

### Charter Presentation Made At Meeting In Summerside

SUMMERSIDE — The Summerside Chapter for "The Society For The Preservation And Encouragement Of Barbershop Quartets Singing In America Inc." was presented its charter at a meeting held at Epworth Hall Saturday night.

The chapter was presented by Harold Wodman, area councillor for the Maritimes. F/L Hank Fisher, president of the Summerside chapter accepted the charter on behalf of the group.

The program opened with the Summerside Chapter singing a number of barbershop songs. Following this a quartet known as "The Four Bars" from Kentville, N.S. sang a number of selections.

Also taking part in the program was "The Air Force Four" a quartet from Ottawa, Ontario.

Harmony education certificates were presented to the president by Mr. Wodman. These were in turn presented to Dr. Bryan Conly, Allan Wedlock, Henry Schales, Wilfred Gallant, F/L Ross Menzies and Kendal Godkin. These were presented to the above members to signify that they had attended a harmony education program in Halifax last November.

The program closed with the singing of "Keep America Singing" by the chorus and quartets. This is the society's theme song used to close all barbershop meetings and concerts.

At the close of the program Rev. Dr. C. R. Webber thanked the Summerside chorus and visiting quartets for the enjoyable evening.

The chapter's immediate plan for the future is to stage an annual barbershop show April 15 at Civic Auditorium in Summerside. This will feature two of the leading quartets from U.S.A., "The Top Hats" and "The Neptunes".

The following is the recently elected executive of the Summerside Chapter: F/L Hank Fisher, president; Gerry Sheen, vice-president; Kendal Godkin, second vice-president; Allan Wedlock, secretary and Henry Scales, treasurer. Elected to the board of directors were George Meikle, Jack Balcom, and Eric Woodside. The music director is Bryan Conly.

### Decision Is Due In Assault Case

SUMMERSIDE — The case of Roy Sonier, Summerside, charged with assaulting Mrs. George Arsenault, owner of a second Street Grocery store here, resumed in town police court Saturday morning.

Magistrate R.S. Hinton, QC presided.

Crown prosecutor George R. McMahon presented the case for the crown. G. Bruce MacDonald is counsel for the defence.

The accused took the stand to testify in his own behalf. He told of details on the night which he visited Mrs. Arsenault's store for a few small articles and said that he was planning to return to the Prince County Vocational School where he had been employed for the past 2 1/2 years.

The accused went on to say that after offering Mrs. Arsenault a drive home, "she got into my Volkswagen and I saw she hadn't much room and I told her if she wanted to move the seat back there was a lever on the right hand side of the seat and I told her to pull up on it. I then heard her screaming and I looked over and I saw a man with his arm around her neck," he stated.

The witness said he reached over and grabbed the man by his jacket and pulled him into the car almost on top of Mrs. Arsenault's back. Mr. Sonier said when this happened Mrs. Arsenault managed to squeeze out between him and the door and began to run up the street.

SAID PUNCHED

"The man I had hold of reached over and gave me one or two punches in the face. I released my grip on him and the man began running up Duke Street."

### Many Letters Undelivered

In the last 12 months a total of 25,072 first class letters have been sent from the Charlottetown Post Office to Montreal because postmen were unable to deliver them. The Post Master, W.F. Griffith, said that all mail which isn't delivered in Charlottetown is sent to an undelivered section in Montreal.

The reason letters aren't delivered are many. Sometimes the people can't be found as they may have moved elsewhere years before a letter arrives, at other times, addresses aren't complete and again the letters can't be delivered.

The post office keeps no record of any other class mail. The post master said tons of it are being returned all the time.

### Speeder Fined \$15 And Costs

A Rose Valley man, Kenneth Cousins, was fined \$15 and costs or five days on a charge of speeding by Magistrate A.J. Haslam, QC, in City Police Court Saturday.

Brian Richard Curley, Cardigan RR2 was fined \$10 and costs for failing to stop at a red traffic light.

Donald Smith, Pinette, was fined \$5 and costs when he failed to stop at a stop sign.

A local man was fined \$10 and costs on a charge of littering the streets.

One accused was fined \$20 and costs or 10 days on a charge of being drunk and incapable.

### Power Growth Topic Chosen For Rotary

A.D. Cameron, former general manager of Maritime Electric Company will address the Rotary Club today at 12.30 at the Charlottetown Hotel. Mr. Cameron was scheduled to arrive in Charlottetown yesterday afternoon but was grounded in Moncton due to unfavorable weather conditions.

