Mr. ARCHIBALD IRWIN has been appointed Manager for The Examiner Publishing Company, and will, from and after this date, have charge of the business affairs of the Company.

W. L. COTTON, President. January 7, 1893.

THE DAILY EXAMINER.

JANUARY 10, 1893.

Merchants Bank of P. E. Island.

This Provincial institution—which, with some of its most prominent customers, was brought to ruin in the disastrous years prior to 1879, is now flourishing.

City Council.

THE BUSINESS TRANSACTED AT LAST NIGHT'S MEETING.

The regular monthly meeting of the City Council was held last evening.

In the absence through illness of Mayor Haviland, Councillor Beer presided.

All the other members of the Board were in their places.

A letter was read from Benj. Davies, calling the attention of the Board to the large quantity of kerosene oil stored on and about the wharves, and suggesting its removal outside the city limits, as in the event of fire in the neighborhood, the consequences would be disastrous.

Referred to the Fire Committee.

The memorial of Albert Allen, asking for the exclusive privilege of posting bills in the city, was laid on the table.

The memorial was signed by a number of business men.

A petition from certain residents of Bishop Street, asking that an electric light be placed on the Malpeque Road at the end of the street, was referred to the Street Committee.

A letter from John A. Griffith informed the Board that there was a fireman's belt and alarm bell on his premises, which should be removed at once otherwise storage at the rate of \$2 per month would be charged.

Laid on the table.

The letter of W. E. Dawson, in reference to the injuries sustained by his daughter in September last, caused by a defective sidewalk on Upper Prince Street, and a bill of \$260 which accompanied the same, was referred to the Finance Committee.

On motion of Councillor Crabbe, it was decided to call for tenders for the purchase of the steam fire engine.

Councillor Hooper submitted the tenders received for Queen's Wharf. There was one tender for repairing the building and three for dredging the dock.

He did not consider the tenders large enough to accept, and thought that under the circumstances it would not be advisable to make them public.

Councillor Hogan explained that the dredging of the east side of the dock would cost between \$150 and \$1600 and the repairing of the building on the wharf about \$300.

After this expenditure was made something like \$200 more rent could be obtained for the wharf than could be got for it in its present condition.

After some further discussion it was decided to take over the matter at an informal meeting after adjournment.

This was done, as it was thought advisable to let the matter stand over until later on.

The matter of the collection of mortuary statistics was again discussed, and Dr. Johnson's bill of \$147 for work performed last year was laid on the table until next meeting.

The chairman submitted the reply received from the Marine Department in reference to the berthing of the Stanley at the Railway Wharf.

Meeting adjourned.

Sweeping reductions in the number of extra clerks employed in the Departments are about to be made.

Sir John Defended.

ST. JOHN, Jan. 10.

At a mass meeting in the interests of Mount Allison institution, last night, Judge Tuck made a sharp reply to the allusions made by Rev. Dr. Cameron to Dr. Douglas and Sir John Thompson.

Dr. Allison also paid a tribute to Sir John Thompson and held that his public acts should be judged on their merits.

A British Ultimatum.

LONDON, Jan. 10.

A despatch from Tangier to the Times says that Great Britain has sent an ultimatum to the Sultan, giving him forty-eight hours in which to decide whether he will pay an indemnity for the murder of a British subject by the native police recently.

Dr. Briggs Acquitted.

NEW YORK, Jan. 10.

The New York Presbytery has fully acquitted Dr. Briggs of the charges against him, on the ground that they were not sustained. The prosecution say they will appeal to the General Assembly.

In the graveyard insurance case, sentences have been stopped, not only by a writ of error, but by another writ issued by Judge Palmer. The matter stands over for another week.

General Telegraphic News.

TORONTO, Jan. 7.—In the conference between Sir John Thompson and Sir Oliver M. was in regard to the question of prison reform, it is understood that the two premiers practically agreed on such co-operative executive action as might be necessary to carry out the wishes of the deputation.

This means that the Dominion will establish a reformatory for youths and first offenders, that the pardoning and paroling power will in the cases of youths and children be given to provincial authorities; that in cases of juvenile offenders sentences will be given so that the prisoners may understand that for a second transgression they will be more severely punished than for a first, and for a third more severely still.

WASHINGTON, Jan. 7.—The statement that Mr. Sater's powers as legate had recently been extended is to some extent erroneous. The legate's powers remain as heretofore, but his recent advances from Rome impede upon him some new duties which absolutely preclude the idea of his recall.

PITTSBURG, Pa., Jan. 7.—By an explosion of natural gas in a house on Sarah Street, Thomas Duffy, his wife and three-year-old daughter were killed. Duffy's nine-year-old son and William Harris were badly burned. The house was completely demolished.

NEW YORK, Jan. 7.—Jack Asher, heavy-weight pugilist, who for years travelled in combinations as John L. Sullivan's sparring partner, died last night of erysipelas at Bellevue hospital. He was born in Providence and was 30 years of age.

MONTREAL, Jan. 8.—While a street car was crossing the Grand Trunk track at St. Henri late last evening, the Leclaire train crashed along, smashing the car and killing the driver, named Martin, and both horses, and badly injuring a small boy who was the only passenger. The fault seems to have been with the gateman, who told the driver that the road was clear.

TORONTO, Jan. 8.—President Van Horne's speech on the fast Atlantic service is still the talk of politicians and business men. The Empire, in an editorial yesterday, says that the Government would be justified in offering an annual subsidy of \$750,000, or even more, to establish such a line.

FORT SCOTT, Kan., Jan. 8.—A young farmer named Guber, living fifteen miles west of here, having learned that his wife and his brother-in-law loved each other, traded his wife to Charles Kirby, the brother-in-law, for a horse.

PARIS, Jan. 7.—The Panama scandal continues to grow in magnitude, and although the examinations are secret, enough leaks out to keep up the public interest and excitement to the highest pitch. Marius Fantaine followed the example of De Lesseps in making a full statement of Panama canal affairs. According to Martin to-day the arrest of M. Blondin was due to an avowal by Fontaine that Blondin had acted as a go-between in the corruption of ex-Minister Bréhaut. The latter, however, persists in denying the charges of corruption.

PARIS, Jan. 7.—A laundryman named Heitz, because of his wife's unfaithfulness, killed his four children and himself here last night. He closed all the windows and doors, put his children to bed, then burned charcoal in an open stove, so as to fill the room with poisonous fumes. Heitz wrote on the floor with chalk frightful denunciations of his wife and her paramour.

LONDON, Jan. 7.—The impession in army circles is that the report that the Egyptian cavalry, recently defeated by the Berberish near Ambig, concealed the truth. Officers acquainted with the Sudanese are believed to believe that the Egyptian force was annihilated. Further news is anxiously awaited.

The juvenile dancing class, being the second and last at term for the season, will open at Terpsichore Hall on Thursday, 12th inst., at 4 p. m.—E. BURRIS.

LETTERS TO THE EDITOR

A Last Word From Father Burke.

Sir,—I am not disposed to argue any further the point raised in my letter of New Year's Eve. I have made what I thought to be a reasonable request—what many others, your friends and mine, thought to be a reasonable request, and you who are sole judge in the case, have decided against us, giving three reasons for so doing. Those reasons you, no doubt, deem sufficient; and we may deem them just what we please.
