Forest Fire Covers 20,000 Acres In B. C.

Travellers Rest Woman Burned To Death Yesterday

Pilot From S'ide Injured In Crash While On Vacation

WINDSOR, N. S., Aug. 15 (CP) — An R. C. A. F. pilot home on vacation and a passenger were injured today when their light aircraft went out of control and plunged into the shallow Avon River.

PO. James Campbell, stationed at Summerside, P. E. I., was at the controls and Donald Blenkhorn was a passenger in the single-engine Tiger Moth.

Both were reported on the danger list in hospital.

Pat Shumman and Howard Baker, who witnessed the crash from shore said the plane appeared to go into a tailspin before the crash.

They rushed to the plane, partly submerged, and found Campbell half out of the wreck. Blenkhorn was trapped inside, under water, and was unconscious when pulled free. He revived after artificial respiration was performed for 15 minutes.

Coming Events

- Ice Cream and Dance in Inna West School every Tuesday night.
- Dance, Cardigan Hall, Monday night. Webster's Orchestra.
- Sandy's Drive-In Theatre, shows Tuesdays, Wednesdays and Fridays at 9 P. M.
- Try our Purina Finance plan, for feeding your hogs and poultry. Dillon & Spillett.
- New Zealand Parish Picnic, Wednesday, August 20th. Dance after.
- In stock, new improved livestock Fly Spray and Green Sheet Binder Twine. Dillon & Spillett.
- Dance in Vernon River hall, Monday, Aug. 18. Rollie McKenzie's Orchestra.
- Buying pigs, fowl and cattle, Monday at Fredericton. Knud Jorgensen.
- Buying live poultry Tuesday, August 19, 8 till 12. R. L. Dickleson, New Glasgow.
- Dancing Stanley Bridge Rink Hall every Tuesday night. Music by Munroe's Orchestra. 9 to 1.
- Festival and Dance, Mermald Schol, Tuesday, August 19th. Door prize "Blanket."
- Farmers, ask about the Shu Gain Feed Finance Plan. For particulars contact your local feed mill.
- Reserve Wednesday, August 27th for the opening of the new St. Ignatius School, Mayfield.
- Reserve September 4th for Annandale United Church Supper.
- There will be no more dances in St. Peter's Legion Hall until further notice.
- Flower Show, Summerside Baptist Hall, August 26th, Afternoon and evening.
- St. Peter's Legion Hall, Tuesday and Wednesday, August 26th and 27th. Annual Supper and Bazaar.

- Dance in Cliff Peters' Barn, Rollo Bay Monday, August 18. Round and square dancing. Canteen service by Rollo Bay East Women's Institute.
- Notice. — We will collect Poultry every Monday for Charlottetown. According to new regulations all poultry will be bought graded lot dressed weight. Cheques mailed direct from packers to producer. Please list yours with us early. G. C. Green, Emerald.

Huge Burns Lake Blaze Still Out of Control

VANCOUVER, Aug. 15 (CP) — On-the-scene forestry men estimated tonight the British Columbia Burns Lake forest fire—still out of control—now covers at least 20,000 acres.

This surpasses by thousands of acres previous estimates of the fire's penetration and almost equals the acreage swept in B. C.'s biggest fire last year.

The 30-square-mile estimate was received by forestry officials in Prince Rupert, B. C. Forestry men stressed that the estimate was "rough."

The report said there are so many spot fires and so much smoke in the area, 400 miles northeast of Vancouver, that it is impossible to get a clear picture.

This Cariboo country fire, which has taken at least one life in its stabbing across a plateau covered with valuable stands of spruce and pine.

It is one of 141 fires being battled throughout the province by 1,500 men. Scores of fires have erupted on mountains and in inaccessible valleys.

Light, scattered showers pattered down at several points today but it will take a soaking rain to drown the fires. There has been no heavy rainfall in B. C. for 23 days.

Even after they have been controlled, fires such as the Burns Lake outbreak usually smoulder for weeks.

