

(Continued from first page.)

Educational, it was surprising to hear the members make such insinuations. The late Government expended about \$68,000 a year; the present Government have expended nearly \$100,000. Carried.

Local Exhibition Prince County... \$ 600.00
Local Exhibition King's County... 600.00
General Exhibition for the whole Province... 1,000.00
Dominion Exhibition... \$ 600.00

Mr. YEO was sorry the Government had not seen fit to increase the amount for Prince and King's Counties. The amount is just the same now as it has been for years.

Mr. McLEAN also thought the amount quite inadequate. People cannot and will not take exhibits long distances when the prizes are so small. He thought stockraisers should be encouraged. More of the farm stock should be sent to the outlying portions of the Province.

Mr. GORDON thought it a matter of regret that the Government are not able to expend more money upon exhibitions. They have, however, done a great deal for the encouragement of our agriculturists. The other day, on visiting the Stock Farm he was very much gratified indeed with the fine appearance of the stock upon the Government farm. He counted forty-nine splendid animals. Then, look what the Government have done to raise the character of our stock in the neighboring Provinces. At the Dominion Exhibitions in Montreal and Halifax, our cattle swept the ground. The Hon. member for Morell, a few evenings ago, said that the Government had appointed as Commissioners of the Exhibitions only men of their own party.

As to the truth of the charge, he was not aware. But he was prepared to say that a better set of Commissioners than those appointed for King's County never assembled in Georgetown; and in the selection of judges several of the Commissioners expressed themselves decidedly to the effect that no man should be appointed on account of party. This principle was followed, and the result was eminently satisfactory. Our exhibition was an excellent one.

Mr. HOOPER said he would not withdraw the statements he had made. In his district, those appointed were all from the Government side. He thought the more impartial the Board of Commissioners could be kept, the better. But he could not complain of the management of the exhibition.

Mr. SULLIVAN said there was no intention on the part of the Government to make opponents for party purposes.

Mr. BENTLEY was sorry the amount could not be larger. It is altogether too small. It affords no inducement to farmers who have valuable animals; but it was larger than in previous years, and the increase was quite material, showing that the Government desire to encourage exhibitions.

However, a great deal depends upon the Commissioners themselves and the people. In Prince County at least both parties were represented at the Board of Exhibition Commissioners.

Mr. FARQUHARSON wanted to know why we cannot have more money. The late Government could raise money. The Government have no right to say "they can't afford it," "it's a pity" etc. Let us, if necessary, double the grant, and spend it judiciously. A very liberal amount should be given to encourage agriculture, especially when the money goes back into the pockets of the people. The Government are starving every service in order that they may not be compelled to impose a tax.

Mr. McFADYEN thought King's County and Prince County should have at least a \$1,000 each. In King's County, he thought that every Commissioner was a supporter of the Government.

Mr. BLAKE said the Exhibitions in Prince and King's Counties were for these Counties only, while the Exhibition in Queen's County is open to the competition of the whole Island. As to the appointment of the stock, it was done by lottery, and each County received an equal allotment of animals. He contended that it would be much better for the whole Island to have one large general Exhibition of the products of the whole country. The stock and other productions, and the people, would thus be brought into the one centre.

Referring to the remarks of Mr. Farquharson he said that no government has given so much encouragement to agriculture as the present Government. Every stranger who visits the Stock Farm is struck with the fine appearance of the animals there.

Mr. J. R. McLEAN thought persons in Queen's County should not be permitted to compete at sales of the stock distributed in Prince and King's from the Stock Farm. He thought the breeding of blood horses should receive attention, and that more good blood horses should be brought into the country. He complimented Mr. Longworth on the selection of fine sheep and cattle he had made for the Stock Farm, while in Ontario last year.

Mr. GORDON said we scarcely do justice to our farming population. They have a spirit of emulation, and they come to the Exhibitions, not so much for the prizes, as to show that they can produce the best animals and make the best articles. This is the proper spirit to stimulate.

