ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little shrewdly awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for their use, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. feb4 wot

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidates.

The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box. Ballot Act, Sec. 46.

No voter should make any mark on the ballot-paper save one cross on any part of the ballot-paper within the division containing the candidate's names for whom he intends to vote. If the voter writes his name or initials, or any marks, except the X he makes his ballot worthless.

A simple cross upon the ballot for your candidate will assist in electing them. Any other mark or writing will contribute to their defeat.

1. Poll opens at 9 o'clock a. m., and closes at five o'clock p. m.

2. Vote early.

3. See that your Liberal-Conservative neighbor votes early also.

4. If you have a sligh, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.

5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.

6. Poll every possible vote; the loss or gain of a single vote in each polling division may make all the difference between victory and defeat.

7. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.

8. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.

9. Electors can only vote at the polling division where their names are registered.

10. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.
