

COMMUNISTS AGREE TO PROCEED WITH ARMISTICE

U. K. To Stand Firm On Suez Canal Zone Policy

Unemployment Insurance To Be Extended On Aug. 3

Acting Foreign Secretary Briefed For Conference

Reds On Alert For New Rioting In Berlin

Savage Fighting On Korean Front

Final Arrangements Will Be Made Without South Korea's Participation

OTTAWA (CP)—Extended unemployment insurance coverage for Canadian workers will go into effect Aug. 3, it is learned. The enlarged benefits, covering persons who become incapacitated after losing their jobs, were authorized at the last session of Parliament, but proclamation of the measure was delayed while details of the plan were worked out. Officials said Tuesday unemployment insurance commission offices across the country now have been equipped with instructions for applying the legislation. It will be proclaimed July 18, to go into practical operation Aug. 3. At present, persons thrown out of work receive insurance benefits only so long as they are available to take on other jobs. If sickness or other disability bars them from calling personally for their insurance cheques, they do not collect.

LONDON (CP)—Britain will stand firm in Washington on her policy of holding the Suez Canal Zone pending a wider settlement with Egypt, government officials said Tuesday night. The word came out after the British cabinet met to brief acting Foreign Secretary Lord Salisbury for his talks Friday with U. S. State Secretary John Foster Dulles and French Foreign Minister Georges Bidault.

Kill Resolution Of Impeachment

WASHINGTON (AP)—The House of Representatives' Judiciary committee Tuesday killed a resolution of impeachment against Supreme Court Justice William O. Douglas. The resolution was introduced two weeks ago by Representative W. M. Wheeler, Dem. Ga. after Douglas had granted a stay of execution for atomic spies Julius and Ethel Rosenberg. Wheeler accused the justice of "high crimes and misdemeanors." The committee's action was forecast last week when it held hearings on Wheeler's resolution with the Georgia Congressman as the only witness. Several members told him then that he had not made out any case for removal of Douglas from the high court bench. Douglas' stay of execution for the Rosenbergs was short-lived. The full court was called into special session and set it aside. The Rosenbergs were executed June 19.

Berlin From Alert For New Rioting

BERLIN (AP)—The East German Communist police summoned all members to duty Tuesday night through "No. 1 alert" broadcast over the police radio network. The police mobilization came as the city boiled with reports of a new workers uprising against the Russian rulers of East Germany. Allied officials said they had been informed the Russians have sent tanks into downtown East Berlin to maintain order and have rushed in East German army units from Saxony. Persons crossing into West Berlin from the Soviet sector said workers on the Stalin Allee housing project, where the June 17 rebellion started, have threatened to march again today to demand release of all their comrades arrested in reprisal.

Maritime Police Chiefs Confer

NEW GLASGOW (CP)—More time and effort must be spent on "preventive" policing if the trend toward higher crime rates is to be reversed, Supt. J. H. T. Proutie, head of the RCMP criminal investigation branch in Halifax, said Tuesday. He told more than 50 police chiefs at a meeting of the Maritime Chief Constables Association here that stepped-up immigration, generous rates of pay and high living standards "have been instrumental in increasing police problems." The meeting decided to establish committees in each province to consider uniform police acts covering duties and conditions for all policemen. Many delegates said police were being used as tax collectors and assessors. Only 11 of the police departments represented have pension schemes, the chiefs were told. These were at Glace Bay, Truro, Halifax and Stewiacke, N.S.; Fredericton, Moncton, Saint John and Lancaster, N.B.; Charlottetown and Summerside, P. E. I.; and St. John's, Nfld.