The biggest fire last year swept 25,000 to 30,000 acres on Vancouver Island, near Campbell River.

The known victim of the Burns Lake fire was bulldozer operator Howard Gordon, burned to death Wednesday.

His companion, H. J. Hunter, listed as missing was reported to have been seen on his way back to camp. But he has not reported to any camp.

Brand Latest Peace Move As Nothing New

Probe New Leads In Search For Missing Plane

WASHINGTON, Aug. 15 (AP) — Branding a fresh Communist peace move as "nothing new," the State Department today challenged the North Korean Reds to get specific about any proposals to end the Korean fighting.

The department challenge followed a statement last night by Kim Il Sung, premier of North Korea, that the Korean Reds "hope to get an armistice agreement wherein there is neither victor nor vanquished."

This remark, couched in a speech considered by some to be moderate in tone, attracted considerable attention on the chance that it might mean a more yielding attitude on the part of the Reds at Panmunjom.

But the department statement said this government did not see anything new in the broadcast.

The United Kingdom and other importing countries of the current four-year international agreement which runs out July 31, 1953, are strongly opposing such a move. Forecasts of peak crops in Canada as well as the U.S. may bolster their drive to keep prices from climbing.

Currently, the agreement ceiling is \$1.80 (U.S.) per bushel, basis No. 1 northern. Spokesmen for organized prairie farmers have proposed a boost to about \$2.35 a bushel.

The Bureau estimated the barley crop at 295,333,000 bushels, which would be some 50,000,000 bushels larger than that of last year and 36,000,000 bushels higher than the previous record of 259,000,000 bushels in 1942.

Edens Welcomed To Portugal

LISBON, Portugal, Aug. 15 (Reuters) — Lisbon Airport had a carnival atmosphere today as crowds welcomed newly-weds from London — Foreign Secretary Anthony Eden and the former Clarissa Churchill.

After the reception by the British ambassador, the couple loaded their luggage for a 10-day honeymoon into a car and headed north.

Married yesterday, they are not expected back in London before about Aug. 25.

Until then, Eden will forget Britain's foreign affairs, left in the capable hands of the bride's uncle — Prime Minister Churchill.

In London, Churchill took control of the Foreign Ministry at a delicate juncture in the Anglo-Iranian situation.

(Yesterday's meeting between the British chargé d'affaires in Tehran and the Iranian premier, Mohammad Mossadegh, is expected to prompt a British reply to the latest Iranian note before Eden's return.)

Estimate 1,100 Families In Army Camp Area

SAINT JOHN, N. B., Aug. 15 (CP) — Residents of the Southern New Brunswick area who must leave their homes and lands to make way for Canada's largest army camp will hear how it will be done next week.

Meanwhile it was learned tonight that an estimated 1,100 families must get out, and a source close to the plan says this figure is "on the conservative side." Original expectation had been that about 750 families would be required to move.

Starting north of Wolford, 20 miles from Saint John, the camp takes in about 800 square miles on both sides of the main highway 2A to Fredericton, stopping a dozen miles below the capital city, according to an official army map of the area released tonight.

It will be built up to house and train a full independent brigade, and perhaps eventually a full division, the only camp of its kind in Canada for year-round use.

The campsite, which is expected to cost about \$30,000,000 to develop, is bounded on the west part of its distance by the C.P.R. line to Montreal and on the east by the rear line of lots facing the St. John River. About a dozen communities and many scattered farms and hamlets will be erased to make room for the training ground.

Eventually, it is expected that the Saint John-Fredericton highway will be rerouted around the camp by the Federal Government.

Asks Death Penalty For Riot Leader In Egypt

CAIRO, Egypt, Aug. 15 (AP) — A military prosecutor asked the death penalty today for a worker accused of being a ringleader of a labor riot Wednesday in the cotton mill town of Kahr el Dawar, near Alexandria.

