Toronto: Market mixed to higher; trading moderate.

New York: Market higher; trading slow.

Montreal: Market narrowly mixed; trading slow.

CURRENCY

MONTREAL (CP)—The U.S. dollar closed at a premium of 7 19-32 per cent in terms of Canadian funds, unchanged from Friday's close. Pound sterling closed at $3.01½, unchanged.

NEW YORK

NEW YORK (AP)—After a succession of gloomy Mondays, the stock market mustered strength for a respectable advance Monday.

Trading remained pretty slow but the volume of 2,640,000 shares was an improvement over Friday's Columbus Day turnover of 2,020,000.

The Dow Jones industrial average moved up 3.22 to 589.69.

Brokers attributed the improvement to an assortment of good corporate news and also to technical considerations. They noted that short selling has been increasing and that the monthly report of the "short interest" on the New York Stock Exchange is due Thursday. It's generally expected this will be much larger than a month ago.

The Associated Press average of 60 stocks advanced 1.0 to 219.5

Distillers Seagrams finished ⅝ higher among Canadian stocks. Hudson Bay Mining and International Nickel were up ½ Aluminium Ltd. and Dome Mines were up ⅜. McIntyre Porcupine and Walker-Gooderham fell ¼.

Prices on the American Stock Exchange were irregularly lower, with fractional losses shown by Giant Yellowknife, Scurry Rainbow Oil and Preston Mines. Fargo Oil advanced ⅛.

MONTREAL

MONTREAL (CP) — Banks showed the most impressive gains Monday on the Montreal and Canadian exchanges. Other stocks made fractional gains. Trading was slow.

Central-Del Rio, a spectacular spurter last week in western oils, Monday morning hit a three-year high when the stock reached $9.70. However, at closing it had fallen back for a net gain of 15 cents to $9.55. Canadian Husky rose ⅛ to 7⅜.

Among banks, Bank of Montreal rose 1¼ to 56¼, Imperial Bank of Commerce 1¼ to 56½, Toronto Dominion ½ to 56 and the Royal Bank ⅞ to 70⅜.

Utilities also showed gains. B.C. Power rose ⅜ to 18⅜ and Shawinigan was up ⅜ to 25. Power Corp. rose 5¼ to 75¼, amid hints of a dividend increase and stock split.

In papers, Consolidated Paper at 35⅞ and Price at 37⅜ each rose ⅜. Abitibi fell ¼ to 40½

Among other gainers, Dominion Bridge rose ⅛ to 17¾ amid takeover rumors, Industrial Acceptance ⅝ to 23¼, B.A. Oil ½ to 56 and Atlas Steel ¼ to 35.

All the indexes were up. Industrials rose 0.2 to 92.2, utilities 0.2 to 102.3, banks 1.7 to 111.9, the composite 0.3 to 95.7 and papers 0.5 to 89.9.

Total sales: Industrials 283,400, mines and oils 451,800

TORONTO

TORONTO (CP) — Western oils started the day in high style Monday, but soon lost their glamor and finished in unimpressive fashion.

Central Del Rio, sparkplug of the group, typified action generally in the oils. It climbed quickly to $9.75—best price this year—but by the close had dropped back to $9.45, down five cents.

Power Corporation highlighted the main list, reacting sharply to news the company is considering a possible stock split and increased dividend.

Power jumped to a year's peak of 76 before easing to 74¾, ahead 4⅜. BC Power and Canadian Oil—both of which form a large part of Power Corporation's holdings—each touched 1962 highs in heavy trading.

Canadian Oil closed at 56, ahead ½.

Banks were strong, with Montreal and Canadian Imperial Bank of Commerce both up a point, Nova Scotia ahead 1⅝, Royal ahead ½ and Toronto-Dominion up ⅞.

On index, industrials rose .12 to 533.02 and base metals .41 at 174.31. Closing volume was 3,059,000 shares compared with 3,169,000 Friday.