Threaten Strike

Workers told Communist union officials they will strike again if their leaders are not released. They also declared they intend to march on Red Premier Otto Grotewohl's headquarters to publicize their demands. That is just how the June 17 uprising began. This information came to RIAS, the U. S. high commission German-language radio station which refrained from broadcasting it. The situation is so tense RIAS officials felt duty-bound to avoid inflaming hot-tempered East German workers. RIAS, instead, beamed a warning into East Berlin telling workers they should not risk their lives against insurmountable odds. Unconfirmed reports said workers have already clashed with Communist police on Alexander Platz in the heart of East Berlin and that Soviet tanks had restored order there. Earlier, a young East German leaped from a second-story window on the border into West Berlin, bringing with him an eye-witness account of how Russians used force to get so-called confessions that Western agents ignited the June revolt. The Russians maintained their martial law in the Soviet sector for the 20th day despite repeated demands from the Western Allies for resumption of normal inter-city conditions.

May Imports Set Record To Boost Foreign Trade Deficit

OTTAWA (CP)—Canada's May import total set an all-time monthly record and further boosted the country's foreign trade deficit this year, the Bureau of Statistics reported Tuesday. For the first five months of this year, imports outweighed exports by \$209,900,000. There was an export surplus of \$114,800,000 for the same period in 1952. Exports for the January-May period this year were valued at \$1,603,700,000 compared with \$1,740,900,000 for the first five months last year. At the same time imports rose from \$1,628,100,000 to \$1,812,000,000. May imports rose to \$422,200,000 compared with \$393,100,000 the previous month and \$366,000,000 in May, 1952. Previous monthly high was \$405,100,000 in May, 1951. Exports for May stood at \$388,000,000 compared with \$386,900,000 a year earlier. There was an import surplus of \$37,200,000 in May compared with a May, 1952, export surplus of \$1,000,000. Increased Buying From U. S. Major part of the increased buying in May was accounted for by higher imports from the United States — \$314,800,000 compared to \$282,900,000 in May a year ago. Exports to the U. S. increased from \$202,900,000 to \$224,200,000 leaving a deficit of \$80,600,000 compared to \$80,900,000 in May, 1952. Trade deficit with the U. S. for the first five months of this year was \$388,000,000 compared to \$294,800,000 for the comparable period in 1952. Exports increased from \$937,700,000 to \$991,500,000 but sales swept farther ahead, from \$1,222,500,000 to \$1,379,500,000. While Canada's trade gap with the U. S. Continued on page 5, Col. 1

Coming Events

- Rollo Bay Tea, Wednesday, July 22nd.
•••Dance in Millview hall every Friday.
•••St. Teresa's Tea Party, Wednesday, August 5th.
•••Reserve Tuesday, July 14th for Brae Parish Picnic.
•••Dance, Howe's Hall, Brackley Beach, Friday night.
•••Dance in Morell Rear Hall, Wednesday, July 8th.
•••Dance in Morell Rear Hall, Wednesday, July 8th.
•••Barn dance at Cliff Peters, Rollo Bay, Wednesday, July 8, 7:30-1:00.
•••Plenic, Immaculate Conception Church grounds, Wallington, Wednesday, July 8th.
•••Lower Montague Regatta, July 15th. Dancing to Burns' Orchestra.
•••All taxes due Martinvale School not paid by July 15th, will be handed in for collection. By order Trustees.
•••St. Peter's Bay United Church Chicken Supper, Legion Hall, July 8, starting 5 p.m.
•••Reserve July 21 for dance in Belfast Hall, sponsored by North Pinette W. I.
•••Store closed Wednesday afternoon until further notice. Ben Cousins, Rose Valley.
•••Ice Cream Festival, Luncheon, Games, Summerfield Church Grounds, July 13th, 7 P. M.

•••No change of date. The weekly Dance in Winsloe Station Hall, will be held on Wednesday night, July 8th—not Thursday as previously announced. Music by Doiron Bros. Orchestra, Canteen.

