A Hard Profession.

Old Dr. Johnson once said, addressing a class of medical students, that the study of medicine was a most arduous undertaking; that the most comprehensive mind and the most industrious student could scarcely do more than explore the portals to medical knowledge during the brief time allotted to study before commencing practice, but that throughout his whole life the responsibilities of his profession should rest upon him like a nightmare.

He should explore every avenue of natural knowledge, must become familiar with chemistry, natural philosophy and natural history, but, above all, he must learn the construction of his own frame, the means by which he lives, moves and has his being. He must understand the nature of all those influences by which health is broken down and restored, and by what means disease, suffering and death may be averted. Dr. Johnson further says that nothing can substitute so much to the support of quackery as the present insufficiency of medical knowledge. Men do not, he says, easily abandon hope but as readily put faith in ignorant pretenders as drowning men catch at straws.

"The good that men do in this life lives after them." During the life time of old Dr. Johnson he invented what is known as Johnson's Anodyne Liniment, a standard family remedy of surpassing merit. This liniment is both for internal and external use and it is safe to say that no single remedy ever discovered has done so much good as has this one. It is inexpensive, ready at a moment's notice night or day and may be used with absolute confidence in the thousand and one ailments that afflict humanity. In the cure of severe cramps or pains in the stomach or bowels, dysentery, diarrhoea it is certainly worth its weight in gold. It has been known to cure cases from ten to fifteen years standing after the sufferers had been given up.

Miss Fawcett, the young English woman of recent "above the senior wrangler" fame, has adopted the profession of a chemist.

Physician Heal Thyself.

TORONTO, June 5th.—A physician of the County of Leeds has written to a friend in this city about his complete cure of an aggravated form of diabetes by Dodd's kidney pills. The doctor in question would not for the world have his learned brethren of the Ontario Medical Council know that he had given countenance to a patent medicine. He humorously admits that some of them would deem it unprofessional conduct for him to take the pills; and to be cured by them—why that is the grossest breach of professional etiquette. But cured he has been, and he is now prescribing them to his patients. Modern physicians admit that diseases such as dropsy, diabetes, bright's disease, neuralgia, rheumatism, female weakness, and kindred blood troubles are caused by the deranged action of the kidneys, and that these diseases are only to be cured by an agent that acts directly on the seat of disorder. This is why Dodd's kidney pills have proved a certain cure to all who have tried them.

A Good Chance

We are still offering to exchange property in Charlottetown for property in the country. We are selling off with the intention of making a chance at the cheap crockery store—W. P. Colwell.

As Old as Antiquity.

Either by acquired talent or heredity, those old foes, Scarcity and Consumption, must be faced generation after generation; but you may meet them with the odds in your favor by the help of Scott's Emulsion.

Near Teapuebar, on the southeastern coast of India, there is a species of fish which not only is able to walk on level ground, but can climb trees.

The leading physicians of the Maritime Provinces have repeatedly endorsed Puttner's Emulsion, and constantly prescribe it. No other popular remedy is regarded so favorably by medical men.

No, Sir!

I cannot consent to go with you to any tea party unless you buy you

PARSONS PILLS

Make New, Rich Blood!

These pills were a wonderful discovery. No other medicine in the world will positively cure or relieve all manner of disease. The information around each pill is worth ten times the cost of the box of pills. About them, and you will always be thankful. One pill a day. They are all imported from the blood. Patients women find great benefit from using them. Illustrated pamphlet free. Send for it. Price 25c. In stamps five boxes \$1.00. Dr. J. W. PARSONS & CO., 21 Custom House St., Boston, Mass.

WEAKNESS OF MEN

Quickly, Thoroughly, Forever Cured

by a new perfected scientific method that cannot fail unless the case is beyond human aid. You feel improved the first day, feel a benefit every day; soon know yourself a king among men in body, mind and heart. Drains and losses ended. Every obstacle to happy married life removed. Nerve force, will, energy, brain power, when failing or lost, are restored by this treatment. All small and weak portions of the body enlarged and strengthened. Victims of abuses and excesses, reclaim your manhood! Sufferers from folly, overwork, early errors, ill health, regain your vigor! Don't despair, even if in the last stages. Don't be disheartened if quick gains have rebelled you. Let us show you that medical science and business honor still exist; here go hand in hand. Write for our book with explanations and proofs. Sent sealed, free. Over 2,000 references.

The Telephone Company

—OF—

P. E. ISLAND.

PARTIES using the Telephone would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud and distinctly.

3rd. Place the telephone so as to cover the ear just as if you wished to shut out all other sounds. Do not press too hard on the receiver.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you speak in a moderate tone, but not a constant mode of conversation, is entirely unnecessary, and is a needless waste of wind and lungs, besides being very annoying to all within range of your voice.

Nothing will give permanent success in any enterprise of life, except native capacity cultivated by honest and persevering effort. Genius is often but the capacity for receiving and improving by discipline.

—George Eliot.

For Over Fifty Years

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

A southern woman has invented an invalid tray which is something of a novelty. It is silver plated, with a small reservoir beneath for hot water. Each plate, cup and pot or pitcher has a corresponding depression in which it stands to keep it in place and hot until used.

A Pleasing Sense.

Of health and strength renewed and of ease follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 75c. bottles by all leading druggists.

The greatest point of resemblance between the lives of the present day and the "robes de liveries" whence they derive their name is that they are provided by the masters as they used to be named by the king.

Rev. Wm. Lawson, speaking of Hawker's Tonic says it gives me great pleasure to add my testimony to the restoring, toning and building up properties of your justly celebrated Nerve and Stomach Tonic.

"How can you afford to stay at Long Branch every year, Jones? I'm told the Hotel prices are enormous."

"They are. I keep a hotel there."

C. Nicholl, of St. John, says that Hawker's Tonic is the best medicine he ever took. He strongly recommends it to all.

Mrs. Ella Wheeler Wilcox wears a thumb ring, and uses five quarts of milk to one complexion bath.

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

A newspaper thus describes the effects of a burriscus: "It shattered monuments, tore up oaks by the roots, dismantled churches, laid villages waste, and—overturned a haystack!"

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

Invitations to a family dinner are often given by word of mouth, in which case a card of reminder must follow, else the day and hour may be mistaken or forgotten.
