BELFAST AND MURRAY HARBOR RAILWAY.

The people of Belfast and Murray Harbor should not rest content with what they have already done for their railway agitation. Their silence now may be misconstrued. A few meetings ought to be held at central points. The Provincial Government may work hard to thwart the project, as they are in want of funds to pay for their extravagance, and will certainly make a demand on the Dominion Government for money. The point is, not to forego our claim to the railway for the sake of an increased Provincial subsidy. We got an additional money payment of $20,000 per annum a few years ago, and we are now no better off than when it was not voted. The capital represented by it has been frittered away by the Peters administration,—largely to influence votes at elections. Experience has proved that it is better for the Province to have public works of permanent importance than to get a money grant for the Provincial Government to spend. At any rate, if we should obtain another addition to our subsidy it will be only in connection with a general scheme of subsidy readjustment. The governments of British Columbia, Manitoba, Quebec, New Brunswick, Nova Scotia and Prince Edward Island are all clamoring for increased subsidy and Prince Edward Island will get nothing apart from the other Consequently the financial basis upon which the subsidies are paid will be changed all round. But it is upon the present basis that we have our claim to railway extension; and the Dominion Government ought, therefore, independently of an increase of subsidy, to grant us the additional railway accommodation which is now our right. But Mr. D. A. McKinnon, who represents Murray Harbor in the Local Legislature and who is a supporter of Premier Peters, at a meeting held at Murray River on the 1st inst., strongly opposed the passing of a resolution in favor of the Belfast and Murray Harbor Railway. Mr McKinnon's opposition is very suspicious. It looks as if a sacrifice of our railway claims for the sake of an increased subsidy were contemplated by the Provincial Government and their supporters in the Legislature. The electors of East Queens ought not to be caught napping. If they are to succeed in getting their Railway they should not cease to agitate. Let the Dominion Government understand that the agitation has come to stay—till its object is attained. Belfast and Murray Harbor have a good case. But let not the agitation cease. Let the people once more strike out for their rights.

HONORS FOR ISLANDERS.

Mr. J. A. J. McKenna, of the Indian Department of Ottawa, has recently been appointed Private Secretary to the Superintendent General of Indian Affairs, a position which carries with it an emolument of $600 in addition to Mr. McKenna's regular salary of $1400 a year. We congratulate our old friend. He is conceded to be one of the most efficient officers in the Civil Service at the Capital. As a private citizen also he has rendered important services. He is the President of the St. Patrick's Asylum for aged people and orphan children, and as secretary of that institution he served for nearly ten years. He has been President of a society for the prevention of cruelty to children, and was mainly instrumental in bringing to justice Bell and his wife for unheard of cruelty to their grandchildren, Mrs Bell being sent to the penitentiary for life. He has also been President of the Catholic Truth Society, and is now the chief officer of the Columbian Club, an association of young Catholic men in connection with St. Patrick's parish. It is eleven years since Mr. McKenna left Charlottetown, he has worked hard and done well; we wish him health and continued good fortune.

Mr. Allan N. McNeill, of the Indian Department at Ottawa, has recently been entrusted with the duties of Accountant of that Department, a position which will most probably advance him to the grade of chief clerk. Mr. McNeill has been in the service some 23 years. He is also prominent in Anglican Church circles and in the Foresters' Society.

Before the late Government went out of office, Mr. A. W. Owen was promoted to be a chief clerk and accountant in the Department of Marine and Fisheries. Although the appointment has not been confirmed by the present administration, there is no doubt that it will be before very long as Mr. Owen has been performing the duties since Major Gordeau's advancement to the Deputy Ministership last May. The Island has every reason to be proud of the positions held by her sons at Ottawa. Mr. Joseph Pope, as Under-Secretary of State, is acknowledged to be one of the best informed and most efficient deputy heads. Mr. M. G. Dickieson, the Dominion Accountant, is a most valuable officer and stands an excellent chance of succeeding Mr. Courtney as Deputy Minister of Finance. The promotions of Messrs Owen, McNeill and McKenna testify to the value of their services, and we have no doubt the other Islanders at Ottawa will give a good account of themselves in due time.

ORGANIZATION.

A conference of members of the Liberal Conservative Party, for organization, will be held at the Masonic Temple on Wednesday, at 12 o'clock. All friends of the party will be welcome to attend.

NOT CONTRADICTORY.

We freely admit that, in the opinion of The Examiner, the Charlottetown Board of Trade would not have made any mistake if it had followed the lead of the Board of Trade of Montreal and backed up Sir Charles Tupper and Mr. Laurier in their efforts to bring about Preferential Trade throughout the British Empire. But the meeting of last Wednesday was not called for that purpose. It was called to receive the report of a committee appointed to obtain opinions to be forwarded to the Tariff Commissioners and take action in the premises if it were deemed expedient so to do. Consequently the scope of the resolution submitted was restricted to matters with which the Dominion Parliament may deal, and therefore the Patriot was all abroad when, in connection with the resolution, it referred to the Intercolonial Conference at Ottawa and the difficulty arising out of the treaties with Germany and Belgium.