Committed To Supreme Court For Trial On Murder Charge

Ezra Arnold, charged with the murder of his father, Harris L. Arnold, on June 1st, was committed to trial during the July sitting of the Supreme Court which opens on July 14th, by stipendiary magistrate Joseph W. MacDonald at the concluding session of the preliminary hearing at Georgetown yesterday. Three witnesses were heard on Monday, and seven yesterday. Deputy Attorney General, J.O.C. Campbell of Charlottetown, and Mr. S. S. Hessian, Q.C. of Montague represented the crown, Mr. R. R. Bell, Q.C. of Charlottetown acted for the accused. Proceedings come to an unexpected and dramatic close following a verbal controversy between the Deputy Attorney General and counsel for the accused on the admissibility of a statement alleged to have been given by the accused to police officers at Souris. Mr. Bell argued that the statement was not admissible because it had not been conclusively shown by evidence of witnesses that the accused had been sufficiently warned prior to taking the statement, and moreover that the accused was in such a condition at the time, that he was in no shape to make a statement. Mr. Campbell argued the admissibility of the statement, saying that evidence had been presented of sufficient prior warning, and cited references to other cases where a statement was admitted in evidence. Shortly thereafter Mr. Campbell dramatically closed the case for the crown. (Continued on Page 8 col 2)

Gov't Candidate Elected In Man.

WINNIPEG (CP) — Effective strength of the Liberal-Progressive government of Premier D. L. Campbell of Manitoba was increased by one Tuesday night when a party standard-bearer won a close contest in a deferred election for rural Rupert's Land constituency. Roy Brown, well-known Canadian bush pilot and commercial flyer, captured the seat in a three-way battle with an Independent Liberal and an Independent candidate.

To Command 25th Field Ambulance

OTTAWA (CP)—Lt.-Col. R. A. Smillie, 36, of Victoria and Toronto, has been appointed commanding officer of the 25th Canadian Field Ambulance, R.C.A.M.C., at Valcartier, Que., army headquarters announced Tuesday. Recently returned from the Far East, where he commanded the 37th Canadian Field Ambulance, Lt.-Col. Smillie will take over his new appointment in August. He went overseas in 1943 and saw service in Italy and northwest Europe. In July, 1944, he was wounded while serving with the North Nova Scotia Highlanders.

Gov't To Boost Payments In Hog Cholera Deaths

OTTAWA (CP)—The federal government will seek legislation to authorize payment to farmers of the full commercial value of animals slaughtered because of hog cholera, the agricultural department announced Tuesday. The decision, reached by cabinet Monday, applies particularly to the recent cholera outbreak in Southern Ontario, but it is the government's intention to embody the plan in permanent legislation. Under existing law, maximum compensation is \$30 per animal for grades and \$50 for pure-breeds. About 2,800 hogs were slaughtered in Ontario recently. For lightweight animals, the full commercial value was paid, but the commercial value of heavier animals and pure-breeds was over the statutory limits. An official calculated the change will mean a total of around \$200,000 more for owners of slaughtered hogs. They are receiving some \$75,000 under the current law. The department said no new cases have been reported since June 29 in Ontario.

Swordfishing Boat Missing

HALIFAX (CP) — Fears for safety of the swordfishing boat Muriel Burke grew Tuesday, eight days after she left here for fishing grounds off the coast of Seale Island. The 32-foot Cape Island-type craft carried a crew of three including the skipper, Bert Grant of Halifax. She had no radio. RCAF search and rescue headquarters here organized a hunt for the vessel.

Forecasts Treatment To Prevent Cancer

LONDON (AP)—A leading British researcher says doctors may eventually be able to prevent cancer through chemical treatment alone. Addressing the annual meeting of the British Empire Cancer Campaign Tuesday, Professor Alexander Haddow, director of the Chester Beatty Research Institute, said "cancer prevention which some years ago seemed utterly beyond our hopes may yet prove to be within our ultimate powers." Much of present day cancer research was inspired by the increasingly confident belief that the effective control of the disease would ultimately be by chemical treatment alone. Haddow said researchers now are familiar with hundreds of chemical agents capable of inducing cancer and how they work.

Found Dead In Overturned Car

EDMUNDSTON, N. B. (CP)—Pinned under his overturned car in a ditch, Joseph Nadeau, 40, of Baker Lake, was found dead by a passing motorist early Tuesday in that village 14 miles from Edmundston. It is believed he fell asleep at the wheel. No inquest will be held. Nadeau was unmarried.

