KEPT THE TRACK—One day last week a young woman cyclist took to the strip between the tracks, in front of the belt line car, which was crowded with people hastening home. She was a cool daring, and moreover, a cheery young woman, and despite the constant ringing of the mortoman's gong, she stuck to the track allowance and raced along ahead of the car, oblivious to all warnings. The mortoman was angry, and so were the passengers, for she couldn't climb the grade as rapidly as the trolley, the people were in a hurry, and yet the cyclist stayed upon the track. To have run her down would have been justifiable in the minds of the passengers, but the motorman could not see his way to such an extreme measure, and so everybody had to wait until she reached her own street, when she turned off with a saucy grin at the car.—Toronto Star.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of woman is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Counsel—What is your age, madam? Witness—Forty-seven, sir. Counsel—Married or single? Witness—Single. I never had an offer of marriage in my life, and if it is of any interest to the court I don't mind saying that I have worn false hair for nearly 30 years. Counsel—Hem! That is all, madam. There is no use trying to shake the direct testimony of so truthful a woman as you are.—London Tit-Bits.

# Busy as Bees AT MY STORE.

"MY STORE" was like a bee hive yesterday, thronged with busy buyers all day long. Customers don't need to ask why we are so busy, all they have to do is to ask the prices we are selling the goods at, that answers the question.

## THESE DAYS ARE ALL TOO SHORT

We've so much to do, so much opportunity to make this best store better, so many ways of making this necessary store more necessary to you, Days too short for you too, gathering for the seasons wants at prices so small that you double the pleasures of spending. The early comers find earlier shoppers before them. The town Clock strikes six and the store day is over too soon. There's never been such a volume of goods handled at this time of year in this store before. WHY?

CALL AT MY STORE AND SEE.