But the Patriot says that the resolution was contradictory and that therefore the Board of Trade acted prudently in not passing it. The resolution sets forth that incidental encouragement ought to be given the development of our natural resources and that the reduced duties, if any, ought to be favorable to imports from Great Britain. The Patriot says this is contradictory. Let us see. Evidently a reduction of the duty might be made in respect to hundreds of articles imported from Great Britain without in any way affecting the iron or coal industries of the country, or, indeed, any of our natural resources The silk, cotton and woollen goods imported from Great Britain might be brought in under greatly reduced rates of duty without in the least degree subtracting from the encouragement incidentally given to the development of our natural resources. The resolution is certainly not contradictory in respect to them. As to coal, we import very little from Great Britain; and as to ironware and hardware, even, there are many articles manufactured in Great Britain and imported here in respect to which our duties might be lowered without taking away the practical encouragement afforded to the development of our infant iron industries through the incidence of the tariff. If it were worth while we could easily prove this by reference to the statistics. But the fact is so patent and so well known to every business man that it is not worth while. We, therefore, maintain that the resolution submitted to our Board of Trade was not, as the Patriot asserts, contradictory. More than that, we contend that from the Prince Edward Island point of view it contains the policy that ought to be adopted—the policy which, if adopted, would tend to the enlargement of our home markets in Nova Scotia and New Brunswick and lessen the cost of goods imported from Great Britain. We hope that the Hon. Mr. Davies, now that he is in the Government, will be able to make good the policy he propounded in 1872.

DESTITUTION IN OTTAWA.

Ottawa papers contain sad stories of destitution in the Capital City—stories that would not be credited only that they are attested by responsible eye-witnesses. It is related that a few days ago a man stole a quarter of meat from a farmer on the market. The farmer gave chase and followed the man into the house which he had been seen to enter. When the farmer went inside, the meat—frozen hard—was lying on the floor, and the children, famished and ragged, were tearing and devouring the raw meat. The father, with streaming eyes, begged for mercy from the farmer, who not only willingly gave them the meat, but money from his pocket to procure other necessaries. The Journal, of the 2nd inst., pourtrays a somewhat similar scene. A side of lamb and some groceries were sent to a distressed family by a charitable lady. The carrier handed in the meat first, and then proceeded to deliver the groceries. But the children could not wait—in their hunger they seized the meat and commenced devouring it frozen and uncooked. The Plymouth Brethren last Monday evening gave a dinner, in one quarter of the city, to over 230 hungry men, women and children, without regard to creed or nationality. Many of these poor creatures had to be provided with clothing before they were in a condition to attend the dinner.

—While the Finance Minister is going up and down the land seeking for information the revenue is decreasing; the expenditure increasing and the debt mounting up by leaps and bounds. How the Government can, under these circumstances, fulfil its promise to reduce taxation is still a mystery.

—In view of the falling revenue resulting from tariff uncertainty and an increasing expenditure resulting from the appointment of Commissioners, etc., under the spoils system it is not wonderful that the Government are compelled to reduce the hours of their workmen in the railway workshops.

Chest Protectors, all sizes, at Watson's Drugstore.

PUBLIC MEETING AT MURRAY RIVER.

Wants of the District Ventilated and a Railway Demanded.

At two o'clock on the afternoon of the 1st day of February, a public meeting of the people of Murray River and adjacent sections was held in the hall. The meeting was held in response to the following requisition:—

To Robert Whiteway, Esq., J. P.:

We the undersigned electors of Murray River and adjacent settlements do hereby request you to call a General Public Meeting at the Murray River Hall for the purpose of discussing and presenting our Local and Dominion wants. You will kindly invite our local representatives, D. A. McKinnon, Esq. and Geo. B. Aitken, Esq. Also our Dominion representatives Alex. Martin, Esq; and Senator Prowse.

(Signed)
James Cuddy, Wm. Grant,
John Lowe, Thos. L. Cook,
Alex. A. McDonald, Wm. Sanders,
Wm. Lamont, John D. Hume,
C. L. Barnes.

In compliance with the forgoing requisition I do hereby call a General Public Meeting to be held at the Murray River Hall on Monday the 1st day of February, next, at 2 o'clock p. m. for the purpose above mentioned, and I do hereby respectfully invite the above-named representatives to attend the said meeting.

Robert Whiteway, J. P.

