

THE DAILY EXAMINER. PROVINCIAL LEGISLATURE.

JUNE 17, 1891.

Glorious Work!

HAVING, ad interim, given the walking ticket to Widow Ledwell and some other persons employed in the Provincial buildings, the great Liberal party proceeded, on the re-opening of the Legislature, yesterday, to oust the door-keepers and messengers of the House of Assembly from the positions to which they were appointed at the beginning of the present legislative term. This is glorious work for the Liberals! The glory of it is heightened by the fact that members of the Government declared that they are face to face with a serious financial problem, requiring the most careful consideration on their part and great sacrifices on the part of the people. That they can, or are able, or can find time, in view of the awful position of the Province and the terrible responsibility which has been thrust upon them, to attend to little matters such as the personal of doorkeepers and messengers, argues the possession by them of qualities which make for true greatness. It is said that Napoleon would, when engaged in the contemplation of his grandest designs, stop to degrade or to promote his meanest soldier; and it is held that this extraordinary ability evidenced his Imperial mind. On the same principle we may assume that the Leader of the Government and his colleagues are fitted for the execution of works of even greater magnitude than relieving Prince Edward Island from all its financial difficulties. Full of the cares of state, they have yet had regard to the bereaved widow and the poor doorkeeper. Ex uno disce omnes.

Upholding the Scott Act!

THAT there was cause for the strong words in the charge of the Master of the Rolls to the Grand Jury of Prince County concerning the violation of the Canada Temperance Act is but too manifest. We fear that the evil of drunkenness is increasing rather than decreasing throughout the country. As one proof of this, we adduce the fact that on Sunday last, the quiet settlement of Fifteen Point was disturbed by a number of drunken men, driving a number of horses and buggies and waggon, and racing, and shouting, and cursing upon the road. We are informed that the Lord's Day was never before so desecrated in that settlement. The observing person cannot help seeing in Summerside and other towns and villages of the Province abundant proof that the Scott Act is being continually violated. It ought to be surprising that in view of the facts, and the direction of the Judge, no magistrate was presented by the Grand Jury for permitting violations of the Canada Temperance Act to continue in his neighborhood. But Grand Juries and magistrates are, perhaps, like some other larger and more important bodies governed by "the custom of the country," rather than by respect for the law. What did we see in the House of Assembly yesterday? A man who has, if we mistake not, been repeatedly convicted for violation of the Scott Act, elected to the office of Sergeant-at-Arms by the party which represents (or mis-represents) the majority of the people—and that on the motion of Mr. Bell, the temperance advocate! John MacPhail and Edward Davy, and John D. MacLeod and Archibald McEachern, and hundreds of other respectable men supporting the Government Party would have been happy to accept the position. But the exigencies of the Party of Purity and Temperance were such that they were compelled, on motion of Mr. Bell, to pass these men by, and elect to the coveted position Mr. James F. White, of Casumpec. Verily we have here, a flourishing branch of the Organized Hypocrisy. How can we expect common men to obey the law, how can we expect common magistrates to do their duty in respect to the law, when our legislators, our law makers, those to whom we look for example as well as precept, act as the majority in the House of Assembly acted yesterday?

Personal.

Mr. L. S. McNutt, of Charlottetown, was registered at the Royal Hotel, St. John, on Monday.

MARRIAGE BELLS.—Mr. Henry McFarlane, a popular clerk in the wholesale department of Mark Wright & Co's. furniture establishment, was united in marriage to Miss Ida Leslie, one of Souris's fairest daughters, at that place to-day. The wedding presents included an elegant silver service from the groom's fellow employees, and the firm presented a walnut sideboard. THE EXAMINER'S best wishes are extended to the happy couple.

We are going to give special discounts in books for prizes until the schools close. An excellent opportunity of securing books cheap. Call and see our new stock.—Bazaar Co. jun17 li & sat

AN EXPLANATION.—Owing to a mistake made by our shipper this spring in sending us an inferior grade of green coffee our 40 cent coffee the past few weeks has not been up to its usual flavor and strength, but having just received another supply of pure Mocha and Java, we can now guarantee to give our customers the same satisfaction in this line of goods as we have done for many years past.—Beer & Goff. jels4i

HOUSE OF ASSEMBLY.

TUESDAY, JUNE 16.

House resumed—after adjournment on the 23rd April—at 3:30 p. m. Of the members there were absent Hon. D. Gordon, Messrs. A. J. Macdonald, J. O. Arsenault and James E. Macdonald.

After routine,— Mr. Bell moved that James F. White be appointed Sergeant-at-Arms for this House.

Mr. McKay moved in amendment that Alexander Maceachern be appointed Sergeant-at-Arms.

