BIDDING
S N
2 NT* 3 NT

Your partner leads the ten of hearts, on which you play the eight and declarer the seven. West continues with the five of hearts and your jack is won by declarer's ace. South leads the two of diamonds, your partner plays the four and dummy the nine. How do you plan the defense?

Partner clearly led from a five-card heart suit headed by Q 10 9 (although if declarer had won the second heart with the king you could not have been sure of this). If partner had only two diamonds might have echoed to show his

distribution. Even if yours is the kind of partner who has never heard of an echo you should still duck this trick, for if declarer has three diamonds to the king his contract is unbeatable anyway. A count of points will show you why. Giving declarer the ace and the king of hearts and the king of diamonds he must also have both black aces and at least one of the black queens for his opening bid of two no trump. Two heart tricks, four diamonds and three tricks in the black suits adds up to nine so the only hope of the defense is that declarer's diamond holding is K2.

Disaster In Chile
Les Evans
\$3.45 pp. 271
Pathfinder Press
New York 1974

Disaster In Chile is a collection of writings on the government of Allende in Chile. Written mainly by Trotskyists, they attempt to show that on the one hand Allende was nothing more than a bourgeois reformist while on the other hand he was overthrown because he was too extreme. This is quite compatible in that the Trotskyites saw him as a moderate reformer, while the U.S. corporations saw him as an extremist.

This collection is a very good one in that it looks at all facets of the Allende story,

and the research is well done. Unfortunately I find that Trotskyites have a tendency to categorize and generalize (am I a Trotskyite?) so that the excellent analysis that they are capable of producing is obscured by the strong emotional writing style that they have evolved.

However, the book is very good reading when one comes to the section on the I.T.T. and the C.I.A. Here the author sticks to hard facts. The fact that the I.T.T. offered the Republican party \$400,000 if Allende was overthrown is just too significant to gloss over. As I had only heard rumours of such a deal before reading this book, it was quite startling to see the proof. The book also reaches home in describing the massacre of six hundred Chilean students after the overthrow of Allende, merely because they were known to be of left-wing orientation.

While the book has many valuable ideas, it also has some valueless ideas. On the whole, however, the book is well worth reading.

du Canada

Application Forms, Appointments for Interview and additional information are available for the following at the Canada Manpower Centre on Campus, Rm. 102, Main Building.

Attention: Graduating Students
Recruiters on Campus
For period ending Oct. 29

Oct. 19 - Imperial Oil -
Interviewing pre-screened applicants.

Oct. 19 - Mutual Life -
BBA graduates, successful on Aptitude test.

Oct. 20, 21 - Toronto Dominion Bank -
Interested in BBA graduates for Management positions.

Oct. 22 - Price Waterhouse Chartered Accountants -
Interested in BBA graduates who plan to follow the Chartered Accountant program.

Oct. 22 - Atmospheric Environment Service -
Deadline for Applications, BSc. with Physics Major.

Oct. 22 - Can. General Electric -
Deadline for Applications for pre-screening. Interested in BBA graduates, BA Econ., Math Majors.

Oct. 26 - Peat, Marwick & Mitchell -
Chartered Accountants - Interested in graduates who plan to follow C.A. program.

Oct. 27 - Auditor General, Gov't of Canada -
Will be interviewing candidates who previously applied with this Gov't Dept.

Oct. 27 - Bank of Commerce
Interested in BBA grads and others as time permits.
Oct. 29 - Michelin Canada
Science graduates with a major in Physics, Math or Chemistry.