The meeting was organized by appointing Mr. Cook, chairman, and Mr. Whiteway, secretary—the latter retired and Mr. John J. McPhee was appointed in his place. All the representatives were present and a fair representation from Murray River and surrounding sections attended.

The local wants of Murray River were brought to the notice of the meeting by several reports of committees appointed for that purpose. Those included the repair of roads, the building and extension of wharf accommodation, the opening of some new roads, the building of a new bridge at Murray River, the improvement of the packet service, it being the general opinion that the time table and the present facilities for shipping given by the Electra were insufficient, and the dredging and buoying of the harbor. All these matters were discussed in a friendly way by the Local and Dominion representatives, and by many of those present.

It was agreed to petition the Local and Dominion Governments for wharf extension—and the other matters referred to were to be attended to, as those concerned either the Local or Dominion Governments.

D. A. McKinnon, Esq, M. L. A., reported that he had consulted an engineer as to the cost of a steele bridge. He said he forgot to take the correspondance with him as well as a report of the comparitive cost of a steel and a wooden bridge for Murray River. Mr. McKinnon said that if the people would stop talking about the debt of the province, he might have influence enough to get a steel bridge built at Murray River.

The meeting was very orderly this far but a resolution being proposed to press the building of the Murray Harbor and Belfast Railway, D. A. McKinnon, Esq., M. L. A., objected and strenously tried to prevent the resolution from being even read, being entirely out of order, Mr. McKinnon having to some extent submitted, the resolution was read, and the meeting was addressed by Hon. Senator Prowse, Alex. Martin, Esq., M. P., Dr. Barnes, Mr. Thomas Sensebaugh, Mr. John J. McPhee, the mover, and others. As far as passing a resolution in favor of the Railway was concerned the Georgetown Attorney was in a woeful minority. All with the exception of Mr. McKinnon were in favor of passing a resolution, though some objected to the preamble. Finally in order to appear unanimous, Mr. John J. McPhee and Mr. Albert P. Prowse, mover and seconder, withdrew their resolution in favor of one proposed by Mr. Thos. Sensebugh, which was passed, and it is likely both will be published.

COMMERCIAL TRAVELLER ARRESTED.

Mr. B. B Blizard, the popular representative of the Toronto Safe Works, had a novel experience on Saturday evening when he was arrested at the Hotel Davies for non-payment of his commercial traveller's tax. It seems that Mr. Blizard arrived in Charlotetown last week with Mr. Ambrose, another knight of the gripsack, and not long after their arrival they met Mr. Joseph Warren. Mr. Ambrose introduced the two, and explained to Mr. Blizard that Mr. Warren was the man to whom the commercial travellers' tax was to be paid Mr. Blizard then offered to pay the amount of the tax to Warren. The latter suggested to Mr Blizard that he leave the payment of his tax till he obtained his license. Mr. Blizard then informed Warren that he was going to the country for a few days and when he returned he would pay the tax, and before they separated he and Mr. Ambrose gave their cards to Warren. Warren told Mr. Blizard it would be all right when he came back, and the latter thought no more about it. Afterwards Mr. Warren explained the situation to the authorities at the tax office, and expected that everything would be all right. Messrs. Blizard and Ambrose returned to the city on Saturday afternoon, and in the evening Mr. Blizard was arrested by the sheriff for non-payment of the tax. Friends came to Mr. Blizard's assistance, and he was released on bail. Mr. Blizard's first act after he was released was to place his case in the hands of Mr. W. S. Stewart, and this morning the case was settled, the Provincial Secretary accepting the amount of the tax, $15, without costs. Mr. Blizard was very much annoyed over his arrest, as he did not have the most remote idea of evading payment of his tax. He is a son of Ald. Blizard, of St. John, and has many friends in Charlottetown.

LIGHT WANTED.

Sir,—I observe in your paper a few days ago a letter from "Citizen" asking for information regarding an item of $4.68 for telegrams. But the amount charged for telegrams is $486 instead of $4.68. This is certainly an extraordinary expenditure. Perhaps the Mayor or someone else will explain.

Another Citizen.

—It is pleasing to learn from our esteemed contemporary the Colchester Sun that Dr. D. H. Muir has accepted the Conservative nomination for Colchester County in the coming by-election. Dr. Muir is one of the ablest men in the County; and we hope to report a Liberal Conservative victory in Colchester.

The Stanley which left Pictou for Georgetown at six o'clock on Saturday morning did not reach her destination until half-past three yesterday afternoon. The passengers by her, upwards of twenty in number, were brought to the city by special train last evening. The Stanley is not moving to-day. She will leave for Pictou to-morrow morning.

CONCERT,

ST PATRICK'S HALL,
NEXT MONDAY EVENING.
IN AID OF
THE CH'TOWN HOSPITAL.
