

Hall Happenings

by Sean MacIntosh and Brian Cormier

Despite the weather, the Annual Co-Ed was a big success this year with over one hundred persons in attendance. The Rodd Royalty Inn was well decorated after many hard-working residents of both Marian and Bernadine Halls spent all of Saturday working on it. The music, compliments of "Records on Wheels", was enjoyed by everyone who attended. The special effects of the lights and 'fog' went over quite well.

Violence was evident in Monday Night's hockey game right from the opening face-off. Busiless began with a commanding three to nothing lead in the first twenty minutes but Marian came out from behind to win 5 to 4. Brady "Crazy-Legs" MacVarish topped the scoring with two goals and two assists. Gino "the Flying Frenchman" Cormier and another nameless Marian Haller scored as well with John "the Batman" Batt placing the final marker in the final seconds of the game. Scott "the Caper" Lewis and Phillip "The Phip" Coulton

were both unjustly evicted from the game over minor arguments with members of the Busiless Team.

John "Brophy" Dalton, Honorary Coach of the team, was absent again from the game, but we were able to reach him by telephone and he had the following comment, "It was dirty, rotten and finally, enough people got hurt."

Back on the home front, the bet is still running between David "the Bald One" Terry and John Eastonstein. Both sides are, unfortunately feeling the pressure and Marian Hall is enjoying the silence for as long as it lasts.

Marian has noticed how the Engine-ears have been rather quiet lately. Is it because they have finally realized their genetic inferiority to the rest of the World's population? This theory has been brought up often and it is Marian Hall's consensus that they have exhausted their minimal brain power and have conceded defeat.

Marian and Bernadine Halls would like to thank Rodd's Royalty Inn for their generous hospitality in allow-

ing us to hold our Co-Ed there again this year.

Marian Hall Joke of the Week

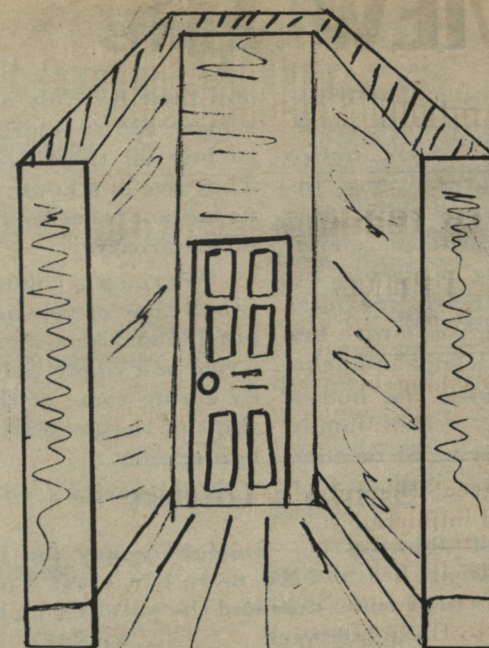

Question: What do you call an Engine-ear with half a brain?

Answer: Gifted!!

Last Week's Joke of the Week

Question: Why can't an Engine-ear put his head under water?

Answer: Wood floats!!

FIVE LINES FREE!

FIND USED BOOKS easily! Put a want ad in five lines free in January!

THE UPEI Chemistry Society would like to thank The Gem for its generous donation of coffee.

LOST ONE inter-library loan book: The Cool World, by Arthur Miller. If anybody knows the whereabouts of this book could they please return it to the Robertson Library — no questions asked. Thank You.

FIVE LINES free will turn next semester. The perfect way to unload your books.

Merry Christmas to the third floor flasher you know who you are!!

MEMBERS OF the UPEI community can put **ANYTHING** in Five Lines Free (The Gem Unclassifieds) as long as it is tasteful. Items for sale must be private items. You can place as many ads as you like, and ads may run for more than one issue. Please drop your submissions at our office, Rm. 01 Utility Bldg. or at the SU office in the Barn.

In Search of the Green

by Laurie Reeves

Hello there! Last week's article was devoted to the Canada Student Loan, so I felt that this week I would tell you about some of the bursaries and scholarships that are in our files here at Student Services. Please

take a look at what I have listed below and if you are interested in obtaining further information, just drop by Student Services.

Actually, I've listed a couple of graduate awards that you will absolutely have

to come in to check out yourself because of content bulk. It is a self-serve system, but if your want some assistance, my office hours are:

Monday: 12:30-3:20pm

Tuesday and Thursday: 11:45-2:15pm

Wednesday: 10:30-12:30pm

These hours are also available for assistance with Student Loan applications, or student appeals. This help is part of the job so please utilize it.

Dave MacPherson, of the department of Education, encourages students to appeal their assessment if they are unhappy with it. It is actually another assessment or review that takes place initially so that an appeal board may never be necessary. The department tries to adjust it so that it doesn't reach the Board so my suggestion is to go for it.

Here are the upcoming deadlines for bursaries, etc.:

ORVILLE ERIKSON MEMORIAL SCHOLARSHIP FUND:

For students wishing to pursue a career in conservation. Up to \$1000. No deadline date.

GANDALF SCHOLARSHIP:

Physics, engineering, or computer science students completing 2nd to last year, with study leading to eligibility in Data Communications field. \$2000. Deadline December 17.

GRADUATE CANADA COUNCIL AID TO ARTISTS:

Open to active professional and professionals just finishing basic training. Worth up to \$9000 for 4-12 months. Various Deadlines.

CANADIAN FEDERATION OF UNIVERSITY WOMEN:

This group of awards includes: Margaret Williams

Pre-doctoral Fellowship, professional grants, Alice Wilson grants, and Marg Dale Philip Awards. Applicants must hold a degree time of application and Canadian citizen. Value \$8000/\$1000/\$7000. Deadline is December 15.

E.B. EASTBURN FELLOWSHIP FUND:

For natural or physical sciences. Must have completed Ph.D. Value \$37,000. Deadline is December 31.

CANADIAN HIGHER EDUCATION ASSOCIATION:

For an outstanding economics student.

FISHERIES OCEANS SCHOLARSHIP:

Awarded on the basis of scholastic merit undertaken studies related to fish biology in the French language. Valued at \$6000. Deadline is December 15.

Remember, "In search of the Green" begins with
