

LOCAL AND OTHER ITEMS.

THE WEATHER—Gales gradually shifting to westerly, unsettled and rainy, then colder with light local snow showers or flurries.

FOR A NEW CHURCH.—Rev. F. H. Wright has been successful in raising over two thousand dollars from Halifax Methodists to aid in the erection of a new church at Windsor.—Halifax Herald.

A SMART OLD LADY.—Bisford, Westmorland Co., possesses a smart old lady in the person of Mrs. O'Brien, aged 79, who recently wove 68 yards of twilled flannel in four days, besides doing her usual household work.

THE CHANGE IS COMING.—A Yarmouth paper says the province has experienced a sudden change of government. Our contemporary is just a little ahead of time. We have not experienced a change yet, but we hope to very soon.—Sackville Post.

THERE'S A WARNING IN THIS.—A New York man named Edward MacKin, thirty years of age, died in that city on Monday from internal injuries caused by a woman weighing 200 lb., falling on him while he was dancing with her. The accident occurred a week ago, while MacKin was attending a ball.

BRIG LAUNCHED.—A new brig owned by Jas. E. McDonald Esq. M. L. A. and Capt. A. Nielson was launched on Tuesday evening at Cardigan Bridge. As she was sliding into the water she was christened the Stella by Mrs. Nielson. She is to sail about the 10th December for St. John's Nfld. with a general cargo.

FATAL ACCIDENT.—There was a fatal accident at Dewar's Mills, New Glasgow, N. S., on Tuesday evening last. Murdock Hattie and two others were at work on the walls of the factory, and Hattie lost his balance, falling a distance of 30 feet into the mill race, and was carried by the stream a short distance. He lived only a few hours.

A FLOAT AGAIN.—The barge Rembrandt, with 1300 tons of coal from Chatham N. B. was towed into Summerside harbor for shelter on Wednesday, but during the storm of that day she dragged her anchors and grounded on the south bar. An unsuccessful attempt was made to float her yesterday. To day another attempt was made after relieving her of some of her cargo and she was successfully floated. We have not heard that she was damaged to any extent.

COAL IN BELGIUM.—The Belgians are preparing to celebrate the seventh centenary of the discovery of coal. The first coal fire was kindled by a blacksmith of Liege, named Hulloz, in his smithy in 1197. The discoverer is buried in the church of Ladinsart, in the Pas-de-Calais, and the inscription on his tombstone testifies that he sunk the first coal pit at Anzin. The French word "houille" coal is supposed to be derived from the name of this blacksmith of Liege.

TURNING SILVER INTO GOLD.—Extraordinary assertions continue to be made as to the ability of Dr. Emmens to transform silver into gold by means of mechanical treatment. A London paper says that Dr. Emmens's results have been verified by well known English chemists, and about three weeks ago M. Tiffereau, the famous French chemist, endorsed the conclusion. Dr. Emmens is now preparing a machine for subjecting silver to a pressure of 8,000 tons per square inch, and hopes to produce 50,000 ounces of gold per month. He is also experimenting as to the transmutation of other metals into one another.

CHURCH REOPENING.—The Church of All Saints, Cardigan Bridge, will be reopened to public worship by His Lordship the Bishop of Charlottetown, on Wednesday, Dec. 8th. The church has been enlarged and entirely remodeled and when finished will be one of the finest sacred edifices in the Province. The dedication sermon will be preached by Rev. R. B. Macdonald, of Rustco, whose fame as a pulpit orator is co-extensive with the North American Continent. A collection in aid of the church funds will be taken up on the occasion.

SOURIS ITEMS.—Mr. Joseph McCormack, of Souris River, while coming down a ladder in his barn yesterday, fell with a hay fork, which entered his side. He is in a critical condition, but hopes are entertained of his recovery.

The SS Fastnet, left here today for Charlottetown, but had to turn back on account of the heavy weather.

Dr. Delaney, of the Magdalen Islands passed through here yesterday on his way to Quebec.

J. B. Bushby, Halifax; J. J. Lawson, H. B. Potter, Montreal, N. Rattenbury, Jos. Ewen, Ch'town, Geo. A. Bluett, Toronto, are registered at the Sea View Hotel.

LEFT THE PROVINCE.—William E. Barron, the saloon keeper against whom a charge of perjury was preferred some days ago, left the province yesterday. The charge against Barron is to be further enquired into before Police Magistrate Hazard tomorrow. But William E. will probably not be forthcoming when his name is called, for he crossed over to Point Du Chene yesterday, and "never came back." Barron boarded the train at Bradalbane. He did not look as if he was worrying very much over the trouble he had got into and ate a hearty dinner on the Northumberland. Barron was released from custody in \$1000 bail, himself in \$500 and his father, William Barron, and his step-father-in-law, Enoch Carmody, each in \$250.

SUPREME COURT.

Ryan vs. Ryan and another.—Application to set aside a judgment by default. Argument concluded and judgment reserved until Monday next. H. J. Palmer, for plaintiff. Stewart, Q. C. for defendant. Court adjourned until Monday next at 11 a. m.

Pure blood is absolutely necessary for perfect health. Hood's Sarsaparilla is the one true blood purifier and great health giver.

MESSAGE TO MEN

Proving that True Honesty and True Philanthropy still Exist

If any man who is weak, nervous and debilitated, or who is suffering from any of the various troubles resulting from youthful folly, excesses or overwork, will take heart and write to me, I will send him confidentially and free of charge the plan pursued by which I was completely restored to perfect health and manhood, after years of suffering from Nervous Debility, loss of Vigor and Organic Weakness.

I have nothing to sell, and therefore want no money, but as I know through my own experience how to sympathize with such sufferers, I am glad to be able to assist any fellow-beings to a cure. I am well aware of the prevalence of quackery, for I myself was deceived and imposed upon until I nearly lost faith in mankind but I rejoice to say that I am now perfectly well and happy once more and am desirous therefore to make this certain means of cure known to all. If you will write to me you can rely upon being cured and the proud satisfaction of having been of great service to one in need will be sufficient reward for my trouble. Absolute secrecy assured. Send 5c silver to cover postage and address Mr. G. Strong, North Rock and, Mich 135 p&w.

The theory that the railway bed at Garrison the scene of the fatal wreck on the New York Central railway, was destroyed by dynamite has been abandoned, and it is now believed that the disaster was due to a washout.

Now Comes The Rubber Time Of Year.

However much you and ourselves would like to have it, otherwise, the fact remains that with the coming of November the humble rubber assumes a paramount position, it now becomes a question of rubbers, or six months of wet feet, colds, Doctors and a thousand other ills.

Our rubbers are the best, and made on new lasts to suit the '97 shoes, they fit "like the paper on the wall"
