

# 125 P. E. I. Fishermen Charged With Illegal Lobster Fishing

HALIFAX—One hundred twenty-five Prince Edward Island fishermen were prosecuted last year for illegally fishing lobsters. In addition, fishers' officers confiscated nearly 103,000 lobsters and more than 6,600 lobster traps.

Those figures were revealed by Forrest Watson, Chief Protection Officer in his report to the annual meeting of the Fisheries Department of Fisheries, which convened at arer headquarters in Halifax from February 3 to February 7.

Charges of lobster fishing violations resulted in the 119 offenders paying fines of more than \$2,100. In addition, there were 25 confiscations made by fisheries officers and wardens.

In Prince Edward Island there are nearly 2,600 lobster fishermen as compared to slightly more than 11,000 in Nova Scotia and nearly 4,000 in New Brunswick.

Total fisheries prosecutions for the whole Maritimes area last year were 718, with convictions in all but 12 cases. Nova Scotia

had convictions in 425 cases out of a total of 431 prosecutions. There were 158 convictions and two cases dismissed in New Brunswick.

Prince Edward Island led its two sister provinces in terms of lobsters and lobster traps confiscated. Traps and illegally caught lobsters seized in Nova Scotia were nearly 2,800 and 8,190, respectively. Protection officers in New Brunswick confiscated 29,300 lobsters and about 5,200 lobster traps.

In addition to prosecution for illegal lobster fishing in Prince Edward Island, two fishermen were convicted for obstructing fisheries officers.

## St. Pius C. W. L. Hears About Family Centres

The regular monthly meeting of the St. Pius X sub-division of the Catholic Women's League was held in the parish hall, Park-

dale, on Sunday afternoon February 2nd.

The President, Mrs. Percy Macdonald, presided and the Spiritual Director, Rt. Rev. R. V. MacKenzie opened the meeting with the League prayer.

The minutes of the previous meeting were read by the Secretary, Mrs. (Dr.) J. L. Higgins and adopted. The Treasurer's report was given by Mrs. George Cheverie and approved. The Corresponding Secretary, Mrs. Eugene Gorman, read a letter from the local branch of the Red Cross Society inviting representatives of the sub-division to attend their annual dinner. Mrs. Percy Macdonald and Mrs. Eugene Daley were appointed to attend. Letters were also received from Sr. Loyola of Mount St. Mary's and St. John Baptist of St. Vincent's Orphanage expressing their gratitude for gifts of flowers donated by the sub-division at Christmas for the altars.

The Spiritual Convener, Mrs. John Beaton, reported having the altar linens done up and reminded the members of the Perpetual Rosary for world peace on Saturday, Mrs. M. J. Lee, Ways and Means Convener, reported for card parties and lunch committees. Mrs. Fred Driscoll, Social Action Convener,

reported having visited sick members and sending several get well cards. She also visited the county jail and brought magazines and papers for the use of the inmates. The Press Convener, Mrs. R. J. McCarville, reported on her activities during the month and reminded the members that February was "Catholic Press Month" and urged them to check the literature coming into the home and to insure that good Christian reading was being provided.

It was decided to accept an invitation from A. Pickard Machinery Ltd. to provide a luncheon during the demonstration of their equipment at Birch Court on Monday evening February 10th. It was also decided to hold a cake sale at Moore and MacLeod's on Friday, February 14th and that a chicken dinner would be drawn for at this sale.

A sum of money was presented to Msgr. McKenzie for the building fund.

The high light of the meeting was an address by Sister Mary Henry, Reverend Directress of the Catholic Family Centre who was introduced by Mrs. M. E. Campbell. This address was most illuminating as the members were made aware of the difficulties and problems which have to be faced every day and the urgent need for assistance in this charitable undertaking. The Reverend Sister recounted many of her personal experiences in a very vivid manner and a vote of thanks extended by Mrs. (Dr.) Leo MacIsaac was unanimously approved by the meeting. Msgr. McKenzie expressed his thanks and appreciation for the work being done at the Centre.

The meeting closed with the League prayer offered by Msgr. McKenzie.

## Potato Board Position To Be Left Vacant

The government does not plan to appoint a new manager for the provincial Potato Marketing Board, Agriculture Minister Cullen said yesterday. The position became vacant recently with the resignation of the former manager, Mr. Eric Campbell.

He said the functions of the Board would be carried out by the present by William MacLennan, board chairman, of Albany, and the office secretary Miss Margaret MacMillan.

Following last year's plebiscite, in which the board was voted out by a small majority, the government felt it would be advisable to keep the Board functioning, if for no purpose other than to negotiate agreed charges with the railways.

Under these, the Island enjoys preferred freight rates to certain designated points in Canada. This is merely a stop-gap measure and the present Board will become non-existent at the end of the present potato season.

As things stand, it is felt that any moves as to new representation are up to the farmers themselves. The Federation of Agriculture at its annual meeting in January 10 passed a resolution urging that all organizations representing the potato industry surrender their charters and strive to organize under one head.

