBACH, ACTUARY.