The case against Mustafa Khamis, first of a number of demonstrators to be tried in connection with the bloody riots, was closed after the prosecutor declared Khamis' actions constituted high treason.

The disturbance, touched off by demands for more pay, took nine lives, brought injury to 23 others and caused thousands of dollars damage.

Following the riot, Egypt's strong man, Maj.-Gen. Hohammed Naguib, declared anyone responsible for disturbing the country's stability was guilty of high treason and would be executed.

The charges against Khamis said he led the demonstrators and participated in the killing of two soldiers and in the destruction of cotton mill equipment.

In a statement to directors of the Misr Cotton Company, at whose plant the riot occurred, Naguib said yesterday:

"We have discovered some of the instigators, and you shall see for yourself in the course of the next few days the severe punishment which will be meted out to them. It is better to execute a few than to have thousands of lives jeopardized."

Twenty-nine are being held for trial and 574 workers are being held for investigation.

Naguib told thousands of soldiers at army headquarters today there still are "elements in the country who belong to the corrupt elite, who are actively working to frustrate the (reform) movement."

"We'll crush them — we'll shoot them if necessary," he shouted.

Shortage Of Storage Space Big Problem

By HAROLD MORRISON
OTTAWA, Aug. 15 (CP) — Government statisticians today forecast unprecedented grain production for Canada this year, including record 656,000,000-bushel wheat and 295,333,000-bushel barley crops.

But pinned to this rosy outlook is a gloomy prediction by grain experts that Canada simply hasn't the storage space to handle such tremendous crops and community raids, skating rinks and auditoriums out west may have to be requisitioned to provide emergency storage.

Nevertheless, Transport Controller R. W. Milner said he felt confident that a "well co-ordinated effort will move the grain into export channels in a satisfactory volume."

He pointed out that last year's crop presented "very complex difficulties but the amount handled by Canadian harvest and vessels was an evidence of their efficiency. Handling records were made last year in spite of difficulties."

But the Bureau of Statistics estimate today was for a wheat crop more than 100,000,000 bushels higher than last year's 552,000,000-bushel harvest and about 89,000,000 bushels greater than the previous peak of 567,000,000 bushels in 1928.

Anything Can Happen

The Bureau and Mr. Milner emphasized, however, that anything can happen to change the picture. A change in weather could cut the estimate drastically. Several more weeks of warm weather will be needed to ensure ample supplies of high-quality wheat.

Prospects of a record wheat crop likely will have international repercussions. Canada, along with the United States, has been pressing for a higher wheat-price ceiling under a new international wheat agreement currently under negotiation.

The United Kingdom and other importing countries of the current four-year international agreement which runs out July 31, 1953, are strongly opposing such a move. Forecasts of peak crops in Canada as well as the U.S. may bolster their drive to keep prices from climbing.

Currently, the agreement ceiling is \$1.80 (U.S.) per bushel, basis No. 1 northern. Spokesmen for organized prairie farmers have proposed a boost to about \$2.35 a bushel.

The Bureau estimated the barley crop at 295,333,000 bushels, which would be some 50,000,000 bushels larger than that of last year and 36,000,000 bushels higher than the previous record of 259,000,000 bushels in 1942.

Marines Beat Back Seven Chinese Attacks

SEOUL, Aug. 16 (Saturday) (AP) — United States Marines early today beat back 400 Chinese Communists who charged up blood-soaked Bunker Hill in a seventh desperate bid to recapture the strategic height in Western Korea.

After three hours of savage fighting the marines still clung stubbornly to the crest of the hill near the armistice town of Panmunjom.

A front-line officer said the Communists "threw the works" at the marines — rifle fire, machine-guns, artillery and mortars.

The attack began a half hour after midnight when a Red platoon charged up the hill. The attacking force was quickly reinforced until a full Communist battalion was engaged, the officer said.

There was no immediate estimate of Red casualties. But after the fifth and sixth attacks Friday, official estimates placed Communist losses at more than 3,000 dead and wounded.