Further inquiry into this proposal was left to the Federation executive and it is understood that early attention to it is in prospect.

production in these fields than any other part of Canada.

In view of this showing, he expressed the feeling to Mr. Stewart that it would be wrong to expect Islanders to go to Moncton for hearings, as originally planned. He also stressed that Prince Edward Island, as a province, was entitled to a sitting here.

A telegram received yesterday from Mr. Stewart accepted the premier's viewpoint and announced that the Commission will hold a one-day hearing in the Island Capital.

Original plans of the Commission called for hearings in all provincial capitals except Charlottetown and Victoria B.C.

# Possession Of Stolen TV Draws Suspended Term

A Charlottetown man appearing in Queen's County Magistrate's Court, Friday afternoon, charged with the illegal possession of stolen goods, a television set, received a one-year suspended sentence and was ordered to enter into a recognizance of \$500 or 2 sureties of \$250 by Magistrate Gilbert A. Gaudet.

A resident of West Royalty charged with the unlawful possession of liquor in a place other than his residence was fined \$20 and costs or 30 days.

A fine of \$5 and costs was imposed upon a resident of Fredericton, for driving a motor vehicle with defective equipment.

## Furniture Made Uniform Height

TORONTO (CP)—The idea of making buffets, chests, dressers and other pieces of the same height has been introduced into a modern line of furniture soon to make its appearance across the country.

Designed by Jan Kuypers of Stratford, Ont., the new line may be grouped or interchanged in the designs, shown recently in the House of Ideas at a Toronto department store.

Mr. Kuypers' choice of wood is delicately-grained Canadian yellow birch. Finished in both a rich walnut tone and light sand

the line has a touch protective sealer but the final effect is soft, like delustrated satin.

Vastness was expressed by interior decorator Mel Moty whose use of blues and browns with splashes of red provides an interesting background.

The floating appearance sought by the designer was typified in the recreation room by a corner table with its stem-supported shelf. Book shelves at random add charm and are used in an alcove above a two-drawer desk which fits together with another related piece, a three-drawer chest.

Mr. Kuypers uses a long custom-built cabinet for a dual purpose. The cabinet, which holds television, radio and phonograph, is used in the recreation room but the surface serves as a buffet for the adjoining dining room.

A wall-length arrangement in the dining room shows the advantage of uniform height—the four-door buffet with its sloped and glass-fronted deck, the two-door buffet and a three-drawer chest making a compact unit.

Upholstering in the dining room and recreation room, is in a vivid blue-green.

Living room fabrics deepen to shadowy almost navy blue-green with splashes of tangerine color on the chairs. Shelves lamp tables and coffee tables have raised tray edges.

An easy chair reveals a unique construction feature—a rubber strapping which supports the seat is carried back beyond body contact point to give floating support.

In the master bedroom, cantilevered night tables which function at both sides show a functional design innovation. These are fastened to the bed head with detachable metal strapping. A row of three-drawer chests with a double-dresser lends itself to the over-all uniformity.

NOVEL ARRANGEMENT  
The dining table has an intricate arrangement for the extension operation whereby only the

### Captured By A Cause

Many years ago a young physician went to London and looked for a place to hang his shingle and begin his practice. He made friends with a ragged newsboy, and the boy invited him to see where he lived. The doctor was appalled at the conditions he found and his whole life was changed by that experience.

From that moment Dr. Barnardo belonged to the poor boys of England and today there are scores of "Barnardo" homes, giving impoverished boys a chance to make good... all because on a cold, rainy afternoon a young doctor's heart was captured by a great cause.

The founders of the great British and Foreign Bible Society were men whose hearts were also captured by a great cause—the desperate need of men for the Scriptures—and as a result the Word has been distributed in more than 1100 languages. Today our contributions are urgently needed—otherwise the Society must curtail its production.

On Prince Edward Island we also assist when we make a purchase at the Bible House in Charlottetown.

### my Cleaners

NOTEBOOK

To hear some clothing merchants talk these days, you'd think that the dry cleaning business was about to become as obsolete as the buggy whip industry.

There's plenty of talk about the new "wash and wear" fabrics that theoretically make dry cleaning unnecessary, even for such garments as men's suits.

Some dry cleaners in various parts of the continent were actually worried about their business declining as a result of the "wash and wear" fad. But that's all it has been—a fad; and it doesn't seem likely to me that it will be much more than a fad for a long, long time to come.

But don't misunderstand me. I'm not hinting that these "wash and wear" miracle fabrics aren't capable of being laundered at home and then worn without ironing. Most of them are very good.

But the novelty of tossing hubby's new suit into the washer every Monday soon wears off. Women these days have enough to do without taking on extra washday chores—even with clothes that wash easily and don't need ironing.

We've found by actual experience here at our plant that even the users of "wash and wear" garments still bring their clothes to us for dry cleaning. Why? Because for just a few cents they can get an expert cleaning and pressing job that is without a doubt far superior to any results they can get at home.

"Wash and wear" may do for a few "second best" things, but few people will compromise with quality for the sake of saving the few pennies they might otherwise pay to their dry cleaner.