Germans May Open Plants At Granby

GRANBY, Que. (CP)—Mayor Horace Boivin told Granby municipal council Monday night six German industrialists have all but decided to open branch plants here. Two of them planned to come to Granby this week, or early next week, to carry out an on-the-spot survey before making final arrangements. Mayor Boivin, back from a one-month tour of Europe, said he found many business men interested in opening factories in Canada, and several of them were considering doing so in Granby.

Hunger Reported From Parts Of East Europe

By RICHARD ORRIGAN VIENNA (AP) — Widespread hunger in some areas of Communist East Europe was reported Tuesday as Czechoslovakia eased up on the whip to keep salient workers on the job. Reports reaching diplomatic sources in Vienna said food shortages are affecting millions in Hungary, Romania, Bulgaria, Czechoslovakia, Albania and Poland. Actual death from starvation was reported among some of the poor. In East Germany, the harvest was expected to be poor because many experienced farmers have fled to the West. The food crisis and smouldering unrest throughout Russia's satellite empire appeared to be the major reasons for conciliatory gestures by Communist governments. Czechoslovakia was the fifth satellite to grant concessions to its restless people. In a sudden switch of policy, radio Prague announced the government has revoked a decree making it a criminal offence for workers to remain away from their jobs four times without good reason.

N. S. Coal Miners Reject Contract

GLACE BAY, N. S. (CP) — Nova Scotia coal miners voted Tuesday against accepting a work contract that provides for no wage increase. In doing so they rejected the recommendation of their union executive. About 70 per cent of 10,000 eligible members of United Mine Workers (CCL) District 26 cast ballots in the referendum. The vote: For, 3,242; against, 3,856; a majority of 614 against the proposed contract. The result left negotiations with Dominion Steel and Coal Corporation up in the air.

Moose Stops Drew's Train

SOHREIBER, Ont. (CP) — A moose stopped the train carrying Progressive Conservative leader George Drew on his election tour Tuesday and paid for it with his life. The moose, standing on the track, was knocked down by the locomotive and carried along beneath the train 20 miles east of here. A steam pipe beneath one coach was broken and the train was delayed for an hour while the coach was taken off the track. Mr. Drew was travelling in a private car at the rear of the east-bound Canadian Pacific Railway train travelling from Fort William to Sudbury.

Queen Inspects Police Contingent

LONDON (Reuters)—The Queen at Buckingham Palace Tuesday inspected the contingent of Royal Canadian Mounted Police who came to Britain for her Coronation. She was accompanied by the Duke of Edinburgh.

Liberal Leader Wins Seat As B.C. Election Completed

VANCOUVER (CP)—In the last surprise of the 1953 election in British Columbia, Arthur Laing, new Liberal leader, captured a seat Tuesday from Social Credit. He defeated Education Minister Mrs. Tilly Rolston as the count was completed in the multi-seat riding of Vancouver-Point Grey. Earlier, attorney-general Robert Benner was re-elected in the riding. Laing's win gave the Liberals four seats in the 46-seat House. Mrs. Rolston was the second cabinet minister to be defeated. Finance Minister Einar Gunderson was toppled in Oak Bay riding. Social Credit will govern with a stout majority, the final result showing the party with 28 seats against 14 for the OCF. The Progressive Conservatives elected only one candidate and Labor one. Vancouver-Point Grey, as in the 1952 election, was the final riding to report. A year ago Mrs. Rolston, one of the most colorful members of the last House, won to break a 17-17 tie with OCF and give Social Credit 18 seats. Premier W. A. C. Bennett took office with 18 members against 17 for OCF and for seven months headed a minority government. Defeat came on an education costs bill introduced by Mrs. Rolston. Premier Bennett and Mrs. Rolston two years ago booted coalition ranks in the House and later joined the growing Social Credit party. It took 28 days, the same as last year, to complete the election count under the alternative voting system first used in B. C. in 1952. A three-week delay from election day is provided to permit re-

