Soucy, secretary of the Saint John Building and Construction Trades Council (CLC) representing such tradesmen throughout the province, said the Diamond company is anti-union and employees non-union labor.

## N.Y. Republican Mayor-Elect Is Congratulated By Johnson

**WASHINGTON (AP)** — New York's Republican mayor-elect John V. Lindsay, first of his party to capture that title in 24 years, got congratulations and a promise of co-operation Wednesday from President Johnson, a Democrat. Both Democrats and Republicans claimed comfort in the outcome of Tuesday's off-year elections in the United States, which saw Democratic campaigners captured the other two top prizes, the governorships of New Jersey and Virginia. Lindsay, the lanky, 43-year-old U.S. Congressman from Manhattan, hit the New York sidewalks again, this time to thank the voters who zoomed him to victory over Democrat Abraham F. Beame. Johnson told Lindsay he would work to make sure that federal and city officials join forces "to

## Tourist Trip To U.S. Planned By Margaret

**LONDON (CP)** — A mysterious bomb threat marred preparations Wednesday for Princess Margaret's first visit to the United States beginning today. The Super VC-10 jet airliner that will carry the princess and her husband the Earl of Snowdon, to the U.S. was put under heavy guard following the threat. However, no bomb was found after the plane was searched. A spokesman for British Overseas Airlines Corp. said civil aviation constabulary and BOAC security officers guarded both the aircraft and the airport. "The VC-10 would have been under a security guard in any case as Royalty are flying in it," he said. The bomb threat was relayed to correspondents at London Airport by a man who said he was telephoning from a billiard hall in London's Soho district "on strength of a strong whisper." He refused to give his name, but said: "I feel someone in authority should know about this. An attempt will be made to bring down Princess Margaret's flight, either by a bomb or other dubious methods."

## Bedlam Continues To Mark Vancouver Mart Trading

**VANCOUVER (CP)** — Bedlam continued to reign on the Vancouver Stock Exchange Wednesday as government and exchange spokesmen pleaded that investors exercise caution. An announcement by Pyramid Mining just before close indicated that the wild trading that started Monday will continue. Speculators raced for stocks of companies with claims in the Pine Point area of the Northwest Territories and trading records were set hourly. A total of 6,610,337 shares were traded, way above the record of 4,288,411 set Monday. Tuesday's volume was also more than 4,000,000 — a figure that was exceeded by 11 a.m. Wednesday. Pyramid, whose report on one test hole at its Pine Point lead-zinc claim sparked the trading, announced Wednesday that a second drill hole has shown mineralization. Pyramid's favorable report on its first hole not only started trading on its own stock but in that of the companies holding claims in the area surrounding it.

## Leaders On Hustings

Democrats scoffed at Republican claims the Lindsay victory would bolster the Republican party, trounced across the U.S. in Johnson's Democratic landslide a year ago. In the two big victories for Democrats, New Jersey Governor Richard J. Hughes rolled up a record 318,000-vote re-election margin, and Lieutenant-Governor Mills E. Godwin Jr. was chosen Virginia's 21st consecutive Democratic governor. In Louisville, Keenan Smith kept city hall in Republican hands. U.S. Senator Thurston B. Morton of Kentucky said the Republican candidates got 52 per cent of the Negro vote, compared with five per cent of the Negro vote, compared with five per cent under Goldwater's 1964 defeat. Morton said other southern Republicans should take that lesson to heart.