Mr. SPEAKER resumed the chair and progress was reported.

The Legislative Council announced by Message that they passed the following Bills without any amendment:

An Act to Incorporate the People's Cemetery Company, and "The Appeal in Equity Act, 1883."

After recess, House again went into Committee of Supply.

Mr. BEER said the resolution is a very important one. The Exhibitions are productive of a great deal of good. They ought to be encouraged. The amount voted should be much larger. The Commissioners complain that it is utterly impossible to keep within the Legislative grant. Our Exhibitions should be larger every year; and further accommodation should be provided. There should be covered sheds for the sheep, also for carriages. The number of Commissioners should be reduced. A much smaller number of competent men would do the work much better. Moreover, the appointments should be made earlier in the year, and the prize list made out and published in the winter.

Mr. SINCLAIR thought the Exhibitions very useful in a country, as they stimulate the people. When you look at the expense of the Stock Farm, the animals, with the exception of those imported, are no better than they should be. Neither was the hay crop up to the mark. He would like to

see a much better Durham Bull on the farm. The heifers are unquestionably above the common, and the sheep are very superior. But the horses are a poor lot. The change with reference to the stud horses he thought not objectionable. But the draft horses imported of late years are rather heavy and clumsy. We should be very particular not to have heavy "dead and alive" horses which will hardly get out of the way.

Mr. FERGUSON admitted that some of the stock on the farm were not all they should be. But on the whole they are very far superior to the best stock exhibited by the Agricultural Societies of the other Provinces. No breeder can expect that all well-bred stock will be prize-takers; but if the breed is unexceptionable, the good points will come out. The Durham Bull has taken prizes in Ontario and in the Dominion Exhibitions, and he is decidedly superior. The Commissioners have, however, not been very successful in the importation of Durham Bulls. The Ayrshires are the best for general purposes, best for cheese and butter, and still good for beef. As to the horses, he thought good Clydesdale and heavy cart horses that are not well up to 1800 lbs., and not large enough to get stock suitable for the horse trade of the country. The cities of Barrister are full of promise. The prices of service should be thought to be left to free competition and the private effort which is being put forth should not be discouraged. But it is different with respect to cattle. Private enterprise is not doing so much in the importation of importation breeds, and therefore the Government should take pains to import and distribute the best breeds of these animals. Carried.

Salary of Medical Superintendent of Hospital for Insane... \$ 1,000.00
Maintenance of Hospital for Insane... 16,000.00

Mr. SINCLAIR was a little surprised at the smallness of the amount. The report says that about \$18,000 will be required for the maintenance of the Institution. It is not wise to make the amount provided too low.

Mr. SULLIVAN said last year the sum expended was \$17,961 and several things were provided which will not be required this year.

Mr. BEER quoted the report of the Commissioners of the Hospital to the effect that \$18,000 would be required, and asked: How can the Government reconcile this with the resolution before the House?

Mr. SULLIVAN explained that the report was made up to the 31st January last. At that time the trustees had not the experience of the present year to guide them. From the results of the past four months, the trustees have to come to the conclusion that about \$1,600 will be sufficient.

Mr. BEER said the explanations was not satisfactory.

Mr. FERGUSON said there was no immediate need for a cottage for the Superintendent. Last year there were heavy expenditures for bedding, etc., which need not be repeated this year.

Mr. FARQUHARSON said that judging by the expenditures of previous years, \$18,000 would be required. Carried.

Consolidation of the laws, a sum sufficient. Expenses of Legislation... \$12,500

Mr. J. McLEAN said the laws should, before this, have been consolidated, and the cost should be definitely stated. He thought the whole Legislature should be reduced a half, and the Executive Council reduced to five. He was surprised that the cost of Legislation should be set down at \$12,500. The Government promised to reduce the Legislature. Where is their promised Bill? No doubt we are expending too much money on Legislation. A saving of \$6,500 a year under this head would be appreciated by the people.

