

THE DAILY EXAMINER. JANUARY 25, 1889.

Doctor Doyle.

Of all the honors that have been paid to Father Doyle on the occasion of his Silver Jubilee, that which will, perhaps, be most gratifying to his friends and himself, is the distinction conferred by Laval University.

Nor are the distinctions conferred by his superiors in the Church, or the sympathetic joy of his co-religionists, Doctor Doyle's only cause for pleasure. As a man, he must feel proud of the tokens of esteem which he has received from Sir John Macdonald, Hon. John Costigan, and other gentlemen representing the State.

The Civic Election.

The completed returns of this election—opened to-day—are not materially different from those published by THE EXAMINER on Wednesday. They are as follow:

Table with 2 columns: Ward and Number of votes. Includes wards 1-5 and total counts.

The City Council is, therefore, now made up of His Worship Mayor Haviland, Councillors Morris, Eden, Byrne, McCarron, Douse, Taylor, McRae, Davison, Horne and Large.

By the retirement of Mr. T. A. McLean, and the defeat of Mr. Crabbe, the city has been deprived of the services of two men of ability. It is to be feared that those who have been elected will not serve the City as well.

But the remarkable fact about the election is that the temperance sentiment of the town went for nothing. We can account for this fact only on the assumption that the failure to carry out the pledges of the Sobriety Act contest has resulted in a revulsion of popular feeling.

If this be the fact, it may now, perhaps, be admitted that the course unsuccessfully advocated by THE EXAMINER was the best, after all.

—To-day, it is our sad duty to record the death of the eldest and only surviving daughter of Judge Alley. A year ago this January death claimed her sister. She was at that time in Colorado seeking to regain her then failing health in the congenial climate of the west.

In addition to the list of presents referred to in yesterday's issue, the following have been received:—A purse containing \$15 in fifty cent pieces, from Hon. John Lefurgey.

THE CELEBRATION OF DR. DOYLE'S SILVER JUBILEE was concluded last night. During the festivities, the town was well-filled with people, all of whom appeared anxious to do honor to the worthy pastor.

THE ADDRESSES.

After Judge Kelly had read the address of the parishioners of Seven Mile Bay, Kinkora and Summerside—which we omitted yesterday—was accompanied by a purse of \$700—and Dr. Doyle had replied thereto, Te Deum was sung, and the parishioners repaired to the Sacristy, where the other addresses were presented.

When the applause which greeted the reading of the telegrams had subsided, Father Burke proposed the following toasts:—

"His Holiness the Pope."—Dominicus consorcium eum et vivificum eum et beatum fecit eum in terra et non tradet eum in manus inimicorum ejus. "The Queen."—God bless her. "God Save the Queen,"—by the pupils. These two toasts were received with all honors.

Father Burke next proposed the toast of "Our Venerable and dearly beloved Bishop." His Lordship made an eloquent and feeling reply, concluding by proposing the health of "Our Host"—Rev. Dr. Doyle.

Dr. Doyle, after replying to this toast, proposed "My Guests," which was eloquently responded to by Premier Sullivan and Rev. Dugald Macdonald.

THE EXCURSION TO KINKORA. After the banquet the guests were conveyed to the station, where a special train, in charge of Conductor O'Connor, was in waiting to carry them to Kinkora. St. Dunstan's Band accompanied the excursionists. The run through to Kinkora was exceedingly pleasant, the time being passed in social converse, singing, etc. On arrival at Kinkora the party were met at the station by an immense number of people and escorted to the Parochial House. Here Rev. A. E. Burke addressed the people, introducing Bishop McIntyre, Dr. Doyle, Premier Sullivan and Hon. John Lefurgey, all of whom made speeches. At the conclusion of the speeches cheers were given for the Bishop, Dr. Doyle, the Premier and the Queen, after which the guests sat down to tea.

THE RETURN TO SUMMERSIDE. After tea and amusement the party returned to Summerside accompanied by several hundred people from Kinkora. On arriving at the station they entered sleighs in waiting, and were escorted by a torch-light procession through the principal streets to the Presbytery.

THE PROCESSION AND ILLUMINATION. Both torch-light procession and illumination were without doubt the greatest displays of the kind ever seen in Prince County, if not on the Island. It is computed that there were not less than four hundred torches in the procession. Mr. Frizzle was the Chief Marshal, and he had an able assistant in the person of Mr. Renouf. Both were mounted on handsome chargers, and presented a dashing appearance. All the public buildings, stores, houses, etc., along the route were profusely illuminated. Many of the designs were exceedingly unique and well worthy of special mention, but we have not space to particularize. St. Paul's Church and the Convent were also brilliantly lighted up, the three arches in front of the church looking especially pretty with their illuminated inscriptions. In front of the Presbytery there was a grand display of fireworks.