House divided on the amendment,—

Yeas. N. McLeod, Bentley, Shaw, Clow, Sullivan, Jenkins, A. McLeod, Rogers, McKay, Underlay—10. Nays. Peters, McLean, McMillan, Forbes, Farquharson, Richards, Sinclair, H. C. McDermald, Bell, Warburton, Montgomery, McWilliams, Cummiskey, Robertson—14.

Mr. McKay then moved that John D. Macleod be Sergeant-at-Arms.

Hon. Mr. Farquharson then moved in amendment that the hon. member have leave to withdraw his motion. House divided—15 to 10.

The other officials were then elected on the same day, as follows:— Reporters—James Ramsay and Wm. H. Crosskill, instead of Isaac Oxenham and Geo. F. Owen.

Messengers—Donald Matheson and Wm. Pound, instead of W. G. Sabine and Geo. McLeod.

Doorkeepers—John F. Arsenault and Neil McIsaac, instead of Ninian Patterson and George Burdge.

After the appointment of standing committees—not interesting to the public—and the final announcement of the appointment of the official members of the Government—of which everyone is aware—Mr. Cummiskey submitted the following draft of an address in reply to the speech of His Honor the Lieutenant Governor at the opening of the session:

DRAFT ADDRESS.

To His Honor Jedediah Sison Carvell, Esq., Lieutenant-Governor of the Province of Prince Edward Island, etc., etc.

MAY IT PLEASE YOUR HONOR:— We, Her Majesty's loyal subjects of the House of Assembly of the Province of Prince Edward Island, respectfully thank Your Honor for the speech with which you have opened the present session of the Legislature.

We tender to Your Honor our assurance of cordial co-operation, advice and assistance in such legislation as may tend to promote the best interests of this Province.

Notwithstanding the lateness of the season and the consequent inconvenience to the members of the House of Assembly, Your Honor can rely on our devoting sufficient time and consideration to the enactment of such measures as the necessities of the Province may require.

We are in accord with the opinion expressed by Your Honor that a marked improvement was visible in the management of the last Provincial Exhibition. We trust that in the future the farmers of this Island may continue to derive an ever increasing benefit from such associations. We have to regret with Your Honor that during the past winter, feed for farm stock became scarce, and much inconvenience and loss were experienced in consequence of the shortage in the crop of last season.

Whilst we thank Your Honor for the assurance that the public accounts will be laid before us, we learn with anxiety that a more than ordinary deficit appears in the transactions of the past year, and that the Government have largely borrowed from the banks to meet current expenditure. Such measures will be adopted as will tend to satisfy that indebtedness.

We thank Your Honor for the promise to submit to us the estimates for the current year, and that they have been framed with due regard to economy and the efficiency of the public service. Such measures as may be laid before us, having for their object the lessening of the expenditure without impairing the efficiency of the public service, will receive our earnest consideration.

We thank Your Honor for the confidence you have expressed in our zeal for the welfare and prosperity of the Province, and assure you that we will faithfully devote ourselves to the discharge of our legislative duties, trusting that Divine Providence may guide us in the consideration of all public matters.

WEDNESDAY, JUNE 17.

Mr. Cummiskey moved that the House resolve itself into a committee of the whole to consider the Draft Address in reply to the Lieutenant Governor's speech, and delivered a neat speech in which he referred to the inconvenience of the time at which the Legislature met, and reviewed briefly the several paragraphs of the Address.

Mr. Robertson seconded the motion, advocating the encouragement of agriculture and the fisheries and the equalization of the Provincial revenue and expenditure.

The Leader of the Opposition complimented the mover and seconder of the address, and expressed his surprise that nothing had been said to indicate the course of the Government in respect to the finances of the country. He referred to the short crop of last year. He claimed credit for the late Government in respect to the improvement of our annual exhibitions, and said that he was glad that the efforts of the late Government in this regard were recognized by the supporters of the present Government. He chided the Leader of the Government and his colleague on some of their pre-election pledges concerning taxation, and declared that it was not his intention to give the Government a factious opposition.

The Leader of the Government said in reply that he would at the proper time submit the financial policy of the Government and that he would honorably fulfill all his pre-election pledges.

Mr. Bentley said that he was pleased with the tone of the mover and seconder of the Address, referred to the yearly improvement in exhibitions and pointed out that it was the policy of the late Government to encourage agriculture in every way. He hoped that the Government would, in the words of the mover of the Address, "grasp the difficulty" in respect to finance. He referred to last year's expenditure upon wharves, and expressed himself as favorable to an experimental farm for this Province. He pointed out

that the finances of the Province had been greatly improved by the efforts of the late Government, and declared that, compared with Nova Scotia and other Provinces, the financial state of Prince Edward Island is good. But any measure for the benefit of the Province, any right measure, would receive his support. House took recess.

