

Local and Other Items.

No VARIATION this week.

THE FOREIGN MAIL arrived this afternoon.

BY ACTUAL COUNT, there are fifteen hundred pairs of Corsets at Beer Bros.

FRESH GROCERIES.—We are always sure of getting our groceries fresh and good from Sanderson & Co.

DON'T FORGET the Mortgage Sale of premises occupied by Mrs. Monaghan, Richmond Street, on Monday, at 12 o'clock.

THANKS.—Mr. Al. Beer, son of the late Mayor Beer, has the thanks of THE EXAMINER for late Salt Lake, Utah, papers.

THE REASON WHY every lover of good Coffee goes to Sanderson & Co. for their supply, is because they always get it the same—always good.

STREET LETTER-BOXES.—On and after Monday, the 24th inst, the street letter-box collections will be made at 6.30 a.m. and 1 p.m., local time.

I. O. O. F.—The members of St. Lawrence Lodge are requested to meet at Oddfellows Hall this evening, at half-past seven, for practice of second degree.

CURLIANA.—Another "match"—"Lawyers vs. Alchemists"—will be played to-night. All members of the Club are requested to be present.

MONSTON DEBENTURES.—In St. John on Saturday Mr. W. A. Lockhart sold \$1,000 town of Moncton 5 per cent. bonds, due 1910, at 9 per cent. premium.

SUGAR ON THE RISE.—Says the Halifax Chronicle: Refined sugar has advanced. The refinery here has put up prices one-eighth on all grades, and cleared out the stock of refined in consequence of heavy demands from the west.

CAUGHT IN THE ACT.—One night last week the Halifax police surprised four men who were attempting to break into P. J. Griffin's grocery store on Gottingen street. Two of them were captured, James Neville and James Lannon, both notorious toughs.

THE UMBRIA ARRIVES.—By cable from Queenstown to-day we learn that the steamer Umbria has arrived from New York after a good passage—all well. Mr. James Paton, of the firm of James Paton & Co., and Mr. A. W. Stearns, of Perkins & Stearns, were among the passengers.

THE COLD SNAP.—During last night the mercury in the thermometer of the meteorological office fell to five below zero, and this morning at nine o'clock two above was recorded. This afternoon at one the mercury stood at six above. Private thermometers in the suburbs show a greater fall.

LECTURE.—Mr. James H. Good, attorney-at-law, lectured before the students of the Business College and a number of invited guests, in the classroom of that institution, last evening. The subject of the lecture was "Contracts." Those who heard the lecture say that it was a remarkably good effort.

THE STANLEY left Georgetown for Pictou at eight o'clock this morning, but after making her way to about a mile south of Cape Bear, she was obliged to put back, owing to the thick weather and heavy solid ice encountered. She will not leave Georgetown again until weather and ice are more favorable.

HOOKEY BY A HEIFER.—Says the Annapolis Spectator: A few days ago as Mrs. Maitland Brown, of Havelock, was watering a young heifer, the animal turned on her and hooked and bruised her nearly to death, and only by her presence of mind in rolling under a fence was she saved. Mrs. Brown is not expected to live, her injuries are so serious. She is badly bruised in every part.

LECTURE.—Special attention is directed to the announcement of the Rev. D. J. Gregory Macdonald's lecture, which appears in another column. The lecture will be delivered in the Lyceum, on Friday evening next, and the subject will be "The Jesuits." The rev. gentleman has a splendid reputation as a lecturer, and we would advise all who can to make a point of hearing him on Friday.

SOMETHING NEW.—This forenoon we noticed something decidedly new and artistic, in the shape of window dressing in one of the show windows of Beer Bros.' store Queen Street. The design consists of a large number of corset boxes, so arranged as to represent the front of the Provincial Building, around which is erected a very dilapidated-looking fence. On one of the rickety panels of this latter structure is the sign "keep off the fence." The clerk who designed the work, and those who helped him perfect it, deserve every credit for originality and taste. The picture, however, would be made more complete if one or more cows were placed inside the railing.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. Jan 7 '90.

DOMINION PARLIAMENT

Summary of Proceedings.

OTTAWA, Feb. 21.