THE FINALE. Shortly after the arrival of the procession at the Presbytery, torches were ground and Dr. Doyle briefly addressed those present. He referred to the imposing nature and magnificence of the display, and to the good feeling existing between himself and the people of the parish—both Catholic and Protestant. He trusted that this good feeling among the different religious denominations would increase as the years rolled on, and, in conclusion, said he hoped that all would meet hereafter in Heaven. After supper at the Presbytery, most of the guests left for home in the special train which arrived at Charlottetown about 11.30 last night.

CREDIT TO WHOM CREDIT IS DUE. Following are the names of the gentlemen composing the executive committee, and who worked hard to make the demonstration a success:—Captain McKinnon, P. T. Fanning, John Strong, Charles Murphy, John Harrington, Albert Gaudet, Peter Gallant, Frank Perry, William Shea, C. Cairns, James McNeill, Patrick Ryan and Frederick Macdonald. The entire management of the demonstration was in the hands of Rev. A. E. Burke, and to his exertions is largely due the successful carrying out of the arrangements. The ladies of the convent also deserve every praise for their good work decorating, etc.

We have to congratulate the people of Summerside upon the great success of the demonstration, and the Rev. Dr. Doyle upon his popularity. The celebration was not confined to any one class or creed, but was the spontaneous offering of an appreciative people.

LETTERS TO THE EDITOR.

Mr. Earle's Concert

Sir,—Mr. Earle's Concert has received more than ordinary comment in your columns, and this, I venture to think, is well deserved, for the Concert was, as far as I am capable of judging, an exceptionally good one. Your stringent remarks as to the audience below might have been made even more appropriate if you had followed Orpheus in his search for his lost Eurydice; and while I see the propriety of denouncing anyone mean enough to steal the Concert, I cannot but foresee a difficulty in preventing subscribers from using the reading room at any time they may wish. However, this is neither my business nor the object of this letter, which I write to express some surprise that neither your critic nor my friend Mr. Harris were sufficiently disturbed by the disorderly conduct of a part of the audience to think it worth while to comment upon it. The "appreciative ability" which Mr. Harris speaks of being an evidence of refinement, should not be looked for until we can congratulate ourselves that our concert-going public has ceased to be obtrusively ill-behaved; but, while I concede that Mr. Harris has good ground for recognizing the existence of a faculty of appreciating and enjoying good music in a large part of the general concert audience, I must deplore the fact that every music lover's enjoyment is now almost invariably marred by the ill behavior, not of children, but of a few persons a little superior to them in years, but vastly inferior in deportment. We always wax very cross if a stranger ventures to denounce us in any way, or when our habits are called into question by visitors to our "tight little Island;" but I doubt whether such "cat calls" and shrill whistling, pounding of wood-work and general rowdiness would be tolerated in a concert room anywhere else where a police force could be called into requisition. Yet even more annoying than this is the too frequently heard, incessantly maintained, loud conversation of some habitual concert-goers. Granted that it is rude to talk, while anyone is addressing you through the medium of music, it would be straining a point to complain about an occasional remark being made; but when people distract all their neighbors by their childish and annoying conversation, as many did on Tuesday night, it is time to ask the manager of any

future concerts to see that some person in authority be stationed midway down the hall, who will promptly call public attention to such rude behaviour as has been only to general of late. Otherwise I am afraid Mr. Earle and others who contribute to our musical enjoyment will gradually find their concert halls in undisputed possession of this class of irritants. Lastly, could no steps be taken to prevent the irreverent and general rush to the doors which ensues upon the sound of the first note of "God Save the Queen?" Very inconvenient to the majority of the audience, very rude towards the performers, and most irreverent to the Almighty, to whom the prayer is addressed,—the boyish and undignified conduct ought to be remedied by a request from the platform, or call for a disuse of what should command the respect of any orderly public, and be listened to with silent reverence. MUSICUS.

Mr. Earle's Concert

Sir,—The account of Mr. Earle's concert in your paper of Wednesday evening was somewhat graphic, owing to a considerable space being taken up in "reminding" all individuals who were in the reading room below of their trespass on that occasion. Are persons to understand that when there is an entertainment or a concert in the hall above that there is no admission to the reading room below? Your paper rather favors that idea when it says: "The audience in the hall was large, but not much larger, we are told, than that assembled in the reading room below;... please! Orpheus to touch the lyre for the delatation of beasts. . . . But the evasion of the admission fee by those below." etc. Now, Sir, that does not seem in very complimentary terms of ladies and gentlemen then in the reading room perusing the dailies or other periodicals. Charlottetown society may not, perchance, be up to the standard in every respect, but it would have to be greatly reduced before it could be truly said that all the persons present in the reading room on that occasion met there with the intention of "drinking in" the melodious strains of Orpheus, and were to be classed among beasts and reptiles. Yours, &c., READER. Jan. 24, 1889.
