Pensions, Loans Success Is Hope

By JAMES NELSON

OTTAWA (CP)—The government is confident of success in next week's federal-provincial conference on pensions and municipal loans, even if all 10 provincial premiers do not attend personally.

It bases its confidence, apparently, on the initial reaction to Prime Minister Pearson's proposal last week to meet head on Premier Lesage's demands on behalf of Quebec Autonomy.

Mr. Lesage, who fears invasion of provincial rights in establishment of a federal government $400,000,000 fund for loans to municipalities, will be among those attending.

Some other provinces, however, may decide to send their finance and welfare ministers for the talks scheduled for Friday, July 26 and the following day. This will be "quite all right" with the federal government, a government informant said.

DISCUSS BOARD

The premiers of the four Atlantic provinces have been invited—at their suggestion—to a preliminary meeting a week from today to discuss operation of the Atlantic Development Board and its projected $200,000,000 fund.

The meeting was proposed after Premier Lesage said that if prior consultation with the provinces was not held on municipal loans, the government would be breaking one of its election promises.

The government believes its municipal loan fund legislation observes provincial seniority over municipal government by stipulating that federal loans will be made only for projects approved by the provincial government concerned. Constitutionally, municipal governments are created by provincial governments and have no direct responsibility to the federal government.

Prime Minister Pearson has said the government hopes to have the loan fund passed by Parliament after next week's meeting with the premiers and before Parliament recesses, probably the following week, for the summer.

No rain has ever been recorded at Calama in Chile's Atacama Desert.

BRISTOL

Mrs. Ethel Miller, Hartford, Conn., has arrived on the Island to spend some time with her mother, Mrs. Effie McEwen, in Charlottetown and her brother Clifford S. McEwen, and Mrs. McEwen, at the old homestead here. Mrs. Miller, was the former Ethel MacEwen, and several of her old classmates who attended the old Harbour school are still around to greet her. Also some of the teachers, Mrs. Gordon Hooper formerly Mamie McKinnon and Mrs. J. J. Dwan, who was Clara Ryan, are also on hand to welcome Mrs. Miller back after a long absence.

Henry Trainor, has entered the Charlottetown Hospital to undergo further treatment.

The older class here learned with regret last week of the sudden passing in Boston of Peter Flynn, formerly from Milburn, in this vicinity. He married Mary Ellen DeCoursey and they left here many years ago to reside in Boston, where Mr. Flynn was a window display man and retired now for some years. His burial took place in Boston, where his family reside.

That old veteran of the seaways Vincent McGrath at 99 says he is going to have a day or two at the fishing this summer, as he feels in top shape now after a period of illness.

Mrs. James Arnold and daughter were in Charlottetown Friday, also Mr. and Mrs. James Kennefic, and daughter, and John Roach.

The "Across the Island" Editor for this paper, who has been around this district a couple of times, is coming again this summer for another look at some of the old battle grounds where the French made a stand at Stokley Farms, at St. Peters Harbour. He says he wants to see where that much talked of old church bell was found by the late John Barry, a century ago.

Looking at the price of lobsters this season, they are too expensive for many peop.e to pay some 90 cents per pound. Joseph Francis, recalls the time lobsters were one cent each, regardless of size, or $1. for a hundred lobsters. Compare this with a city market who asked this scribe $4.40 last week for one large lobster. Quite a difference, $4.39 on one lobster.

Bernard MacDonald, is building a new residence at Red Head Shore, where he plans to reside in future.

CRITICIZES INDIA

HONG KONG (Reuters)—The Chinese Communist party newspaper The People's Daily accused India Tuesday of joining "all sorts of monsters and freaks" in world-wide attacks on China. The article, reported by the New China News Agency, said India was trying to use Sino-Soviet ideological differences to its ow advantage.

Montreal: Market continued to decline; light trading.

CURRENCIES

MONTREAL (CP) — The United States dollar in terms of Canadian funds was down 1-32 at $1.07 29-32. Pound sterling was down 1-16 at $3.02¼.

NEW YORK

NEW YORK (AP)—The stock market took a medium-sharp loss Wednesday in livelier trading—erasing an early gain when news came that the Securities and Exchange Commission made a more critical report than expected.

In early dealings, brokers said the market was "acting well" in the wake of news that the Federal Reserve Board had raised the discount rate to 3½ per cent from 3 per cent.

The industrial segment of the list paced a small rally in early dealings while rails and utilities lagged. The amount of the increase in the discount rate had been widely predicted. Only the timing was a surprise.

The SEC report was another matter. The timing was well anticipated. The drastic overhaul of trading procedures recommended by the commission was not.

Shortly after the news hit Wall Street there was a wave of selling which quickly erased the early gain. But stocks later rallied above their lows and the over-all decline was routine.

The Dow Jones industrial average declined 2.40 to 699.72—a slight penetration of the vaunted 700 "support level"—but not a big break-through on heavy volume.

Turnover for the day swelled to 3,950,000 shares from Tuesday's 2,990,000.

Among the losing groups were steels, rails, airlines, drugs, chemicals and electronics. Oils and aerospace issues were mixed.

The Associated Press average of 60 stocks dropped .9 to 268.1.

Among Canadian issues, aluminium Ltd. dropped ¼, Distillers Seagrams and Dome Mines ½ and Walker Gooderham & ... Hudson's Bay Mining was up ½.

Prices were mixed on the American Exchange. Molybdenite lost 7-16. Fargo Oil was up 1-16 and Scurry Rainbow Oil ¼. Brazilian Traction was unchanged.

TORONTO

TORONTO (CP) — Prices rolled downhill all day with moderately light trading on the stock market Wednesday.

Stocks generally felt a downward pull from Wall Street following a recommendation for the overhauling of trading op-
