

Local and Other Items.

NO MAILS crossing to-day. BAND at the Rink to-night. LAND LEAGUE meeting to-night. READ Mr. Earle's programme of his concert in another column. THE "Northern Light" left Georgetown this morning at 7 o'clock, but has not yet reported at Pictou. WE would impress upon the authorities the necessity of compelling citizens to clear their sidewalks of snow. MR. JOHN GRANT, of Montreal, one of the Directors of the Consolidated Bank who lost a fortune by the failure of the bank, died on Sunday last. REMEMBER Mr. Earle's concert to-morrow evening, in the Y. M. C. A. Hall. THE snow storm yesterday was very heavy in the country. The railway and roads are to a great extent blockaded. Trains are, however, running on time. LOUIS RIEL, well-known in connection with the Red River insurrection, and now an exile from the country, is reported to be in the vicinity of Willow Creek, Montana. THE band of the 82nd Battalion at Mr. Earle's concert to-morrow evening, at the Y. M. C. A. Hall. A COLD wave passed over the Eastern portion of the United States on the 24th instant. The thermometer fell as low as forty. Ice-cutting was immediately commenced, and is being prosecuted with the greatest energy up to the present. MR. GEORGE PAYNE, a man born without arms, but who became very clever with his feet and toes and exhibited himself at various meetings in the country, died at his home in Williamsburg, N. Y., Friday, Jan. 29, aged 27 years. He leaves a widow and one child. LATELY advertised by the Indianapolis (Ind.) News, is the fact that Mr. Frank Patten, one of the editors of the Indiana Farmer, (of Indianapolis), strongly induces St. Jacobs Oil. It cured his wife of a very severe attack of rheumatism and so quickly. THERE were 22 deaths from small-pox in Philadelphia last week, an increase of 14 over the number for the previous week. At Pittsburgh, on the 23rd, forty-one new small-pox cases were reported, and 21 in Alleghany city. Nineteen deaths occurred in Alleghany city last week. WE beg to remind Shareholders and Depositors in the Bank of P. E. Island of the meeting in Masonic Hall on Wednesday next at eleven o'clock. The business to be transacted is very important, and it can be more satisfactorily and successfully done by the attendance of all interested. WE are glad to see that the Stipendiary Magistrate is determined that no refuse, snow or filth shall, this year, be deposited on Government House Pond. A fine of TWENTY dollars each against two offenders brought before the Court this morning will, we think, serve as an effectual warning to future offenders. WINTER COMMUNICATION.—A meeting of the Y. M. C. A. Debating Club will be held in the Association Hall, on Wednesday evening, 1st prox., at 8 o'clock, sharp. Subject for discussion—"Which would be the best means of facilitating our communication with the Mainland, winter and summer, for the transportation of mails, goods and passengers, continuously." To be opened by Professor Fletcher. Open to all members of Reading Room. ON Saturday evening last a young woman named Stewart, from the country, asked for lodgings at the house of Mr. Donald McLeane, Queen Street. It was granted. Yesterday morning she appeared in her usual health. No suspicious circumstances were noticed. Later on, one of the householders, examining the room, found the body of a dead infant in the bed in which the young woman slept during the night previous. The authorities were notified, and an inquest on the dead body is now going on. THE HON. MR. FERGUSON must have very hurriedly read THE EXAMINER's article of Friday. So far from saying that the Local Government had nothing to do with the completion of the bargain respecting efficient and continuous communication, winter and summer, we commended them for doing what they have done, and said that, in our opinion, they had, as a Government, taken the proper course. We now say that if they do not continue to press this subject upon the Dominion Government until full satisfaction shall be given the Province, they will be justly subjected to severe censure. THE Amherst Amateur Opera Company produced "Patience" to a large audience in the Institute, St. John, Friday last. The newspapers compliment the Amateurs on their success. Miss C. Hamilton, a young lady well known in this city, took the part of Lady Jane. Of her success in the character, the Sun says:—"Miss C. Hamilton as the Lady Jane was too sweet and pretty to fill Gilbert's bill for a 'gaunt, formidable, portentous, black-haired asthete,' and her impersonation of the character was a decided improvement on the author's version. If this meets the eye of the wicked mischief-maker who addressed an anonymous letter, last week, to a lady residing in the vicinity of Charlottetown, the author may rest assured that the parties concerned understand each other too well to have their peace disturbed by any such malicious act. May the dagger of the would-be assassin, thus fallen powerless, return with a thousand-fold force and bury itself in the vile and wicked heart which prompted that cruel letter, and there cause such torture that it get no rest until it repents of, and confesses, the commission of an act worthy only of a 'Guteau' and calculated to mar the happiness of a fond husband and wife.—CON. WHEN speaking last Friday evening on the hardship and suffering frequently endured by passengers crossing the Cape in ice boats, Mr. A. McNeill made a graphic allusion to a young girl who, a few years ago, suffered severely from cold and exposure in an ice boat crossing the Straits to visit a sick mother at home. When this strong and hearty young woman, almost exhausted, was ready to give up in despair, a plucky young man who was also a passenger on his way home from College, did all he could to comfort his lady friend. When all other entreaties failed to cheer her, he exclaimed: "Well done, Mary! Keep up your courage for the honor of Belfast!" It is needless to add that both these passengers were the descendants of hardy Scotch Highlanders.