Mr. FERGUSON said the action of the Opposition party necessitated the amount of the item for Legislation.

Mr. BEER contended that the Bill should have been brought down, and said that he would vote for the abolition of the Legislative Council, provided it was such an one as commended itself to his mind.

Mr. MARTIN also thought the Government should have brought in a measure reducing the Legislature—just to show that they are sincere. The laws should be revised and consolidated at any cost. The work would require an expenditure of \$3,000 or \$4,000.

Mr. FARQUHARSON said that something more should be done than merely voting a sum sufficient for the consolidation of the laws, and that the Government should take action with respect to the Legislative Council.

Mr. McFADYEN believed that a dozen or fifteen members would do the business of this House just as well as thirty.

Mr. BENTLEY said that the average cost of Legislation up to the time the present Government came into power was \$18,000, and the Government have effected a saving of nearly \$6,000 a year.

Mr. SINCLAIR thought there should be some explanation of the supposed cost of consolidating the laws, and that the cost of Legislation should not be so high as it is even now.

Mr. YEO would like to know what the consolidation of the laws would cost. If the work be necessary, why was it not done last year? A sum sufficient was last year granted by the last Legislature.

Mr. McLEOD said the Opposition were informed last year, as nearly as possible, the probable cost of the work. To estimate precisely what it would cost, is very difficult. It will, probably, be about \$3,000. But competent men must be employed, and a great deal will depend upon what they can be retained for.

Mr. J. R. McLEAN said it was very difficult to understand the law as it is.

Mr. BLAKE said the cost of legislation is too great; and it is to be regretted that the efforts of the Government to reduce it have been thwarted. If the Opposition were really the friends of the country they would unite with the Government in passing a measure reducing the Legislature a half.

Mr. HOOPER said that the Government had had a majority in the Legislative Council; and still the measure was not passed. To tempt the Opposition with the loss of the measure is therefore wrong.

Mr. BEER suggested that there should be a session of the Legislature but once in two years.

Mr. FARQUHARSON thought the Government could not be trusted so long. Carried.

Salary of Legislative Librarian... \$30.00
Salary of Assis. Legislative Librarian... 200.00
Purchase of Books, Legislative Library... 100.00

Mr. MARTIN said the Library is in a very bad condition. Many of the series of books

are minus one or more numbers. He hoped steps would be taken to put the books in proper shape.

Mr. SINCLAIR complained that even the laws of the Province could not be found in the Library. The Committee should look after the Library. It is, at present, a disgrace to the Province. He thought the salary of the Librarian should be should be somewhat larger.

Mr. FERGUSON regretted that many of the books are still missing, though the Government have, since they came into power, taken care to recover as many as possible.

Mr. FARQUHARSON thought it would be well to add a little to the salary of the Assistant Librarian.

Mr. J. R. McLEAN thought \$100, or at least \$50, should be added to the Assistant Librarian's salary.

Mr. BEER said the Assistant Librarian is a careful and efficient officer, and he would like to see his salary raised. Carried.

Salary of Private Secretary to Lieutenant Governor... \$25.00
Salary of Governor... 200.00
Printing and Stationery... 25.00

Mr. BEER could not see why the salary of the Private Secretary and other officials of the Lieutenant Governor should be paid by the Province. The Lieutenant Governor is a Dominion official. He moved an amendment that the amount be struck out and applied to Exhibitions.

Mr. SULLIVAN said that in all the other Provinces the Private Secretary is paid by the Local Government. If the Legislature seriously contemplated withholding this grant, it would be better to wait until there was a new incumbent of the office of Lieutenant-Governor.

Amendment lost.

Mr. SINCLAIR was opposed to the grant on principle. But thought it would be well to defer withholding it until another Lieutenant-Governor were appointed.

Mr. SULLIVAN said the Lieutenant-Governor had a great deal of correspondence relating to the public affairs of the Province, and required a Private Secretary. Carried.

