Seven Vehicles Damaged When Driver Loses Control

The section of Queen Street between the Grafton and Queen intersection and the Federal Building was in a state of mass confusion for several minutes yesterday afternoon. The Batt car was said to be travelling east on Grafton and collided with a vehicle driven by Mrs. Mable MacLellan, Indian River, which was travelling west on Grafton when the two cars attempted to make the turn and proceed south on Queen Street.

Following the initial impact the Batt car apparently crashed into a car parked on the west side of Queen street, then went out of control and stampeded down Queen street and inflicted damage on six vehicles before coming to a stop in front of the Federal Building. A total estimate of the damage was not available at press time, but damage to three cars involved was approximately \$718.

THOSE INVOLVED Cars said to be involved in the accident included: the Batt vehicle; 1963 Chevrolet owned by Peter MacLellan, Indian River; 1963 Valiant owned by Lewis McCabe, East Royalty; 1963 Thunderbird owned by David Easton, Halifax; 1960 Pontiac owned by John Condon, North River Road; a 1963 Comet driven by Ivan Doherty, Charlottetown; and a Buick owned by Lemieux Bernard, Ontario. Three of the cars were travelling on Queen street when the accident happened and the others were parked. According to reports, no one was injured in the seven-car mishap. Constables Don Eva and Donald Trainor of the City Police arrived on the scene promptly and two trucks from a local service station removed the damaged vehicles. City Police are investigating the accident.

Thompson Sees Campaign As One Of 265 Byelections

REGINA (CP) — Robert Credit leader, said Wednesday the federal election campaign should be considered as 265 byelections. "Local issue and local people will play a much more prominent part than any issue that could generate an overriding nationalism. I don't think Mr. Pearson or Mr. Diefenbaker or any of us will be able to crystallize the interest of voters on a national issue. "While (NDP leader) Tommy Douglas says between 40 and 60 per cent of the voters now are undecided, I'm satisfied with the latest poll which shows about 37 per cent. This is way higher than in previous years and there is no doubt about it—the deciding factor among the uncommitted voters is local issues."

The Social Credit Leader called on all voters to make their wishes known Nov. 8. "We can't stay home and avoid it. Voters must choose a man who will stand on principles and prevent the country from drifting into socialism." On recent crime developments in Quebec, Mr. Thompson said the seriousness of the situation "cannot be minimized, but I don't know how this can be tied to Mr. Pearson. It does relate to the problem of the Mafia moving into Canada."