Diocesan Church Society.

THE ANNUAL GENERAL MEETING of the Society will be held in ST. PAUL'S SCHOOL ROOM, on WEDNESDAY EVENING, 1st February, at half-past Seven o'clock. D. FITZGERALD, Secretary.

VALUABLE FREEHOLD FARM!

I AM instructed by JAMES MACKIE to sell at PUBLIC AUCTION, on WEDNESDAY, the 1st of February Next, at 2 o'clock, on the premises, all that Valuable Freehold Farm, with the substantial and well-appointed Dwelling House, Barns, Stable and other Outbuildings. The Farm contains about 89 acres of the best land in Queen's County. It is situated at the terminus of the Cavendish Road, at the Bay View Wharf, one of the best shipping places in New London. About 60 acres of the Farm is cleared and in a high state of cultivation, the balance is covered with soft wood suitable for fencing. Around the shore and within 50 yards of the Barn Yard is to be had an abundant supply of sea manure, thereby enabling the owner to keep the Farm in good condition without the toil of obtaining Mould Mud. This Farm has a southern aspect, can be tilled earlier in spring than most Farms on the Island, and is renowned for its Wheat growing qualities. Also, all that eligible Mercantile Establishment, consisting of about 1 acre of land together with the following buildings, viz.—1 set 3 ton Fairbank's Scales. The above Business Stand is unrivalled as a trading site on the North side. Being in the centre of a wealthy farm district, and alongside a good Wharf, renders it convenient for carrying on the Produce Trade as well as general merchandise. The Stores are well constructed and arranged, with frost-proof Cellars and other conveniences for the Country Trade. Also, at the same time and place, I will sell 1 Organ, fine toned, 5 stops, 1 Buckeye self-raking, Mowing and Reaping Machine, 1 Iron Plough, 1 set Steel Tooth Harrows, 1 Horse Rake, 1 set Fanners, 1 Cultivator, 1 Cart and Truck (iron axle), 1 Truck Wagon (new), 2 Wood Sleighs, Horse Rakes, Forks, Shovels, &c., together with the Dry Goods, Groceries, &c., in the Store. Terms—For the Farm and Stores, one-third Cash, the balance can remain at 6 per cent. interest for a term of years, secured by Mortgage on the Farm and other property; for the moveables, terms easy; all sums under \$5 payable 1st November, 1882. Further information can be had on application to the owner, JAMES MACKIE, on the premises, or W. D. STEWART, Auctioneer. Jan. 24, 1882.

THE CONCERT

Benefit of the Hospital, WILL TAKE PLACE IN THE Y. M. C. A. HALL, Wednesday, 8th of February, January 30, 1882.

Charlottetown Cemetery Co'y

THE ANNUAL MEETING of the Shareholders of the above Company will be held in the office of the Secretary, corner of Great George and Lower Water Streets, on TUESDAY, the seventh day of February next, at four o'clock in the afternoon for the election of Directors and other business. By order of the President, F. W. HALES.

