

Sleep a Preventive of Headache.

A writer in the Scientific American says: "Sleep, if taken at the right moment, will prevent an attack of nervous headache. If the subjects of such headache will watch the symptoms of its coming, they can notice that it begins with a feeling of weakness or heaviness. This is the time a sleep of an hour, or even two, as nature guides, will eventually prevent the headache. If not taken just then, it will be too late, for, after the attack is fairly under way, it is impossible to get sleep till far into the night. It is so common in those days for doctors to forbid having their patients waked to take medicine if they are asleep when the hour comes around that the people have learned the lesson pretty well, and they generally know that sleep is better for the sick than medicine. But it is not so well known that sleep, is a wonderful preventive of disease—better than tonic regulators and stimulants.

The Toboggan Slide.

"What is this toboggan business that we read so much about in the papers?" he asked in a dry, gool's store the other day as he and his wife stood warming their hands at the stove.

"Why, a toboggan is a high platform with an icy slide running down."

"You get up there with your sled, take a pretty girl on for partner, and you go like grea-nd lightning."

"Girls are willing are they?"

"Oh, yes."

"Lots of 'em around?"

"Dozens of 'em."

"Any toboggan, might here?"

"Now, that's enough!" said the wife as she turned on him. "If there were twenty toboggans between here and the City Hall you'd go right along and sell them butter and eggs and then jog home with me without a slide!"

"Yes I reckon I'd have to," remarked the old man with an awful sigh, and then he changed the subject to brown sugar and baking powder.

Forgiveness.

Forgiveness is one of the brooks we drink out of by the way. Forgiveness is not simply taking sin off, but putting God into the man. It is necessary that man should sin in order to get God into his soul. When man bows down in despair, God comes and folds about him like the sunshine about a plant, and whispers words of forgiveness, and the man rises without his burden. Is he the same man? Is there not something better in him? Repentance is not simply a taking off of a burden, but into the soul comes a passion for holiness. Oh, if I could only make each man here know the truth. God sees preciousness in us that we do not see in ourselves, and that is why he is always reminding us of our sins. When he redeems us he makes us ourselves; that's all.—Philip H. Brooks.

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Samples bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

A Womens Liberal League with Mrs. Gladstone at its head, has been formed in England.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites

is prescribed by the medical profession because it is not a secret remedy, but a scientifically prepared preparation of two most valuable specifics, that they find of unequalled value for their consumptive and emaciated patients. Take no other.

SKILLED physicians endorse Adamson's Botanic Balsam as the safest and most effectual remedy for coughs and colds ever discovered. Sold by druggists and dealers at 35 and 75 cents. Trial bottles 10 cents. cod wy
