the levy would yield slightly more than the \$260,000,000 needed annually to finance the pensions. The plan also might be financed through an increase in the sales tax, through payroll tax on employers, or through taxes on corporations.

"NO APPEASMENT,"

(Continued from Page 1)

make certain there will be no leaks of key raw materials to the Communist world. Experts were assigned to make recommendations at later meetings between the President and Attlee.

In his Press Club speech, Attlee told Washington correspondents of the world's leading newspapers that Britain will stand with the United States no matter what happens.

REINFORCEMENTS

(Continued from Page 1)

ported that a column of the U.S. 3rd Infantry Division struck out Wednesday in an effort to reach U.S. marines and infantrymen trapped south of the Changjin reservoir but that a Chinese attack stopped it only two miles north of Maon.

Maon is 16 air miles inland from the east coast port of Wonsan and nearly 100 miles south of the encircled Americans.

Stone said Allied planes flew supplies and ammunition to the trapped force but that ground convoys were unable to penetrate the dense Chinese lines spread southeast of the reservoir.

Returning planes brought out wounded who had survived a five-day retreat along both sides of the Changjin reservoir.

MacArthur's war summary said a Red column 30 miles long was sighted and attacked by U.S. planes in the vicinity of the reservoir. He said it apparently was a division of troops, moving to the northeast front with artillery and self-propelled guns.

BIRTHS, MARRIAGES DEATHS 50c per Insertion

BIRTHS

MORRIS—At Moncton on November 23, 1950, to Mr. and Mrs. Gordon L. Morris, a daughter.

ENJOYABLE CONCERT—Mrs. Evelyn MacKinnon and her High-Light Highland Dancers pleased a large audience at Cornwall last night and the performers were engaged again and again. The music and singing was very much enjoyed, also the readings by Dick Turpin. This concert group will be welcomed again when they return to Cornwall.

Capt. Connolly To Present Toy Rocking Chairs

A communication has been received at H. M. C. S. "Queen Charlotte" from Commodore K. F. Adams, R. C. N. Commanding Officer of H. M. C. S. "Magpie" at Halifax, stating that the two children's rocking chairs which the aircraft carrier brought from England and Bermuda, are on their way to this Province.

The letter asks that Captain J. J. Connolly of "Queen Charlotte" receive the chairs and present them to Mrs. Nelson Smith of Summerside. It is not known definitely when the chairs will arrive, and plans for the presentation which is expected to take place in Summerside have not been formulated.

650 D.P.'s To Work In Ontario Woods

PORT ARTHUR, Dec. 6—(CP)—At least 650 displaced persons from Europe are being brought into Northwestern Ontario to help with the pulpwood harvest this year. It was learned today. Several hundred more may be required. So far more than 300 of the 650 have arrived, with the remainder due in the near future.

*** MONEY TALKS ***

Money Talks all the time—but especially around Christmas Time and HERE I am going to tell you how to save \$1.00 on the purchase of a Real Christmas Present! For ONE WEEK—until Saturday Night, December 9th... THIS copy of the STORE NEWS is worth \$1.00 on the purchase of any Picture priced 2.95 in the Furniture Department of either the Charlottetown or the Summerside Store. There are wonderful Pictures from which to choose—gorgeous Olettes, Scenes or Floral Prints—in beautiful Frames. This Offer means that you get a 2.95 Picture for THIS copy of the Store News and ONLY 1.95 in Cash Money! Should the Demand for these Pictures exceed the Supply, THIS Copy of the Store News is still worth \$1.00 on the purchase of any item in the Furniture—priced at 2.95 or over. BRING IN Your copy of THIS Store News TODAY for the best choice of Pictures. ... The Special Offer is good ONLY until Saturday Night, December 9th in the Furniture Departments of the Charlottetown and the Summerside Stores. ... MONEY TALKS—be sure to listen!

Another Sellout Audience At Play

Rocked by the applause of a large and appreciative audience at Hearn Hall, "Little Women" a dramatic production of the Y. P. U. of Trinity United Church last night proved a sell-out attraction and far surpassed the success it attained on opening night, Tuesday.

With the huge crowd marvelling at and delighting in the various acts the play provided an outstanding example of top notch, self-developed entertainment from the opening scene until the final curtain. Directed under the capable guidance of Mrs. Ruby Houle the play will again be presented on Friday evening.

Canadian Seed Production

OTTAWA, Dec. 6—(CP)—The Bureau of Statistics estimated today that Canadian farmers this year harvested better-than-average crops of hay and pasture seeds. There also was some improvement in the major vegetable seed crops. Good production was reported in alfalfa, sweet clover, timothy, brome grass, creeping red fescue and Kentucky blue grass seed. With the exception of red fescue, production of these types was greater than in 1949.

Output of alsike clover, red clover, western rye grass and Canadian blue grass seed remained low. Among vegetable seed crops, 12 of the 22 major types showed increases in production. From a volume standpoint, the pea crop was the most important with a rise of 42 per cent over last year.

By pounds, production of the main crops follows, with 1949 totals in brackets: Alfalfa, 10,631,000 (8,846,000); alsike clover, 1,702,000 (3,183,000); red clover, 3,095,000 (4,542,000); sweet clover, 22,823,000 (22,297,000); timothy, 14,246,000 (7,496,000); brome grass, 13,929,000 (6,350,000); crested wheat grass, 1,229,000 (394,000); A western rye grass, 45,000 (33,000); Kentucky blue grass, 1,600,000 (110,000); Canadian blue grass, 115,000 (253,000); creeping red fescue, 559,000 (1,046,000).