Among base metals, International Nickel advanced one point, Consolidated Mining and Smelting ¼ and Hudson's Bay Mining ⅛.

Brand New Job At 64 Gives New Outlook To Educationist

By JACK BEST

OTTAWA (CP)—At 64, Dr. W. T. Ross Flemington has embarked on a brand new job—and it's right up his alley.

Dr. Flemington, one of the country's best-known educationists, has left the presidency of Mount Allison University after 17 distinguished years and now is breaking in as first director of educaton for the Canadian external aid office.

"It prolongs my life," is the excited comment of the Newfoundland-born United Church minister about his new career.

A fit - looking, quiet - spoken man of medium height, with a generous topping of white hair, Dr. Flemington is looking forward to continued association with the academic world even though no longer directly a part of it.

Still aglow over the opportunity that came his way one year before his scheduled retirement from the Sackville, N.B., university, the veteran of two world wars told a reporter: "I had been teaching all my life, but here was an educational opportunity in a much wider field."

NEW CHALLENGE

Possessed of a ready wit that he is not averse to turning on himself, Dr. Flemington summed up the prospects that awaited him: Retirement, "sliding into senility, perhaps writing a history of Mount A."

Now the former president of the National Conference of Canadian Universities, onetime flyer, and chief Protestant chaplain with the Canadian Army overseas from 1942 to 1945, faces a more challenging future.

His job will be to plan and co-ordinate educational assistance, advise the external aid office on recruitment of teachers and placement of trainees, conduct liaison with educational institutions and bodies in Canada, and administer Canada's part in the Commonwealth scholarship program.

H. O. Moran, director-general of external aid, says Dr. Flemington will act as a bridge between the two academic fields on which the educational aid program ultimately depends for its success: high school and university.

WELL QUALIFIED

It is a role for which his background admirably equips him. In addition to having been a university president, he was for 15 years—with time out for Second World War service—headmaster of Mount Allison Boys School.

Dr. Flemington was born in a Methodist parsonage on Random Island in Trinity Bay—"I've been teased ever since about being born at Random."

He grew up in a dozen small towns in Newfoundland and New Brunswick—"a Methodist minister, like my father, moved every four years whether he wanted to or not."

After graduation from Fredericton High School, he went on to normal school, then—at age 18 — sailed overseas with the 16th Field Ambulance Corps, later transferring to the Royal Flying Corps and winning his wings.

Back in Canada after the war, he entered Mount Allison and took his BA and MA degrees in biology, intending to go in for medicine. But he ran out of money and switched to teaching and theology, taking the latter at Mount A. and then going on to Columbia and the University of Toronto in 1930.

In the same year he left Toronto with a bachelor of pedagogy degree he returned to Sackville as headmaster of the boys school.

HEADS 120 TEACHERS

Under the educational aid program which Dr. Flemington now directs, Canada will have 120 teachers serving abroad this school year. In addition, there will be 110 technical advisers.

More than 800 students and trainees from abroad will be in Canada studying under the Commonwealth scholarship plan or the various technical assistance programs.

Canada spent nearly $3,500,000 on such activities in the 1961-62 fiscal year, and this year the figure is sure to go much higher.

PAIRING UNIVERSITIES

One line of attack Dr. Flemington intends to pursue vigorously is the "twinning" of universities. An institution in Canada is paired off with one in Africa or Asia in order to help it develop a particular type of course, the expenses involved being met by the external aid office.

He cites as a model the present working arrangement between the University of British Columbia and the universities of Malaya and Singapore in the field of business administration study.

Dr Flemington is proud of the way Canadian universities and high schools have responded to the call for professional staff to serve abroad.

They have given all possible help he says, "even though every school and university in Canada is simply shrieking for teachers."

13 DIE IN BLAST

TEHRAN, Iran (AP)—A coal mine explosion near Gorgan, 225 miles northeast of Tehran, killed 12 workers and one engineer, it was reported Monday. Six workers who were trapped in the mine were rescued, the newspaper Keyhan added.