British Dentists Rebel Against Socialized Plan

By DONOVAN BESS BUXTON, Eng. (Reuters)—Britain's dentists have begun an open rebellion against the way socialized dentistry is being handled. The long-brewing revolt came to a head during the Tuesday session of the British Dental Association's convention here. The dentists' main complaint is that they aren't making enough money. They are not grumbling about the nationalization of dentistry, which the Labor government introduced in 1948 under the National Health Act. The main thing that bothers them is the revision of the plan which makes patients pay one pound toward treatment, and half the cost of dentures. This happened in 1951, still under the Labor government, and since then patients have been much fewer and dentists' incomes much lower. The association's president, Dr. Edgar Houghton, said Tuesday that the national dental plan has failed. He charged that the health ministry has ignored advice from "men of ability and high-mindedness" for "five wasted years." Still, Dr. Houghton said, it is "not too late to formulate a plan which will add to the prestige of our profession and be of lasting benefit to the whole population." In the years of all-free dental service, 1948, to 1951, Britons rushed by the millions to get their teeth fixed and dentists had bumper years. In 1951, the government paid an average yearly payment of 14,000 to each dentist, the dental association's public relations officer, Donald Cox, said. Then came two government cuts in dentists' fees, and patients were charged. This whittled the dentists' average income to £3,000, Cox said. After deduction of operating and other costs the average dentist only netted about £1,000 a year, he added. Cox said dentists were extremely discontented. In many areas, he claimed, there was serious talk of withdrawing the profession from the National Health Service Act.

Man Who Keeps A Joint Account With His Wife Finds It Out Of Joint Frequently

EDMUNDSTON, N. B. (CP)—Pinned under his overturned car in a ditch, Joseph Nadeau, 40, of Baker Lake, was found dead by a passing motorist early Tuesday in that village 14 miles from Edmundston. It is believed he fell asleep at the wheel. No inquest will be held. Nadeau was unmarried.

TORONTO (CP)—Minimum and maximum temperatures:

Table with 3 columns: Location, Min, Max. Rows include Victoria, Edmonton, Calgary, Regina, Winnipeg, Toronto, Ottawa, Montreal, Quebec, Saint John, Moncton, Halifax, Charlottetown, Sydney, Yarmouth, St. John's.

HALIFAX (CP)—The Weather Office here says the weather will be sunny and warm in the Maritimes Wednesday.

Regional forecasts: Prince Edward Island, eastern N. B. counties, lower St. John river valley: Sunny and warm; High winds today at Charlottetown 58 and 74, Moncton 56 and 78, Fredericton 54 and 78, Saint John 56 and 75. Upper St. John river valley, Bay of Chaleur: Clear in morning; variable cloudiness with widely-scattered showers in afternoon and evening. Little temperature change. Southwest winds 15. Low-high at Edmundston 52 and 75, Campbellton 55 and 75. Bay of Fundy: Light winds becoming southwest 15 in afternoon; extensive fog clearing during morning; visibility near zero improving to 10 miles; temperature in the upper 50s. High tide today at Charlottetown at 7:20 A. M. and 9:24 P. M. High tide today at Charlottetown 58 and 74, Moncton 56 and 78, Fredericton 54 and 78, Saint John 56 and 75. Upper St. John river valley, Bay of Chaleur: Clear in morning; variable cloudiness with widely-scattered showers in afternoon and evening. Little temperature change. Southwest winds 15. Low-high at Edmundston 52 and 75, Campbellton 55 and 75. Bay of Fundy: Light winds becoming southwest 15 in afternoon; extensive fog clearing during morning; visibility near zero improving to 10 miles; temperature in the upper 50s. High tide today at Charlottetown at 7:20 A. M. and 9:24 P. M. High tide today at Charlottetown 58 and 74, Moncton 56 and 78, Fredericton 54 and 78, Saint John 56 and 75. Upper St. John river valley, Bay of Chaleur: Clear in morning; variable cloudiness with widely-scattered showers in afternoon and evening. Little temperature change. Southwest winds 15. Low-high at Edmundston 52 and 75, Campbellton 55 and 75.