Farm Prices

OTTAWA, Dec. 6—(CP)—Prices received by farmers for their products declined in October, the Bureau of Statistics reported today. The Bureau said its farm price index, calculated on the basis that prices in 1935-39 equalled 100, slipped to 239.5 from 247.3 in September and 248.8 in October last year. The index now is at its lowest since December, 1947, when it dipped to 226.7.

The decline was attributed to lower average grain prices in the Prairie Provinces and a drop in livestock and potato prices. These decreases were offset to some extent by higher prices for dairy products, poultry and eggs. Index number for each Province, with those for September in brackets, follow: Prince Edward Island 183.4 (199.3); Nova Scotia 213.3 (217.0); New Brunswick 224.5 (228.0); Quebec 264.2 (267.4); Ontario 270.5 (277.3); Manitoba 234.1 (243.3); Saskatchewan 194.5 (201.0); Alberta 232.0 (246.2); British Columbia 254.8 (257.9).

Sees Atom Bomb Of No Worthwhile Value In Korea

SEOUL, Korea, Dec. 6—(Wednesday) (AP)—General J. Lawton Collins, United States army chief of staff, said today he could see no worthwhile tactical use of the atom bomb in Korea.

Collins refused to amplify his statement. The general declined comment on the military situation in Korea when he said "an entirely new situation has developed" since the Chinese Communists entered the war.

The chief of staff made a flying inspection yesterday of the northwestern front where the U.S. Eighth Army was in retreat. James Matheson and Marlene Stairs; 3. Judith MacDonald and Pamela Stewart.

Grade II—1. Elaine Hansen and Joyce Shelton; 2. Michelle Huestis and Carol Ann Michael; 3. Norice Weatherby.

New Nursery Completed At The P. E. Island Hospital

With the most modern, healthful and comfortable accommodation, awaiting them, a number of babies today will be moved into the new nursery at the Prince Edward Island Hospital and will have the privilege of being the first newly born occupants in the recently completed new wing.

Modulated in the nursery, stated Mrs. Newton Large and Hospital Supervisor, Miss Anna Mair as they proudly showed representatives of The Guardian through the new three floor addition on the west side of the hospital. Mr. N. D. MacLean, Chairman of the Hospital Board of Trustees, conducted the tour.

"We certainly never had anything like this before," stated the two nurses as they walked into the Nursery Section with its various quarters for providing the best in medical care for the new born.

And well they could look forward with anticipation of the service that will be available in the nursery with its four separate rooms for accommodation of the babies.

Two of these rooms are equipped with screened cubicles for eleven babies and the two other rooms each have eight cubicles. Individual garments and baby linen are neatly placed in the stands beside each bed awaiting usage. The crib linen and baby clothes were made and supplied by the Wo-He-Lo Club.

Each bed is constructed on wheels in order to move the baby into the nursery examination room quickly or to wheel the infant out into the nursery corridor and up to the glass entrance through which the father may catch the first glimpse of his child.

The babies are protected from the sun's rays by venetian blinds and from cold drafts by special structures on each window. A fire escape route has also been provided from the nursery through which all patients and staff in the new end could be evacuated in the event of fire.

Next to one of the rooms which will accommodate the healthy babies is a section where two incubators will be placed. One of these incubators has been donated by the Junior Ladies Aid. Adjoining the incubation room is an isolation room with facilities for two babies suffering from any bodily disturbance such as a skin condition.

Directly across the hall in the nursery is the examining room where the babies undergo examination before being released and adjoining this room is the physicians quarters where the doctor may relax between calls.

Also in the nursery is a well equipped formula room complete with a refrigerator, sterilizer, stove, formula packs, numerous

Archives-Museum Drive Supported By Trade Board

The Charlottetown Board of Trade members last night unanimously voted that a letter requesting the erection of a provincial archives and museum in the City be forwarded to the executive council of the Provincial Government.

The monthly meeting of the Board and the last in 1950 was held in the Charlottetown Hotel with the president, Lt.-Col. Frank Storey presiding.

Dr. Frank MacKinnon in a brief address outlined the cultural and financial benefits such an establishment would bring the Province. Messrs. Frank Curtiss, Graham Rogers and Major T. E. MacNutt spoke of the possible advantages of such a building.

The Board also showed that they were in favor of the establishment of a Provincial booth at the next International Trade Fair in Toronto, after several members had outlined the possible benefits derived from such a display.

Mr. Graham Rogers stated that total costs for such a booth would run between \$1800 and \$2200 with these costs including the expenses of two representatives. Space costs for a 20 x 10 booth would

be about \$300, he stated. The waning popularity of the horse received another jolt last night when the Board voted in favor of removing the weighing scales on the corner of Queen and Grafton Streets as the building was an eyesore and that the horse driven traffic it brought uptown was clogging up the traffic on the main streets.

Japs Place Large Order For Wheat

WINNIPEG, Dec. 6—(CP)—The Winnipeg Tribune says today that Japan has bought 7,000,000 bushels of Canadian wheat at an undisclosed price and that its own vessels will load the grain at west coast ports.

Payment will be in United States dollars, the story says, those earned by Japanese services to Western Allies engaged in Korea.

Canada recently allowed Japanese ships to dock in Canadian ports, setting aside wartime restrictions.

RIO DE JANEIRO, Brazil, Dec. 6—(AP)—Twelve persons were killed today by avalanches caused by Rio de Janeiro's heaviest rain in 6 years. Police said home-dwellers were being evacuated in some areas and expressed fear the death toll would run higher.