LEGISLATIVE COUNCIL.

Hon. Mr. Rogers, of Alberton, has been unanimously elected President of the Legislative Council.

City Council.

A special meeting of the City Council was held in the Council Chamber this morning at 11 o'clock.

There were present His Lordship the Mayor, His Honor the Recorder, and Councillors Morris, Taylor, Elen, Douse, Beer and Crabbe.

Moved by Councillor Douse and seconded by Councillor Taylor.

Resolved, That the Finance Committee be empowered to grant a sum not exceeding one hundred dollars to aid the firemen at the Firemen's Tournament at Moncton on the 1st July next, if the said committee shall deem the same expedient, and the said sum to be paid out of the Estimates Contingent Fund.

Carried unanimously.

Moved by Councillor Eden and seconded by Councillor Taylor:—

Resolved, That the tender of Michael Egan be accepted as the lowest tender and that the contract be awarded him on his signing a proper agreement with the city. This agreement to contain the usual clauses and covenants for the due performance of the work and the proper rebuilding of Queen's wharf, and that the work be finished on the 1st day of May next, 1892, subject to penalty in default of \$100 per day thereafter, and that the work be performed subject to and under inspection of a person to be appointed by the city and that payments be made from time to time, as the work progresses, on certificate of inspector, at least 10 per cent, in value of work done being retained—agreement generally to be the same as Government contracts are now drawn. Two sureties to sign bonds for due performance and to justify before a Judge of the Supreme Court, each in the sum of \$3,500.

Carried unanimously.

Moved by Councillor Byrne and seconded by Councillor Morris.

Resolved, That the City Council of the city of Charlottetown, in the Province of Prince Edward Island is conscious of the loss that Canada has sustained by the death of Sir John A. Macdonald, her Prime Minister, the greatest statesman of the Dominion and one of her truest patriots.

Further resolved, That the council deeply sympathizes with his widow Lady Macdonald, in this hour of her sad affliction and bereavement; and

Further resolved, That a copy of this resolution be forwarded to Lady Macdonald.

Carried unanimously.

Council adjourned.

LETTERS TO THE EDITOR.

Dr. Taylor and the "Medical Bill."

SIR,—In reply to Dr. Taylor's letter in yesterday's EXAMINER permit me to say that he is entirely incorrect in stating that secrecy is observed in reference to the introduction of the proposed Medical Bill.

At a meeting of the Medical Association (of which Dr. Taylor is a member) duly called and held in February last, it was unanimously resolved to apply for an act to amend the law relating to the medical profession. A committee was appointed to draft a bill to carry out the view of the Association, and arrangements were made to have petitions in favor of the proposed amendment signed by the members of the profession throughout the Province.

These petitions have now been signed by nearly all the doctors on the Island, not one of the profession (so far as heard from) except Dr. Taylor having refused to sign it. The committee have prepared a draft bill embodying the provisions approved of by the Association. The bill is based on the English acts and on the acts in force in Ontario, New Brunswick and Nova Scotia, and containing no material clause not to be found in these acts.

It is true that at the time of the meeting Association referred to and until recently, Dr. Taylor was absent from the Island; but as a fact, shortly after his return home a copy of the petition was presented to him for his signature.

How, in the face of these facts, Dr. Taylor can assert that he accidentally discovered that it was proposed to introduce the bill, that the medical profession are not made acquainted with the nature of the bill, or that secrecy is observed in regard to it, I am utterly at loss to understand. His assertions are simply untrue.

The sole motive of the Medical Association in preparing this bill was to put the medical profession in this Province on a footing of equality with their brethren in the other provinces, and to prepare the way, at the suggestion of the Medical Council of Ontario, for medical reciprocity throughout the Dominion.

As before stated, the proposed bill contains no material provision not to be found in the acts in force in the other provinces, and as I can see no good reason why this Island should be an exception to the rest of the Dominion, as far as medical legislation is concerned, I would ask the members of the Legislature not to allow themselves to be prejudiced by sensational and misleading newspaper correspondence.

S. R. JENKINS,

Sec'y P. E. I. Medical Association. Ch'town, June 17, 1891.

Filth in our Streets.

SIR,—Very few people have paid any attention to the notice issued by the City Marshal, requiring citizens to remove all dirt from the sidewalks and gutters opposite their premises, and to keep them swept and clean. It is evident, that unless some of the offenders, who persistently break the law and make the sidewalk and gutters a receptacle for their sweepings and garbage are made an example of, the city will never be kept clean.

The police have only to open their eyes as

they patrol the streets, to observe where the dirt lies, and ascertain who the transgressors are.

This nuisance can be remedied, if the police do their duties and the bye-law is enforced and not allowed to remain a dead letter, like many others in our statute books. Yours truly,

PEDESTRIAN.
