Barbara Brent's BUYS AND WHYS

MONTREAL, October 8th—You'll be off to a good start by eating a hot breakfast every morning. No extra time needed... for hot "CREAM OF WHEAT" cooks to tempting smoothness while you're making the coffee. And it's so good for you. It gives you iron for good red blood and calcium and phosphorus for diets deficient in these elements. So begin a working day with a working woman's really white. And here's good news! Blue is completely harmless to even the finest of fabrics. Costs just a few pennies a month to use; too! Yes, for the whitest wash, use RECKITT'S BLUE.

Stop! You don't need to scrub like that to get your wash sparkling white. Washing can make clothes clean, but only Blue can make them really white. Scientists have proved that true whiteness is made up of all the seven colours of the rainbow and if blue is missing, white turns to dingy yellow. That's why washing needs that last rinse with Blue to replace the missing blue rays and restore sparkling whiteness. So put a dash of Blue in the rinse water to get your wash really white. And here's good news! Blue is completely harmless to even the finest of fabrics. Costs just a few pennies a month to use; too! Yes, for the whitest wash, use RECKITT'S BLUE.

Can't Rest At Night? Many of the time a stuffed up nose used to keep me awake at night until I found out about a box of MENTHOLATUM. When nasal stuffiness keeps you tossing and turning in bed, simply apply Mentholum inside each nostril. What a relief it is! You can breathe more freely and avoid hard blowing, which is sometimes dangerous. Yes, I always keep a jar of Mentholum handy... not only for relief of stuffy nose and head colds, but for skid discomforts and burns, as well. Mentholum, with its combination of fast-acting ingredients in a bland, soothing base, relieves many discomforts.

That Was My Friend Marg on the telephone... She's jubilant over the fact that Canada Savings Bonds this year, carry the highest rate of interest ever—3 1/2%! We've arranged to go to our branch of the BANK OF MONTREAL tomorrow and buy our Bonds on the installment plan... We pay only 5% down—and the rest in monthly payments over the following eleven months... It's wonderful to get 3 1/2% on such ill-gotten securities—especially as Canada's Savings Bonds are always worth their full face value—guaranteed by the Government! The B of M says we have "one year to buy the buy of the year". Marg and I aren't missing out on this... don't you either!

My Husband Loves It—For An After-The-Movie-Snack—and the kids say I'm the most popular mother on the street, because I whip it up so often for them and their friends—after football or hikes. I'm talking about Tomato Sauce made with my cherished HEINZ CREAM OF TOMATO SOUP. (It's so rich and creamy—because thick country cream is in when you buy it!) All I do is—take one ten-ounce can of Heinz Cream of Tomato Soup, undiluted—grate one-quarter pound Canadian cheese, and heat the two over a very low fire... stirring constantly until cheese is melted and smooth. Add 1 1/2 teaspoons mustard, blend well, and serve on toast. Scrumptious!
