

An English Duke.

HIS RECENT EXPERIENCES AT VARIOUS PLACES IN THE CAPITAL.

About a week ago the young Duke of Newcastle arrived at Washington, registered at Wornley's as "Newcastle, London, England," and was assigned an upper room.

The many rumours lately set afloat as to the successful application of a new motive force will, it is said, soon receive confirmation by a public experiment, in which the newly-discovered agent will be tested, or be placed in the list of humbugs.

A despatch from Beeton, Ontario, oil wells says: "Last night, while three men were working at a drill, the large sinker and drill, weighing over 12,000 pounds, were suddenly ejected from the hole, about 200 feet deep and followed by a shower of stones and gravel; then a stream of water six inches in diameter rushed from the pipe, and this stream has been flowing steadily ever since.

The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhoea or White's Excessive or painful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagina, Hysteria, Pain in the Back, or Piles, or for the purpose of invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very enfeebled conditions, one pill three times a day.