Allied bombers left another Communist supply center a mass of flaming rubble Friday night after radio Seoul had warned civilians to evacuate the area.

Target of the attack was an unattended Red installation at Chungghwa, south of the North Korean capital of Pyongyang. Returning pilots said six violent secondary explosions rocked the area after bombs hit the target.

Will Honor Comrades Killed In Dieppe Raid

By JACK GOLDING
LONDON, Aug. 15 (CP) — Some 200 Canadian army veterans of the Second World War will go to Brighton Sunday to honor comrades killed in the Dieppe raid 10 years ago.

The Canadian contingent will be joined by British Legion members in paying tribute to the men of the Dieppe raid. Some Canadian veterans will be men who actually took part in the savage battle which took some 3,000 Canadian lives.

The parade, organized by the Brighton and Hove Branch of the Canadian Veterans' Association of the United Kingdom, will assemble near the Palace Pier. Canada's colors, led by massed bands, will lead the way to the peace statue.

Services will be held here and follow and the salute will be taken by the mayors of Brighton and Hove, officials of the Veterans Association, representatives of Canada House and the Canadian Department of Veterans Affairs.

Four Sabre jet fighters of the R.C.A.F.'s 438 Fighter Squadron, based at North Luffenham, will fly in last in tribute about the time the Last Post will be sounded.

Tuesday, the actual anniversary of the 1942 raid by Canada's 2nd Infantry Division, the town of Dieppe will close down in remembrance.

Special services will be held on the beaches and at the cemeteries.

Boy Injured In Stree Accident

Eugene Doyle, 6-year-old son of Mr. and Mrs. Ambrose Doyle, 137 Pownall Street was struck by a car as he was playing with other children in the vicinity of his home at 4.15 p.m. yesterday.

The child is said to have dashed out from between parked cars in an attempt to cross the street as the moving car was passing.

The driver of the car, assisted by Mr. Earl Norris who was passing at the time, rushed the injured child to the Charlottetown Hospital where Dr. Frank MacMillan made an examination, disclosing severe face injuries requiring six stitches, below the right eye, according to the child's father.

The report of the x-ray examination will not be available until late today, meanwhile the injured boy was reported as resting comfortably late last night.

Lauzon Shipbuilding Workers Go On Strike

LAUZON, Que., Aug. 16 — (CP) — Some 2,500 workers of Davie Shipbuilding Co. and George T. Davie and Sons, Ltd. went out on strike tonight, climaxing more than five months negotiations for higher wages.

The workers, members of the Canadian and Catholic Confederation of Labor, took strike action at a mass membership meeting today outside the shipyards as the day shift ended. Night shift workers did not show up for work.

They are asking an hourly wage boost of 15 cents against a Quebec Arbitration Board recommendation of seven cents which both companies are following.

Originally, the union asked 25 cents and a reduction in the work-week from 48 to 45 hours.

The arbitration board decision handed down July 15 also turned down the request for reduction in hours.

A minority report by Maurice Lamontagne, an economist, granted the work week reduction and increases varying from 19 to 24 cents.

Czech Consul Granted Asylum In Canada

Dr. George Mares, Czechoslovakian consul-general in Montreal for the past four years and a one-time member of the Czechoslovak Communist party has been granted temporary asylum in Canada by the department of external affairs in Ottawa. One of five members of his country's foreign service in Canada and the first Red appointee to seek refuge in this country since the Communist coup in Czechoslovakia in 1948, the 43-year-old lawyer told officials that earlier in his career he had become disillusioned with communism and that the Korean war made final his break with it. The appeal was granted at the time when he would have to return to Czechoslovakia on vacation, and the fear that his three children, once there, would not be allowed to come back to Canada, prompted him to seek refuge in Canada at this time.

Princess Blows Out Candles At Birthday Party

BALMORAL, Scotland, Aug. 15 (Reuters) — The highlights of Princess Anne's second birthday celebrations today came during a family tea party — with a squeal of delight — she blew out two candles atop her birthday cake.

