Bristol and Vicinity

"Mrs. W. W. MacDonald has returned home from the City after spending three weeks with her daughter Eunice. Mrs. Reginald MacDonald, who was not well for some time but is better now.

Miss Olive Kennefick has been taken on the staff of the Morell co-op store and entered into her new duties recently.

It is understood that Mr. John McInnis, who was reported as buying the old village restaurant last fall has changed his mind and will not convert it into a two apartment house as planned earlier.

All are sorry to learn that Mr. Stannis Lapierre has been in poor health for quite some time. Despite the fact he is around. With the coming of warmer weather his friends hope to see him going steady again.

Considerable excitement was caused here Friday and Saturday night, April 17th, and 18th, when some one noticed a light burning in a house that had been vacant all winter, especially when it was noticed late in the night. News flashed around and soon a lot of watchers were staring at the light on Saturday night in one room all night "Ghosts," they cried, but the story was unfolded on Sunday morning when it was learned the light people had turned on the power from outside for the new folks who were coming to reside, and having no key they were unable to go inside to throw the switch in one room that happened to be turned on.

Mr. Joe Donovan, a farmer here, has discovered that a red fox has decided to build his den under his barn, as Mr. Fox was noticed on Sunday afternoon, April 19th, scampering in through the nice opening he had made. If Mr. Fox plans on living on eggs and hens he is at the wrong farm as Mr. Donovan sold off all his poultry last fall. Foxes are very plentiful here, and very bold. One lady reports hearing a noise at peep of day and looking out saw Mr. Fox at the stable door taking a look-see for early breakfast.

Mr. and Mrs. Ernest Bambrick, Head of Hillsborough, were Sunday visitors with Mr. and Mrs. Joe Donovan and Mrs. Bambrick's father, Stannis Lapierre, for the day.

Mr. John R. O'Brien, a fisherman of years long since gone, arrived here from Halifax, a few days ago for a month to show his two sons how they caught lobster in his day. He also claims to know the grounds where to catch them. Time will tell shortly if they are still on the old spots waiting for him to come back to catch them.

The old home of the late Mr. and Mrs. Ambrose Barry will be sold shortly by auction sale. This fine old couple left their home to a niece who has also passed on without ever living in the house. Mr. and Mrs. Eugene Larkin, are residing there at present, and it is understood several buyers are seeking the site.

The pastor of the two Roman Catholic Churches here made his

Variety Concert At Murray Harbour

A large and appreciative audience greeted the fine variety concert presented in the Murray Harbour Community Hall on Friday evening. This concert was held under the auspices of the choir of Murray Harbour North Presbyterian Church and the proceeds directed to the purchasing of a new organ for the church.

Mr. Harry Miller was the capable and efficient chairman and kept things moving smoothly throughout the entire evening. At the conclusion of the program lunches were served by the ladies of Murray Harbour.

The following is the program: Opening Chorus — "O the Days of the Kerry Dancing. Chairman's Remarks. Recitation — "Two Kittens" — Beverly Miller. Quintet — "Stars of the Summer Night" — Mrs. W. Johnston, Mrs. D. Miller, Mrs. J. Clow, W. Graham and C. Currie. Instrumental Music — Orla and Preston Jackson.

Mr. Anthony Dunn was a business visitor to the City on Saturday, April 18th, returning home in the evening.

Mr. Barney Connolly is employed on the Church of St. Lawrence job in Morell Rear. Mr. Connolly is a good man on this type of work. The job of taking down the monster outside flue at the Church now under repairs was done a few and faster way. The mighty flue was notched at the base and heavy steel cables attached to it near the top. With two heavy tractors the mighty stack was pulled down from its perch. The old eaten brick are of no value for the new flue that will be built.

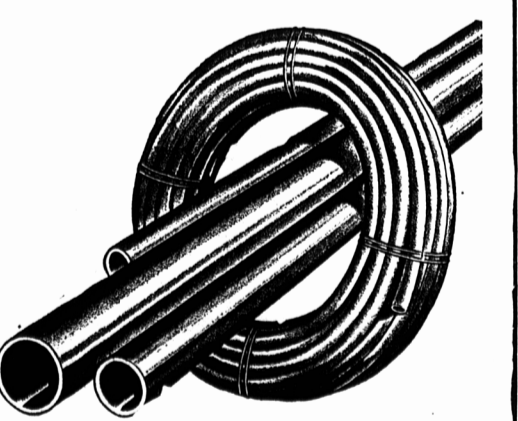

Mrs. P. R. Sinnott and a few friends will leave here May 24th, for Montreal, to attend the graduation of Mrs. Sinnott's oldest son, J. Cyril Sinnott, who will graduate from McGill as a doctor. Mrs. Sinnott says she has waited long for this day and will attend the ceremony without her husband who cannot leave home at the present. Doctor Sinnott will intern at Montreal for a year and after that he will be able to set up his office. His grandfather, Mr. John T. O'Brien who is near ninety, says he hopes to be here to have the young doctor look him over when he starts business.

Montreal's Five Most-Wanted Men

MONTREAL (CP) — Montreal police today issued a list of their five "most wanted" men. Top men on the list were Patrick Gerald Gerry McKuen, 32, and Jonathan Slim Dawn, alias Peter Scott, 23 wanted for questioning in connection with the death Jan. 19 of B. J. MacAbble, slain during a hold-up of his restaurant, Au

IN STOCK NOW OSP PLASTIC FLEXIBLE PIPE

A revolutionary type of conductor for use in both Industry and Agriculture.

SOME OF ITS USES Sprinkling Systems; Well Installations; Pump Installations; Transmission of Beverages; Electrical Conduit; Irrigation; Outdoor Water Systems.

SOME OF ITS ADVANTAGES

OSP PLASTIC PIPE is permanent pipe. Flexible and 9 times lighter than iron or steel pipe. Guaranteed against rust and electrolytic corrosion. Water freezing in pipe will not damage it. Conforms to uneven contours without difficulty. Easily handled and can be cut with hack saw. All regular pipe sizes, cheaper than galvanized pipe.

The installation advantages are numerous, but all tend towards lower cost with maximum efficiency. Continuous length, flexible coils plus simple-to-install adaptor in connecting with standard pipe threads make for easy handling and speed in work.

The ROGERS HARDWARE CO. PHONE 105
