BUSINESS WORRIES

Break Down the Nervous Systems of the Strongest Men.

And Nervous Break-Down Often Precedes Insanity—Just Here Dodd's Dyspepsia Tablets are of Vital Use to Restore and Tone the Nerves.

A day's work, at "the office" is enough to upset the nerves of any man.

The cares and worries, the anxieties and uncertainties of business keep his nerves continually on "an edge" and, when the day's work is done, they are "used up."

It is on occasions like this that the little ones speak of papa as being "cross."

The wife and mother dreads her husband's home coming, though she knows well the cause of his irritability.

Such women would give much to know how to prevent these disagreeable occurrences.

They know that this never ending strain on the nerves, is shortening the lives of the bread-winners, and that it will soon end in death.

But all this suffering, the unceasing drain on the stream of life, can be ended easily and quickly.

A short treatment with Dodd's Dyspepsia Tablets will end it quickly and permanently.

Dodd's Dyspepsia Tablets cure nervousness by removing its cause—Weakness of the stomach.

They digest the food, without assistance from the stomach.

While the stomach is enjoying this rest, the tablets tone and strengthen it, so that it can do its own work thoroughly.

Thus perfect digestion being absolutely ensured, pure blood is a certainty, and the nerves are properly nourished, and enabled to hold out under the strain of work.

Only Dodd's Dyspepsia Tablets can effect this. They only can digest the food and strengthen the stomach.

Dodd's Dyspepsia Tablets are sold by all druggists, at 50 cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto.

To Keep Cool in Summer.

To preserve your health and keep cool in summer take Abbey's Effervecent Salt. It is made from the salt extracted from pure, fresh fruits, and its daily use brings about health. It makes a most delicious summer drink. This standard English preparation is sold by all druggists at 60 cents a large bottle. Trial size 25 cents.

The name of Archbishop Duhamel, of Ottawa, is being freely mentioned as that of the probable successor of the late Cardinal Taschereau; and it is pointed out that his appointment would be advantageous to the Papal authorities on account of his residence in Ottawa and his intimate connection with the premier and other ministers.

LOST.—Between Fort Augustus and Southport, while returning from the train on July 18th, a lady's parasol. Finder will oblige by leaving same at this office. 178 tr

A SUGGESTION.

SIR,—As this is the haying season, I would suggest that the antideuvian city (grand) farmers disposed of the band stand by public auction. No doubt some farmer, owing to the excessive hay crop would purchase it and with little trouble convert it into a hay barn. An eye sore would be thus profitably disposed of.

BAND-FOLLOWER.

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

SUDDEN DEATH.—A man named Robert Roper died suddenly yesterday evening, about half-past six, in the hayfield of Mr. William Douse, on the Lower Malpeque Road. Roper asked a little girl to bring him a drink of water, but when she arrived with it he was breathing his last. Roper was a well known farm laborer. His wife died a short time ago.

A FLORAL FREAK.—A very peculiar floral freak which is regarded as a great curiosity is standing in the Wesley Memorial Parsonage garden in the shape of a double headed white dahlia growing from a double stem. The stems are quite distinctly formed although joined firmly together, and the blossoms also grow as one only joined at the back making a perfect Janus-headed bloom and presenting perfectly formed and beautiful large blossoms from which ever side they are viewed. Pastor Crisp's friends say they notice that he frequently grows a sermon big enough for two, also from the same stem—Moncton Times.

DIFFERENT POINTS OF VIEW.—Some good ladies of Syracuse, N. Y., have been making "comfort bags" for the local volunteers on service and putting a small tract in the compartment originally designed for tobacco. Some local brewers, not to be outdone in generosity by the W. C. T. U. forwarded "the boys" twenty barrels of beer, freight paid, as it was said that the water at Camp Alger was unfit to drink. There upon, the W. C. T. U. telegraphed demanding that the beer should be returned or emptied upon the ground. It is not recorded whether these orders were carried out.

Gentry and Patchen will pace best two in three heats for a purse of \$4,000 at Washington Park, Chicago; if suitable arrangements, can be made Messrs. Bowne can have the horses ready in two weeks. Wendell Philips once said in a lecture: "When you read the news in a morning paper, you have no notion of what happened till you look up to the paper's title."

That's just as true of advertising. You interpret what's written by what you know to be back of the telling.

We should like to say every day, till everybody near and far should have read it, how well we can suit them in their furniture wants. Nothing pleases us better, than to make prices within reach of modest means.
