NOT MORE THAN FIVE CENTS

Dawn Raid At Aberton Hits Canneries, Poachers

Three Illegal Canneries Are Put Out Of Operation

By JOE DUPUIS Canadian Press Staff Writer HALIFAX (CP) - A small squad of federal fisheries officers and RCMP Tuesday seized thousands of undersized lobsters and put three illegal canneries out of operation in a dawn raid on the community of Aberton in northern Prince Edward Island.

A terse statement on the raid on 32 homes was released here by the fisheries department. It said many of the lobsters seized were alive. "But others were cooked and were in the process of being canned when the raid took place," RCMP said charges will be laid. They gave no indication of the number.

She said she was roused by a loud knocking. "I went to the door and there they were. One of them looked like one of those war-time Nazis and he scared me to death.

LIKE INVASION An Aberton storekeeper and a housewife, who asked not to be named, said in interviews the officers arrived in the village about 6.30 a.m. "When I woke up this morning I thought it was an invasion," the storekeeper said. He said the officers weren't noisy or rough "that I could see."

He said they weren't too friendly and you can imagine how we all felt being shaken out of our beds in the middle of the night and being surrounded by somebody you don't even know." The woman said she and her

SUMMERSIDE BUREAU OF THE GUARDIAN A third transportation link with the mainland was advocated last evening by the Summerside-Town Council which endorsed a proposal by Mayor W. A. Currie that the ferry Vacationland be purchased by the federal government and placed in operation between Summerside and Point du Chene, near Shediac, New Brunswick.

Docking ramps could be built to existing terminals at these points, the resolution pointed out cutting approximately 75 miles from the present motoring distance between Summerside and Moncton. The action by the Summerside Town Council follows on the heels of an Ottawa report received by Premier Matheson intimating that expensive alterations costing \$1,000,000 would have to be made at the Borden and Tormentine piers before the Vacationland could dock.

No Reports Available On Causeway Survey

No individual reports on any particular phase of the Prince Edward Island causeway survey will be forthcoming until all reports have been consolidated.

Information to this effect was received yesterday by Highways Minister J. George MacKay in reply to a written query made of Works Minister Howard Green late in April.

ways minister requested copies of other reports as received and especially the final report of the Canadian British Associates, etc., who worked on the project throughout 1958. Mr. Green stated that with a proposal of this magnitude, it is necessary that a considerable number of the reports have been received while others remain to be completed.

In his letter Mr. MacKay emphasized the vital concern with which the causeway survey was held by the people of the Province and asked for progress reports as they are received by the Federal Department. In addition to these, the high-

ways minister requested copies of other reports as received and especially the final report of the Canadian British Associates, etc., who worked on the project throughout 1958. Mr. Green stated that with a proposal of this magnitude, it is necessary that a considerable number of the reports have been received while others remain to be completed.

The council also invited the Prince County Bords of Trade to support the proposal, and announced that copies of the resolution would be forwarded to Transport Minister Hees, and to the federal members and senators.

Justice Minister Fulton Stresses Principles Of Christian Education

"Never has there been a time in the history of civilization when there has been so great a need for men and women to be guided in their daily lives by the

principles of a Christian education," said Hon. E. Davie Fulton, Minister of Justice and Attorney General of Canada, as he addressed the graduating class at St. Dunstan's University Tuesday afternoon.

It was the 106th convocation of the University. In the absence of the Most Reverend Chancellor, Bishop MacEachern the graduation exercises were conducted by Rt. Rev. J.A. Murphy, D.D., Vicar General for the Diocese of Charlottetown and a former rector of the University.

In the rector's report, Rt. Rev. J.A. Sullivan noted the expansion experienced by the University since its founding. He was thankful for the support that had been received through the Canada Council, federal aid and from businessmen and other individuals. His report is to be found in full in this issue.

Special guests included His Honour, Lieutenant Governor F. W. Hyndman, Premier A. W. Matheson and Deputy Mayor A. Walthen Gaudet. The Governor and the Premier spoke briefly at the conclusion of the exercises.

