CITIZENSHIP GRANTED ALLEGED FORMER FRENCH COLLABORATOR

OTTAWA (CP) — A former French national accused of being an inspector in Hitler's storm troops during the Second World War has been granted Canadian citizenship.

The information was contained in a return tabled Wednesday in the Commons by Citizenship Minister Harris for Alistair Stewart (CCF—Winnipeg North).

The return said Canadian citizenship has been granted to Dr. Michel Seigneur, who was convicted by a French court of collaborating with the Germans and sentenced to death in absentia.

Mr. Stewart charges that Seigneur during the last war was an inspector of the Waffen S.S., the German storm troopers or Blackshirts.

The return said Seigneur entered Canada as a non-immigrant Dec. 1, 1946, and was granted legal landing by order-in-council June 29, 1948. It said the government has no information on whether Seigneur was an inspector of the Waffen S. S. during the last war but adds that he was sentenced to death in absentia by a French court for "dealings with a foreign power with a view to encouraging the undertakings of that power against France."

Dr. Seigneur is one of three persons convicted by French courts of collaborating with the Germans who have been granted Canadian citizenship. The other two have not been identified.

Kept Posted On Travel Movements

OTTAWA (CP)—A total of 205 Canadians notified the external affairs department passport office between Jan. 1, 1953, and Feb. 15, 1954, that they intended to visit Iron Curtain countries.

This information was given the Commons external affairs committee Wednesday by R. A. MacKay, deputy external affairs minister.

He said the department did not keep a check on how many of the 205 actually visited the countries. Some had given notification of more than one visit so that the total number of planned trips was 338. The breakdown: Russia, 56; Poland, 61; Czechoslovakia, 71; Bulgaria, 27; Hungary, 52; Roumania, 45; Albania, 11; East Germany, 15.

Canadian travellers to Iron Curtain countries are required to keep Canadian legations in those countries posted on their movements and travel plans. No passports were withdrawn last year for violations of this regulation.
