the better is to enforce it. We would go to the extent of suggesting that the Government would grant a small sum to those districts which may not have sufficient means to procure new books. It would be a strengthening of their own hands, for education is the firmest pillar of a country's liberty, prosperity and happiness. It is a pity that such a fair fabric as our educational system should in any way miss its high end, either through a direliction of duty or want of enterprise in its directors.

THE TELEGRAPH.

By an Act of the Lieutenant Governor, Council and Assembly of this Island, certain rights are conferred, and privileges are secured, exclusively to the "New York, Newfoundland,and London Telegraph Company,"—one of which is that to this Company alone is granted the exclusive right of laying down a submarine cable to connect, as the Act expresses it, "this Island with the continent of America and Newfoundland," and the point from whence the electric cable is to proceed is fixed also—via Cape Traverse. In a former article we gave it as our opinion that this point was selected by the Company, and approved of by the Legislature, on account of its proximity to the main land, and suggested that the same reasons would probably lead to the West Cape being chosen as the place from whence a second will probably extend. The importance of having this attended to by the Company, we hope will not escape the immediate attention of our Government.

The sub-marine cable, when in operation gave general satisfaction to the public. This in part was the result of the judicious selection on the part of the company, of the efficient and faithful gentlemen whom they have placed in their offices in this Island, who by the manner in which they have served the public, have rendered an application for the services of the cable a pleasure as well as a convenience, but as this convenience has been so often destroyed by the parting of the submerged part of the line, steps should be taken to ensure the laying of a second during the approaching summer; and we have greatly underrated the business tact of the government, if the present state of affairs will be suffered to exist much longer.

If the West Cape should be selected as the point from whence the second cable shall extend,the line of posts used, for more than half the distance,could be also used to extend a line to Alberton,as along the greater part of the line, to either places, cedar or juniper posts can be obtained, and to no place would they have to be drawn many miles, which would render the laying down of a line much cheaper than in some other places.

In these and other matters the Government should lead the people—should go in advance, and show their aptitude and fitness to bear rule, by the wisdom of their procedures; and if the Company require the aid of a few hundred pounds to establish telegraphic communication in these directions, we believe it would be an expenditure in favor of an extension of means for advancing some of the best interests of the Colony,and therefore would commend itself to every true Patriot.

OPENING OF THE LEGISLATURE.

At 2 o'clock yesterday, His Excellency the Lieut. Governor came down to the Council Chamber and opened the Legislature. His Excellency was escorted from Government House by Captain Holman's Troop of Cavalry, and meet at the entrance of the Provincial Building by the Volunteers of the City. In consequence of the bad state of the roads many members were absent. We give below a telegram, giving a short synopsis of the Speech :—

CHARLOTTETOWN, March 4, 1868.

JOS. BERTRAM, ESQ.

House of Assembly opened to-day.—Fine turn out.—Speech refers to Loan Bill and results—Report of Law Officers on Selkirk Estate will be laid before House.—Revenue in excess of Expenditure.—Bill for consolidation and amending Education promised.

R. GORDON.

It is an old adage that "March comes in like a lion and goes out like a lamb." This year it has proved so, so far as the coming in is concerned. The snow storm of last Tuesday was the worst this season. The roads are almost impassible. In some places there are mountains of snow, and on the level over a foot deep. The postman from here did not reach Charlottetown until Wednesday. To the Westward we learn that the storm was very severe, and a very large body of snow has fallen.

☞ By reference to our advertising columns it will be seen that Messrs. Green & Schurman intend selling off the whole of their Stock in Trade,by auction on the 17th inst. Great bargains may be expected.

☞ WE notice an obituary of Owen Hamill, Esq., in the "Antigonish Casket." Mr. Hamill was a native of Ireland, and emigrated to the United States when very young, where he studied architecture under the famous P. C. Keeley, Esq., of New York. Mr. Hamill's first effort in his profession was in the erection of the beautiful Catholic Chapel at Tignish, in this Island. He afterwards superintended the erection of many other buildings, which he left behind as monuments of his genius and proficiency in architecture.