"The Christian way of life is under attack from two directions," the Hon. Mr. Fulton stated. "One is from without, and this is the doctrine of Communism; the other is from within, and this is passive indifference, which is just as formidable an opponent as the first."

"There is a struggle for the possession of men's minds, as well as the physical struggle for their bodies, and this struggle is being waged even here at home. The battle in the physical sphere is easy to fight; it is tangible and easy to appreciate, and it carries with it a sense of urgency."

"Communism is a fight for men's minds," the speaker con-

cluded. "Let's match them with action, and convince them that our way of life is a better one; that we believe what we are saying. The uncommitted peoples in our own country, and in foreign countries, judge us on the extent that we (Continued on page 5 col. 1)

Plane Crashes Kill 33 In Separate Accidents

BALTIMORE (CP)—Two huge Capital Airlines planes met disaster Tuesday killing a total of 33 persons and injuring at least 13 others. One plane exploded in the air killing all 31 aboard. The other toppled over an airport embankment and burned. Two persons were killed and 30 others escaped, but many were hurt.

The major mishap occurred when a New York - to - Atlanta turbo-prop Viscount with 27 passengers and a crew of four exploded about 15 miles east of Baltimore. Twenty - nine bodies were recovered within two hours from the scattered debris. At Charleston, W.Va., about 450 miles to the west, another four-engine plane, a conventional Constellation from upper New York state and Pittsburgh, also bound for Atlanta, crashed while attempting to land. Two bodies were recovered from the wreckage and at least 13 were taken to hospital. There had been a light rain, and the runway was wet.

GEORGE V. FRASER

Ghana Survey Is Completed

Africa's struggle for independence and self government, currently focused by unrest and strife in the Federation of Rhodesia and Nyasaland, stems largely from the political awakening in Ghana which resulted in its emergence two years ago as the first all black Commonwealth nation," said George V. Fraser, director of information for the province of Prince Edward Island, who returned last night from Africa.

Mr. Fraser has just completed a three-month survey of tourism in Ghana as special adviser to the Ghanaian Government under Canada's technical assistance program. He was attached to the Ministry of Trade and Industries in Accra and, during the course of his duties, visited the neighboring countries of Nigeria and the Ivory Coast for consultations with government.

Miner Gets First Bear

TIMMINS (CP) - A hardrock miner has jumped the gun to put a Timmins committee two bears ahead of the official hunt for skins to rehat the Buckingham Palace guards.

The Civil Aeronautics Board said it has no record of any airliner ever having been exploded by lightning. Lightning has frequently hit planes, the C. A. B. said, but has caused only slight damage since the electrical charge is not grounded when a plane is in flight.

The C. A. B. sent a team of investigators to the scene of the Baltimore crash. First reports were that the plane was apparently flying through extremely turbulent air when it came apart.

He gave the skin to the bear-hunt committee which received its first skin from Carleton Place near Ottawa last week. The two skins will provide four ceremonial hats for the elite guards who have been criticized over worn-out, mangy and tattered headgear.

The London war office has gratefully received an offer by Mayor Leo Del Villano of Timmins to send the guards "all the bearskins we can get."

A Canadian regiment also wants some of the spoils of the Timmins hunt. The quartermaster of the Royal Canadian Regiment in Toronto told the mayor his hats are in worse condition than those of the Britons. The Canadian guards get their bearskins as hand-me-downs from the British guards.

He was replying in the Commons to George McIlraith (L-Ottawa West) who said Monday company Limited of Toronto has been unable to get the contract for eight turbines for the Big Bend Dam in South Dakota.

OTTAWA (CP) - Defence Production Minister O'Hurley said Tuesday a reported Canadian bid on a U.S. Army Corps of Engineers contract has no connection with Canada-U.S. defence production-sharing arrangements.

He added, however that the situation is likely to be remedied when his official report to the Ghana Government is implemented. This calls for the erection of a number of resort hotels at selected centres, modern restaurants and other facilities.

SCOTSWOMAN LIKES TO DRINK

EDINBURGH (Reuters) - There was an anniversary celebration in a courtroom Tuesday.

