

Conservatives Seen Salvation For Canada

TORONTO (CP) — Howard Grafley, Progressive Conservative member of Parliament for the Quebec riding of Brome-Missisquoi, said here it is up to the Conservative party to save Confederation.

Speaking to a meeting of the Toronto Stock-Exchange Progressive Conservative Association, Mr. Grafley said:

"The Conservative party which, in a spirit of optimism helped forge our Confederation, now is called upon to defend the spirit of Confederation.

"The federal government must remain strong and this is one of the greatest debates of our time."

Mr. Grafley, who represents a riding that is about 70 per cent French, said the people of Quebec want to remain in Confederation.

"I believe, as I have always believed, that the people of the province of Quebec, in the political sense, want one strong Canada. Separatists don't dare stand for elective office. They know what the results would be."

Peron Said Headed For Argentina

BUENOS AIRES (Reuters) — Extra police guarded radio stations, newspapers and airports here amid rumors eviled former dictator Juan Peron had left Spain to return to Argentina.

Tension rose earlier Thursday as a usually reliable source in Madrid, where the ex-dictator general had been living in exile said he had left the Spanish capital and was believed bound for Portugal.

There were rumors that anti-Peronist armed forces were stirring — presumably with the intention of intervening if Peron tried to enter Argentina.

Peron, deposed in 1955 and a political refugee in Spain for the last four years, held a week of secret talks outside of Madrid with Peronist leaders in August. After the talks he announced he would return to Argentina, but gave no date or details beyond saying it would be this year.