Deaf and Dumb Institute, Halifax... \$300.00
Institute for the Blind, Halifax... 200.00
Fire Department, Charlottetown... 650.00
Fire Department, Summerside... 150.00
Fire Department, Alberton... 100.00
Keeper Georgetown Market House... 16.22
Mrs. Mary Whelan... 300.00
Expenses, Delegation to Ottawa... 854.50
Unforeseen... 1000.00

Mr. J. R. McLEAN said he hoped that a grant would have been given for a fire engine at Souris.

Mr. FARQUHARSON thought provision should be made for Inspectors to carry out the Scott Act.

Mr. McFADYEN thought the amount in aid of the Deaf and Dumb Institute too small.

Mr. BENTLEY regretted very much that the Government have not seen their way clear to retain the License Inspectors. He was not aware that the Government had received petitions asking for the dismissal of the Inspectors; and in this matter he thought the Government had done wrong. The people want the Act carried out. The Act has done a great deal of good. The importation of liquor was lessened in one year 1878 and 1879 to the amount of \$50,000. Here is a means of keeping the money on the Island and doing good in many ways. The Scott Act should be maintained. The amount required as payment to the Inspectors is very small.

Mr. McFADYEN said: Now we have no law at all. A stringent license law would be far better. At any rate the Inspectors should not have been dismissed. He would like to see them re-appointed.

Mr. HOOPER—There is no use having a law when it is not put into operation.

Mr. GORDON said the Canada Temperance Act made full provision for its own working. Magistrates in this Province are—"Thick as autumn leaves in Vallambrosa." And it is the duty of the Magistrates to enforce the Act. The Law is a Dominion Law and the Local Legislature has nothing to do with making provision for its administration.

Mr. FARQUHARSON said: Nine-tenths of the people are in favor of having the Act enforced, and the Government should grant at least a thousand dollars for that purpose. Carried.

Public Postage... \$400.00
Carried.

Mr. SPEAKER resumed the Chair, and progress was reported.

House adjourned at 12.30 o'clock. C.

FROST & WOOD
Agricultural Implement
AGENCY.

JUST RECEIVED, per "Northern Light," at the above,

25 Iron Frame Cultivators.

On hand No. 5 and No. 8 PLOWS and PLOW EXTRAS. Daily expected, a further supply of our popular and unequalled

No. 8 PLOWS.

Farmers are cautioned against purchasing a so-called No. 8 Plow (as the genuine Frost & Wood Plow) from any other Establishment in the City than the above; as the undersigned is the Sole Agent for them here.

JOB PRINTING of every description executed with Neatness and Despatch at the EXAMINER JOB PRINTING ROOMS, near Water and Great George Streets

GAS COOKING STOVES.

WE have made arrangements with the best makers of Gas Stoves in the United States, which we will be able to supply the public, at the lowest possible price.

We have also agreed with the Gas Company (for the purpose of introducing these Stoves), to sell the first fifteen (15) for which we may receive orders,

At their Net Cost, LANDED HERE.

TESTIMONIALS.

The following are a few testimonials from a list of several hundred:—

The capacity of the Stove is surprising. With a No. 8 Stove we cooked for a party of seven, giving them broiled oysters, steak, lamb chops, and baked biscuit, in 45 minutes, at a cost for gas of 4 1/2 cents. On another occasion we gave a dinner in courses of twenty men, the bill of fare as follows: Broiled steak, beef steak, roast quarter of lamb, baked biscuit and coffee; heating the water for washing the dishes four times, re-setting the table three times. All was accomplished in one hour and forty minutes, at an expense for gas of eleven cents. This work was all done on one No. 8 Stove. All were enthusiastic over the manner in which the oysters, fish and meats were cooked; none had experienced any so tender, juicy, and of such full flavor before. We consider the stove a great success, and most complete in all its parts and arrangements. A. C. WOOD, Supt.

I bought one of your No. 12 Gas Cooking Stoves last September, for use in my restaurant, and have used it ever since for baking, broiling and stewing.

