ON PLAYING TO WIN IN BUSINESS.

As Comptroller of Northern Operations for Esso Resources, Gary Brennan plays a key role on the division's senior management team. In addition to helping formulate and manage the long-term business plan for this vital operation, Gary has a leadership role in the areas of business practices, financial management, and information integrity. In such a rapidly changing business arena, it's a role that demands both strong management skills and a singular personal commitment.

"Sports and personal fitness have always been an important part of my life. In competitive sports, you learn to appreciate the merits of other people's unique strengths. Working together towards a common goal, you can win in the most satisfying way possible – as a team. It's an outlook that applies to business too.

"Our management team is just that – a team. We are responsive to emerging industry and economic trends, and we modify our tactics to stay on track. With our approach, we get commitment and co-operation at every level. I feel good about that.

"I have to say that my CMA training is largely responsible for preparing me to do what I do today. As far as the new Accreditation Process is concerned, I believe it can only improve the future CMA's potential to excel in today's competitive business world."