An elderly Scotswoman appeared on her 200th charge of being drunk and disorderly.

"We'll join you in your celebration," said the magistrate. He then admonished her and dismissed the charge.

SEATING ROW DEADLOCKS Big 4 Foreign Ministers

By BRACK CURRY GENEVA (AP)—The big four foreign ministers conference dead - locked Tuesday over a Soviet proposal to seat Poland and Czechoslovakia as full participants.

The ministers wrangled inconclusively at their second day's session for more than an hour, then adjourned with the dispute unsettled. The Russians announced they intend to bring up the issue again today.

Soviet Foreign Minister Andrei Gromyko advanced the new proposition for enlarging the conference in the wake of his defeat Monday on a demand that East Germany be admitted as a full and equal participant.

Gromyko insisted that Poland and Czechoslovakia must be included as a tribute to their sufferings from German aggression, he observed.

WEST BALKS The Western foreign ministers balked. They urged that the big four get on with their big problems, the Berlin and German issues. They suggested that Poles and Czechs might be called in later during discussion of points of specific interest to them.

Despite the clash of views, a British spokesman said the atmosphere of the session was "calm and quiet."

A Soviet spokesman declared Russia would insist on a positive solution but there was no immediate indication that Russia would walk out of the conference—or refuse a compromise such as the one on German representation Monday.

U.S. State Secretary Christian Herter, Britain's Selwyn Lloyd and France's Maurice Couve de Murville each challenged the

van, university rector, and John R. MacDonald, valedictorian, prior to the commencement exercises at St. Dunstan's Uni-

versity yesterday. Monsignor Murphy presided in his capacity as Vicar General of the diocese in the absence from the Pro-

vince of Most Rev. Malcolm A. MacEachern, Bishop of Charlottetown who arrived back in the province later in the after-

BISHOP ARRIVES HOME

The Bishop of Charlottetown, Most Rev. Malcolm A. MacEachern, and the diocesan Chancellor, Very Rev. P. F. MacDonald arrived home from Rome by air yesterday. While in Rome both were received by His Holiness, Pope John XXIII during the course of a private audience granted to Bishop MacEachern.

A man of vigorous health, keen intellect and ready humor, the pontiff asked Bishop MacEachern a great many questions and displayed a deep interest in the spiritual and material welfare of the diocese. Father MacDonald said. On their way home Bishop MacEachern and Father MacDonald visited the Lourdes shrine and spent one day in London. While in Rome they attended the ceremonies conducted in St. Peter's Basilica on the occasion of the beatification of Canadian-born Marguerite D'Youville, foundress of the Sisters of Charity or Grey Nuns, an order which at one time operated the Charlottetown Hospital.

ernment has no present intention of giving Canadian vessels priority over foreign ships on the Welland Canal of the St. Lawrence Seaway "but this matter is under study."

He said in reply to questions about congestion that crews and locks are operating at top speed and full capacity.

OTTAWA (CP) - Herman M. Batten (L-Humber-St. George's) Tuesday charged that the government's plan to raise employer and employee contributions to the unemployment insurance fund "is nothing more than an increase in taxes of \$72,000,000."

"It's just a back door method of collecting taxes," interjected Lionel Chevrier (L - Montreal Laurier).

The Commons was debating a Liberal motion to delay passage of the government's unemployment insurance legislation because the government contribution isn't being raised to equal half the existing payments into the fund by employers and employees.

The motion was defeated by a vote of 142 to 44. Liberals and seven CCF MPs being outvoted by the major Progressive Conservative majority.

STEP UP CONTRIBUTIONS Debate then continued on the bill which provides, among other things, for higher employer - employee contributions without changing the government's present share of about one-fifth.

Mr. Batten, member for the Newfoundland riding, said the government will collect \$32,000,000 each from employer and employee contributions to bring the fund back into a stable position. It had been depleted by half in the last two years due to abnormally high unemployment and supplementary benefit payments and stood at \$496,251,000 at March 31.

As the Commons met, Transport Minister Hees said the gov-