THE business carried on by me for the past twenty-three years has, since 1st January, and will in future, be carried on by E. W. Dawson, under the old name of W. E. DAWSON & CO. All persons indebted to me, whether for Book Account or Note of Hand, will please make payment within 60 days. Jan. 28, 1882. W. E. DAWSON.

Referring to the above, I ask for a continuance of the patronage extended for so many years past. Occupying the best business premises in the City, with one of the heaviest stocks of Hardware and General Groceries ever shown, I offer special inducements to purchasers for cash or good paper. Jan. 28, 1882—1w E. W. DAWSON.

MORE LIGHT!

THE Charlottetown Gas Light Company have imported some of "Bray's" Gas Burners, which they will supply and fit on Gas Brackets, etc., at a moderate cost to consumers. These Burners are reported to be the best Flat Flame Burner yet produced, and will give a far greater amount of light than any other Burner with the same consumption of Gas. Dr. Wallace, F. R. S. E., F. C. S., Gas Examiner to the City of Glasgow, in a lecture delivered by him, calculated that £100,000 (\$650,000) a year are thrown away in Glasgow by the use of imperfect fittings. On the subject of Gas Burners he says: "Another and as I think a better Burner is that called Bray's register, and as I consider these the best under Burners attainable at moderate cost, I have selected them for a series of experiments." The Report of the Committee of the British Association of Science to enquire as to the best means for the development of light from Coal Gas of different qualities—comprising Dr. William Wallace, Professor Dittmar, and Mr. Thomas Wills, F. C. S., F. I. C. E., showed that Bray's Burner yielded the greatest amount of light of all the two or three scores of Burners reported upon which included all the Burners of repute in the market. In a pamphlet upon Light and Heat, published by R. B. Taier, A. M., he says: "The cost of Gas as compared with other illuminants is much more economical when rightly used, than many suppose. From experiments made for this purpose, the following results have been obtained. They were made by burning samples of Devoe's Brilliant Oil and ordinary Oils, and testing their illuminating power. It was found that Coal Gas costing one cent at \$3 per thousand feet, gave a light equal to 18 candles, while Devoe's Brilliant Oil consuming 27.4 grams costing half a cent, gave a light equal to 9 candles. A good Argand or Johnson's Burner, the Burner used in the last experiment, will therefore give the light of 2 ordinary Oil Burners in direct comparison, at no greater expense in the case of the finer and safer grades of Oil. Lights, however, on the authority of scientists, are not to be compared in direct proportion, but in proportion to the squares of their powers, and such a comparison with the case of the use of Gas, its cleanliness, freedom from odor and dangers, renders its use desirable wherever it can be introduced." As the above experiments were made with Gas at \$3 per 1000 feet, and not consumed through Bray's Burners, it will readily be seen how much more economical it is to consume Gas instead of Oil, when its price is only \$2.63 per 1000 feet as now charged here when consumed, more especially through Bray's Burners. Messrs. Goodwin & Co., of Philadelphia, the well-known manufacturers of Scientific Instruments for testing the illuminating power of Coal Gas, etc., say in their Circular to Gas Companies: "In presenting the Bray's Standard Patent Silt Union Burners and Lanterns, for which we are the sole Agents in the United States, to the attention of the public, we are convinced that we are filling a want long felt." They further add: "The yield of light from these Burners is 12 to 20 per cent. greater per cubic foot of Gas consumed than that from any flat flame Burner hitherto introduced." [no 4 cod

NOTICE.

IT having been brought to the notice of the Directors of the Gas Light Company that there were persons desirous of consuming gas, who were occupying stores and dwellings unprovided with the requisite fittings, the Board have resolved that in such cases the Company will bear the first expense of putting in the necessary pipes, &c. Persons desirous of employing any burner consumers of gas can employ any filter they choose, and having certified the bill as correct, the Company will pay the same; the consumer reimbursing the Company by twelve equal instalments, payable monthly. That all consumers may participate in the great advantage of using Bray's Patent Burners, which, with the same consumption of gas, will give twenty per cent. more light than other Burners, the Company will supply them at the nominal sum of ten cents each. Charlottetown, Dec. 7, 1881—1m cod