Mr. Cameron will speak on the growth and use of electric power in this province and throughout the country in general. He will also show slides of the Maritime Electric Company's steam plant here in Charlottetown. He will also present statistics representing the growth of the electric system.

Tuesday night, Mr. Cameron will be the guest speaker at the annual meeting of the Electrical Service League of Prince Edward Island at the Charlottetown Branch of the Royal Canadian Legion.

Mr. Cameron will deliver both speeches in conjunction with National Electrical Week.

### Rev. C. Roche Gets Transfer

Rev. Clarence Roche, a member of the staff of St. Dunstan's Basilica for 13 years, has been appointed parish priest of St. Andrews parish, Queens County. Father Roche is replacing Rev. George MacCormack who has been parish priest of St. Andrews for a number of years.

The appointment was learned last night from Rev. Faber MacDonald, vice-chancellor, who said a further announcement would be made today.

Rumors of the appointment were current over the weekend in the city and were confirmed last night by Father Faber MacDonald.

It is expected that a formal announcement, including other appointments, would be made today.

### New Owners Of Color TV Described 'Dream Target'

By KEN SMITH  
Canadian Press Business Editor  
TORONTO (CP) — Here's a tip for anyone thinking of buying a color television set in the near future — you're a "dream target."

That's the advice given Wednesday to a group of big-name advertisers as one agency, J. Walter Thompson Co. Ltd., presented its outline of what the advent of color TV in Canada next fall will mean to the viewer, the industry and the people who will be paying for it all — the advertiser.

The consensus was that the new medium is going to grow in Canada at a wild rate, presenting opportunities for advertisers that are "terrific," "wonderous" or even better.

Corporate advertising executives attending the seminar were told the buyer of color TV has the following advantages:

—He's a bigger spender than his black-and-white cousin, up to 21 per cent more on household products than all other homemakers.

—He's a heavier user of convenience products, like frozen foods, prepared meats and mixes, paper products.

—He's more venturesome in trying modern products like aerosol spray cans, electric toothbrushes.

—He's a status-symbol buyer, with a high degree of interest in wall-to-wall carpeting, scotch whisky instead of rye and high-priced cars.

—He smokes more, especially cigars (his wife smokes more than average too).

APPEARANCE CONSCIOUS

—He (or she) is more appearance conscious, well above average in using clothing, cosmetics, toiletries and diet foods.

—He can't resist buying the set and will rationalize the purchase over other more important household needs.

The agency said surveys in the United States, where color TV is well established, show people are willing to watch a program just because it is in color and switching a program to color from black and white will add 750,000 viewers.

More importantly, the survey showed people like commercials better in color than in black and white.

The agency offered a few warning words, however. It said switching to color will not by itself make a good commercial out of a bad one and color advertisements will cost more and take longer to produce.

WILL COST MORE

—A 30-second spot aired in color will cost about \$3,700 to make compared with \$2,500 for the same message in black and white and will require six to eight weeks to produce compared with three to four weeks.

The chief reason, the agency said, is the lack of color laboratories in Canada, but it expressed optimism they will come.

The seminar noted most Canadians now are in range of U.S. color TV broadcasting, as they are getting used to the medium. Last year there were only 20,000 color TV sets in Canada, but by 1970 the number is expected to rise to 1,100,000.

In one again announcing my candidacy for City Councillor from Ward 6, I wish first of all to express my sincere appreciation of the confidence you have reposed in me as one of your representatives in Council for the past seven years. It has been both a pleasure and a privilege to see our Ward grow and prosper in that time and to feel that we in City Council perhaps had some part in aiding that development to make Ward 6 a finer and better place in which to live and work.

You will all know how difficult it is for any one person to visit all homes in this modern age and so I have to take this means of asking for your continued support on Election Day. If you once again place your confidence in me I assure you I will do everything I possibly can to be worthy of your trust and to give you the best possible civic government.

May I remind you to make sure your name is on the voters list and to do that immediately. This list is available for your inspection at City Hall. Corrections can be made now, but Election Day is too late. You will be able to cast your ballot at Spring Park School between the hours of 9 a.m. and 6 p.m. next Wednesday and if you require transportation please call 894-6537.

Sincerely yours,  
Elmer MacRae