I can say for it that it is always ready and does its work rapidly; that there is no dust, no dirt, no surplus heat, as we are using only that portion that we need, and as soon as the article is cooked the gas is extinguished and there is no waste. I think it will do the same amount of work at less cost than coal, even at the high price of gas. It takes much less room than a coal range that would do the same work. I am perfectly satisfied with it and would not be without one for double the price. J. T. HARKER.

The Gas Stove you sent me, I am glad to say has proved an entire success.

If my testimony is of any value to you, as you are at liberty to use it. The decrease in the coal bill more than offsets the increase in the gas bill. The cooking is excellent and uniform in its operation. No dirt or dust irritates the careful housewife, and Mrs. S. describes it as a "real treasure."

In my humble opinion, any man who really wants to add to the number of allotted days of his better-half, had better invest in a Gas Stove and save her worry, and himself expense. W. H. SEYMOUR.

We are perfectly delighted with our Gas Stove. It gives entire satisfaction in every respect. MRS. M. PENNINGTON, 2103 Vine St.

Your favor of the 1st inst. was duly received and my opinion of the Gas Cooking Stove bought last May, and in reply, would state that the satisfaction rendered by the stove was far beyond my expectations, and the work it will accomplish is marvelous, together with the small expense and comfort attending the same. EDWIN A. GARRETT.

Having used one of your No. 7 Gas Cooking Stoves for a considerable time past, it is with pleasure that I bear testimony to its genuine merits. It boils, bakes, broils, roasts, and in fact, does everything that a first class stove or range can do, and with a saving of time and labor, that can only be appreciated by those who use them.

It has given us the most entire satisfaction, and to use my wife's words, "I would not be without it for ten times the cost." From statements of our gas meter taken, we find it more economical than coal. MARGER E. GIBSON, 4029 Fowellton Ave. DODD & ROGERS.

THE STARR KIDNEY PAD.

Indubitable Evidence.

(Condensed) From Doctors, Druggists, Merchants, & Patients.

Some of the additional notice prominently received since publication of last pamphlet, GIVING ENTIRE SATISFACTION.

Pictou, April 18th. Gentlemen,—I find that your Starr Kidney Pad is doing me good, and with your kind sales for so valuable a remedy for disease of the kidneys. J. B. HODGINS, M.D.

OF SERVICE TO PATIENTS. Ladies Lake, April 18th. Gentlemen,—Your Pad has been of great service to some of my patients already. J. S. MALDEN, M.D.

BRIGHT'S DISEASE CONQUERED. Enterprise, April 18th. Gentlemen,—Five years ago I had a severe attack of grain, which caused weakness in my back, and also brought on an attack of Bright's disease, and which caused me to be confined in my bed. After wearing your Starr Kidney Pad six weeks, I gained 13 pounds, my pain and weakness has all left me. I have been yet in the doctor's hands, and not been for my using your Starr Kidney Pad. Signed, W. F. WOOD, M.D.

THE ONLY PERMANENT CURE. Tamworth, April 18th. Gentlemen,—I was troubled with pain in my back, and could not retain my urine, and from painful inflammation of the bladder. I have been treated by a doctor, but to no purpose, but have now your Starr Kidney Pad six weeks. The pain, swelling and inflammation are gone, and I can now use my back as usual. Your Pad is the only cure for kidney disease. J. A. FRASER, Chief of Wood's Works.

ALL PRAISE THEM ENOUGH. Tamworth, April 18th. Gentlemen,—An accident 12 years ago, wrenched my back. I could hardly walk, never lifted anything. The Starr Kidney Pad from Mr. Jas. Aspinwall has done me as much good as I ever was. I know of no other being used, and all praise them highly. J. S. SCAMM.

Enterprise, April 18th. Gentlemen,—Your Pad is helping me as readily. My complaint is inflammation of the kidneys. J. S. MALDEN, M.D.

Prices—Child's Pad, \$1.50. Regular \$2.00. Special Pad for Chronic Disease \$3.00.
