

Agricultural.

(From the Canada Farmer.) Difficulties of Turnip Growing.

Many persons who are somewhat alive to the importance of growing a supply of roots, are deterred from the attempt to do so because of the labor and trouble incident to such crops.

This common objection to turnip-growing is part truth, part mistake, part dislike of innovation, if not downright sloth. It is part truth, for it must be confessed that more labor is required to grow roots than to raise grain.

TAKE CARE OF THAT TONGUE.—It is your tongue. You have not the care of your neighbor's tongue. Theirs may need care; but it is with yours only that we are now concerned, and about which we are deeply anxious to interest you.

SABBATH INFLUENCE.—If our working men and women were wisely careful of their own best interests, there is no possession they would guard with such jealous care as the Sabbath.

A TOUCHING STORY.—A lady had two children,—both girls; the elder a fair child, the younger a beauty, and the mother's pet. Her whole love centred in it.

An ingenious attorney, who always made it a point to get his case, was applied to by a fellow who had stolen some pork, to defend him.

A singular old gentleman was presented with a doctor's bill. After looking over its contents he desired the collector to tell the M. D. that the medicine he should certainly pay for, but he should return the visits.

A barrister observed to a learned brother in court, that he thought his whiskers were very unprofessional.

A REFORM PROFESSIONAL.—A physician passing by a stone-mason's bayled out to him "Good morning, Mr. W—, hard at work, I see; you finish your grave stones as far as 'In memory of,' and then you wait I suppose to see who wants a monument next?"

"Why, yes," replied the old man, resting for a moment on his mallet, "unless somebody is sick and you are doctoring, and then I keep right on."

"First class in sacred music stand up. How many kinds of metre are there?" "Three, sir—long metre, short metre, and maner by moonlight alone!"

It is estimated that there are 16,000 acres devoted to hop growing in the United States.

Miscellaneous.

A SHORT SERMON FOR PARENTS.—It is said that when the mother of Washington was asked how she had formed the character of her son, she replied, that she had endeavored early to teach him three things,—obedience, diligence, and truth.

MRS. WINSLOW, An experienced Nurse and Female Physician, presents to the attention of mothers, her SOOTHING SYRUP,

FOR CHILDREN TEETHING, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—and will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants. We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what has never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues.

We speak in this manner "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, timely used. Full directions for using will accompany each bottle. None Genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal office, No. 48 Dey Street, N. Y. Price, only 35 Cents per Bottle.

New Triumphs of Roger's Medicines. Run your eye over them and tell your afflicted neighbor about it.

PARISBOROUGH, CUMBERLAND Co., June 22, 1863. MESSRS. ROGERS & Co.

Gentlemen—I hereby certify that about twelve years ago, a small lump began to grow on my breast, and continued growing until 1859. It attained the size of a small hen's egg, and began to ulcerate, causing great pain, and reducing my body to a mere skeleton, rendering me altogether unable to do my work. I applied to the two resident doctors at Pugwash (where I then resided), both of whom recommended a surgical operation. Feeling reluctant to undergo the suffering of such an operation, I applied to a man who called himself an Herb Doctor. I used his plasters until I became satisfied that they were of no use to me. I then applied to and procured some of your medicine, to take inwardly. After a few months trial, I began to get better, and the ulcer on my breast commenced healing so fast that in seven months from the time I commenced using your Ointment and medicine, I was enabled to attend to my ordinary occupation; and now I am happy to say I am hearty and well. I have no hesitation in saying that, under God, I owe my present state of health to your treatment. It is this simple statement will be of any service to you, you are at liberty to make it public, as every word of it can be vouched for by those who know how I suffered. I remain your much obliged servant.

ANGUS MCGILVERY, Master Shipwright. WALLACE RIVER, Cumberland Co., May 20, 1863.

Messrs. Rogers & Co. I feel it a duty I owe to you, and to suffering humanity, to state that your medicine has effected a cure of a very severe case of Cancer in the breast of my wife. The cancer began to appear about five years ago, and continued to grow slowly, and during last January it began to grow very rapidly, with darting pains through it. We concluded to try your medicine, and in a few days pain subsided and it began to improve. This was about the first of last February and now I am happy to say that she is entirely cured. After using your medicine a few days the cancer ulcerated, and it continued to improve until it was cured. You ought certainly to make your medicine known to the public.

W. I. ANGEVINE. Pugwash, June 8, 1863.

Messrs. Rogers & Co. Dear Sirs—I beg to inform you that your medicine has effected a complete cure of the Tumour or Cancer on my lip. It had existed about one year, and continued to grow worse continually, until I got your salve; which cured it in about six weeks.

I was also troubled with an ulcer on my ear which was occasioned by having my ear frozen about twenty years ago, and could never get any medicine to heal it. The doctors told me it never could be healed but your medicine cured the cancer so effectually, that I was induced to try it on my ear, and it cured it in a very short time, and has since continued well.