The debate on McCarthy's bill came to an end to-night at ten o'clock, when Sir John Thompson's amendment was carried by a division of 150 to 50. This is an unusually large vote, the absentees numbering but fourteen. The minority was made up of 9 Conservatives and 41 Liberals. The majority was made up of 107 Conservatives and 42 Liberals. Of the Maritime Province members who voted against Sir John Thompson's amendment were Davies, Ells, Gilmore, Hale and Perry. Robertson, Weldon (Albert), Weldon (St. John), Welsh, Yeo. Melutyré voted with the majority.

Sir John Thompson's amendment which has been carried, is as follows:—That this House having regard for the long continued use of the French language in old Canada and to the covenants on that subject embodied in the N. B. A. Act, cannot agree to the declaration contained in the bill, as a basis thereof that it is expedient in the interests of the National Unity of the Dominion that there should be community of language amongst the people of Canada. That on the contrary this House declares its adherence to the said covenant and its declaration to resist any attempt to impair the same, that at the same time this House deems it expedient and proper and not inconsistent with the covenants that the Legislative Assembly of the Northwest territories should receive from the parliament of Canada power to regulate, after the next general election of the Assembly, the proceedings of the Assembly and the manner of recording and publishing such proceedings.

Mr. Biggar's Funeral.

LONDON, Feb. 21.

The funeral of the late Joseph Biggar, Parnellite member of Parliament, was the occasion of a great religious ceremony at the Roman Catholic Church, Clapham, in spite of the hostility of his sisters, whose political opinions are diametrically opposed to those of the late patriot. The Irish members of Parliament mustered in great force. After the ceremonies the body was escorted by the Irish members to the railway station and put on board the train for Liverpool, on their way to Caven, Ireland.

An Unusual Proceeding.

LONDON, Feb. 21.

The persistent attendance of the Prince of Wales in Parliament is exciting astonished comment. Ever since the session began His Royal Highness has never missed a night. When tired of the Lords, he strolls into the Commons, chafes the Lord Chancellor in the first and the Speaker in the second, and drinks at the bars. He even nods to the Irish members, and is "hail fellow well met" with anybody.

A Bad Storm.

HAWKESBURY, C. B. Feb. 21.

Last night was one of the worst storms we have had for a number of years. Captain Archibald McEachern, acting as storekeeper and watchman at the Railway Wharf at Point Tupper is missing, and it is feared he lost his way going to the wharf and perished. A number of citizens turned out to-day in search of him, but without success.

Expelling Students.

WASHINGTON, Feb. 21.

At a meeting of the Faculty of the Washington and Jefferson College to-day the Senior Preparatory Class was expelled, with the exception two members. The trouble that caused the expulsion was that the class, with the exception of two members, cut a Latin recitation without giving any reason.

The Extradition Treaty.

LONDON, Feb. 21.

Lord Salisbury intimated to-day that he would accept the United States Senate changes in the Extradition Treaty. Therefore the future parleying between Mr. Lincoln and his Lordship will be short and easy.

Crying Out Again.

CAYUGA, Feb. 21.

Final returns have been counted, and it is now found that Dr. Montague, the Conservative candidate, is elected by a majority of 232. The Liberals claim that their defeat in Haldimand was caused by their opponents resorting to bribery.

Weather Bulletin.

TORONTO, Feb. 22.—10 a. m.

West to northwest winds; fair, colder weather.

Boston's Mortality.

The deaths during the last year in Boston numbered 10,259, compared with 10,197 in 1888, making the death rate for the year 24.42, reckoning the present population of the city at 420,000. Of those 10,259 deaths during the year, 1963 are due to causes which are generally under the head of preventable diseases. That is to say, 19.18 per cent of the total deaths were from zymotic diseases, while 80.82 per cent were from other causes. There were 1431 deaths from consumption, 938 from pneumonia, 448 from bronchitis and 759 from heart disease. These, together with the deaths from violent causes, old age, Bright's disease and cancer, account for nearly one-half the total number of deaths. Of the deaths from preventable causes, diphtheria was the cause of the largest number, there having been 594 deaths from this disease, and 45 from cholera infantum. The death rate among children under five years of age was 35.41 per cent. against 35.2 the previous year, but still a comparatively low percentage of the total mortality.