The quiet party was held at Balmoral Castle, the royal family's favorite summer home. Her parents, the Queen and the Duke of Edinburgh, and her three-year-old brother, Charles, were the principal guests.

Also on hand for the festivities were the Duchess of Kent and her two children — Princess Alexandra and Prince Michael — who are vacationing on the Balmoral estate.

Fair-haired, blue-eyed Ann ushered in the big day with an early start.

Well before "Mummy" and "Papa" were awake, the Duke of Cornwall bounded into Princess Anne's bedroom, and presented the still-sleepy tyke with her first present.

Though royal birthday gifts are generally kept secret, Charles was reported to have given Anne a woolly toy dog.

Boy Drowned

SYRACUSE, N. Y., Aug. 15 (AP) — The chairman of the 1920 polo fund drive in nearby Oswego, Thomas Turner, Jr., died last night of Bulbar polio. He was 67. Turner's brother-in-law, Rev. Malcolm Rowe of Oswego, died of the disease last year.

British Ponder Howe's Statement On Arms Gift

By ALAN HARVEY
LONDON, Aug. 15 (CP) — The British Treasury said tonight it is "continuing to consult" with Canadian authorities on the implications of last Wednesday's arms gift-to-Britain announcement by Trade Minister C. D. Howe of Canada.

A treasury spokesman said the figure of \$150,000,000 announced by Howe was a "new figure here, but we believe Mr. Howe was misreported in saying that it would be all spendable this year."

There was some doubt that Howe's statement goes much further than plans made known last February at the Lisbon conference of the North Atlantic Treaty Organization.

Some British officials believe Howe referred to Canada's commitment made at Lisbon to provide \$324,000,000 worth of arms to her treaty partners. Of this sum, it has been said here, about \$100,000,000 worth of arms would be allocated to Britain by N.A.T.O.

Plan To Extend Housing Loans To Small Communities

OTTAWA, Aug. 15 (CP) — Central Mortgage and Housing Corporation has completed arrangements to extend government-backed house-building loans into small areas of Canada where there are no financing facilities.

A corporation spokesman said the arrangement has been completed with private insurance companies which will act as the government's agency in extending loans.

At present government-backed loans up to a maximum of 80 per cent of the value of the home are available to individual house-builders through private institutions. But the spokesman said for one reason or another the private companies prefer to operate only in the larger communities.

The new arrangement will simply extend these facilities into the smaller communities of 5,000 population.

He estimated that a total of no more than \$1,000,000 might be loaned out under the arrangement.

FATALLY INJURED

TRURO, Aug. 15 (CP) — Samuel Weatherly, 19-year-old resident of nearby Truro Heights, died in hospital today from injuries received four hours earlier when his motorcycle failed to make a turn and crashed into a tree.

ABOUT ALL MEM LEAVE THESE DAYS WHEN THEY DIE IS A LARGE FAMILY!

HALIFAX, Aug. 15 (CP) — Official forecasts issued by the Dominion Public Weather Office in Halifax and valid until midnight Saturday.

Synopsis: The weather was sunny and warm in the Maritimes today. Fredericton led the parade with a high of 88 degrees, but Chatham with 86, and both Greenwood Airport and Halifax with 84 were not far behind. Charlottetown and Summerside, each reported a high of 78 degrees.

The weather will continue fine and very warm tomorrow, but the humidity will be higher than today. A band of showers over Quebec and Ontario is expected to reach the mouth of the St. Lawrence in the evening.

Regional forecasts: Prince Edward Island — Very warm. Southwest winds 15. Low early Saturday morning and high in the afternoon at Charlottetown 55 and 80.

High tide today at Charlottetown at 5:53 A. M. and 8:40 P. M. High tide on the North Shore at 1:42 A. M. and 4:11 P. M.

Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5:15 A. M. and sets at 7:18 P. M.
