The Children

A Mortifying Mistake.

I studied my tables over and over, and backward and forward too, But I couldn't remember six times nine, and I didn't know what to do Till sister told me to play with my doll and not to bother my head. "If you call her 'fifty-four' for a while, you'll learn it by heart," she said.

So I took my favourite Mary Ann (though I thought was a dreadful shame To give such a perfectly lovely child such a perfectly horrid name), And I called her my dear little "Fifty four" a hundred times till I knew The answer of six times nine as well as the answer of two times two.

Next day Elizabeth Wigglesworth, who always acts so proud, Said, "Six times nine is fifty two," and I nearly laughed aloud! But I wished I hadn't when teacher said "Now Dorothy tell if you can," For I thought of my doll and sakes alive!—I answered: "Mary Ann!" —St. Nicholas.

Famous Dolls.

Good "Queen Bess," famed for her devotion to fine apparel, was also, if history speaks truly, especially fond of dolls. When Elizabeth was a little girl she had what would have been considered a remarkable collection even to day. One of these was a very curious specimen of the bark of trees, so artistically pieced together that only a close inspection revealed the fact that the whole was not carved out of one solid piece of mahogany. This doll, which was reputed to have been in existence more than two centuries previous to coming into the young queen's nursery, was clothed in such a variety of beautiful garments that her juvenile majesty always had

"She Carries Her Heart on Her Sleeve"

What a boon to many a man or woman if this were literally so—How many spirits are broken because this particular organ is shackled by disease—and yet how many times has Dr. Agnew's Cure for the Heart brushed against the grim reaper and robbed him of his victim.

Diseases of the heart are by far the most treacherous of ailments which afflict humanity—ruthless to old and young alike—not insidious but violent, for when the heart fails the whole system suffers violence. Discussing causes here will not console the suffering one. The one great yearning of the heart-sickened patient is how to get relief and a cure. Dr. Agnew's Cure for the Heart stands pre-eminently to-day as the star of hope to sufferers from heart trouble, and so far past the experimental period that thousands to-day proclaim, in no uncertain sound, the belief that were it not for this great remedy they would have long ago passed into the great beyond.

Most eminent doctors, whom heart cases have baffled, have tested Dr. Agnew's claims, and to-day they prescribe it in their practice as the quickest and safest heart remedy known to medical science. What are the symptoms? Palpitation, fluttering, shortness of breath, weak and irregular pulse, swelling of feet and ankles, pain in the left side, chilly sensations, fainting spells, uneasiness in sleeping, dropsical tendency and as many more indications that the heart is deranged. Dr. Agnew's Cure for the Heart is a heart specific; and no case too acute to find relief from it inside of thirty minutes—a powerful cure.

Mrs. JNO. FITZPATRICK, of Gananoque, Ont., after having been treated by eminent physicians for heart disease of five years' standing, was discharged from the hospital as a hopeless incurable. She suffered from acute pain and palpitation, her feet and ankles swollen, and there was every tendency to the dropsical form of heart disease, but the lady procured Dr. Agnew's Cure for the Heart as she declared, as a last hope. One dose relieved her of a very acute spasm in less than thirty minutes, and three bottles cured her—not a symptom of the trouble remaining.

CONDUCTOR WILLIAM G. LUCAS, of the N. & W.R.R., and living at Hagarstown, Md., suffered for years with acute valvular form of heart disease—cost him many a "lay off" from his daily duties on the road, and he spent a small fortune in remedies and treating with heart specialists in promise of a cure, and all ended in disappointment, until a good friend, who had been benefited, recommended Dr. Agnew's Cure for the Heart. He tried it, and found it gave him relief and comfort almost immediately. He continued its use until a few bottles were taken, and to-day he's well and strong, and says, "Tell all heart sufferers that I can highly recommend this great remedy."

the assistance of a maid to dress and undress her favorite plaything. Another strange doll with which the queen's childhood was associated, was one from Spain. It was almost life size, and dressed in clothes said to have been made by the highest ladies of the land, although as the author of "Things Quaint and Curious," remarks "the stitching of the various garments was not above reproach, a blemish, however which was fully recompensed by the magnificence of the cloth used." A wonderful doll was that possessed by the Duchess of Kenloch, who lived prior to the Reformation. This doll was made of the wood of the fir tree, and so ingeniously constructed that by the mere pressing of either of its eyes it would open its mouth, "yawn, laugh and make an expression as if in pain." —McCall's Magazine.

According to a Toronto despatch Premier Laurier has notified Mr. Spence of the Dominion Alliance that the vote in favor of prohibition did not represent such a proportion of the electorate as would justify the introduction by the government of a prohibitory law. The government decision is, it is unnecessary to say, unsatisfactory and displeasing to the friends of prohibition.