☞ ACCORDING to announcement, the Rev. A. DesBrisay delivered a lecture in the Wesleyan Chapel on Friday evening last,on the subject of "Christian Baptism." A very large number of persons assembled, many of whom were unable to obtain an entrance, in consequence of the crowded state of the Chapel. The lecturer occupied about an hour and a half delivering his lecture. It was well read, and the best of order was maintained. We cannot refrain from expressing an opinion on the very excellent manner in which the meeting was presided over by Finlay McNeill Esq.

Summerside Debating Society.

As previously announced, T. Kelly, Esq., Barrister-at Law, delivered a lecture on "The Imagination" before this society, on Monday evening last. Although the evening was very stormy, the hall was densely crowded. The lecturer viewed his theme in two aspects, viz: the province of the faculty of imagination and its culture. As it would be impossible to give anything of an outline of the lecture, so as to convey an adequate idea of its merits to the public, it will suffice to say that it was throughout highly instructive and in good taste, manifesting the results of deep research and penetration of thought on the part of the learned lecturer; it was a philosophical and scholarly effort. At the close of the lecture, by request of the President, Rev. Mr. Frame, Hon. Mr. Howlan, C. McLennan, Esq., Dr. Homer, and Mr. T. Kirwan made a few appropriate remarks, after which a vote of thanks was unanimously awarded to Mr. Kelly for his able lecture.

Mr. T. Kirwan, on Monday evening next, will give "Readings from the Poets." Doors open at 7½; to commence at 8 o'clock. The public are respectfully invited to attend. Reserved seats for ladies.

By order,

Many suffer, rather than take nauseous medicines. All such, who suffer from coughs and colds, irritation of the bronchial tubes, and tendency to consumption, have in Dr. Wistar's Balsam of Wild Cherry, a remedy as agreeable to the palate as effectual in removing disease.

Mrs. A. Allen's Worlds Hair Restorer and Zylobalsalum or Worlds Hair Dressing are unequalled, and so acknowledged by all who use them for restoring, invigorating and dressing the hair, rendering it soft, silky and glossy,and disposing it to remain in any desired position; quickly cleansing the scalp, arresting the fall and imparting a healthy and natural color to the hair. They never fail to restore grey hair to its original youthful color. They act directly upon the roots of the hair giving the natural nourishment required. No lady's toilet is complete without the Zylobalsamum or hair dressing. It cleanses the hair and imparts to it a most delightful fragrance, and is suited to both young and old.

The Restorer Reproduces. The Hair Dressing cultivates and beautifies.

If your hair is thin try it, if scurfy try it, if harsh try it, if lustreless try it, if none of these try it, for all who use it will preserve their hair through life. For sale by all Druggists.

Died.

On Tuesday morning, the 25th inst., after a short illness, Ellen, eldest daughter of the late Charles Stewart, Esq., Attorney General of this Island, in the 31st year of her age.

At Eldon, Belfast, at the residence of his son, on the 25th inst., after a severe illness of two months, James Moore, Esq., aged 74 years. Deceased was a native of London, England, and emigrated to this Island about 48 years ago. He was a man of earnest Christian piety, seemed to live near his Saviour, and death has only removed him from the sorrows and pains of earth to a brighter world. He saw many changes in his adopted country, and has left a numerous family of children and grand-children, and many well-tried friends to mourn his departure.

[When Mr. Moore came first to this Country he resided for a few years in Cascumpec, where there are several yet living who have ever since cherished for him the sincerest and kindest regard. Mr. Moore they have long known as a Christian gentleman, whose friendship was not evanescent or transitory, his Christian disposition and Christian virtues having led them to regard him as a sincere and valued Christian friend; and such we believe is the testimony that will be borne of him by all who were favored with his acquaintance. We sincerely sympathize with his wife and family in their great loss.—ED. JOURNAL.]
