LOCAL AND OTHER ITEMS.

MANTLES a specialty—Beer Bros.

A. O. H.—Regular meeting this evening.

FOOTBALL.—All Abegweits are requested to meet at the Park this evening for practice.

ST. JAMES' HALL.—Don't forget the concert in St. James' Hall to-night. A splendid programme has been prepared.

THE DRAMA.—The W S Harkins Fifth Avenue company are negotiating with the managers of the Opera House for dates in June.

IN THE REFORMATORY.—There are at present twenty-one persons in the New Brunswick Reformatory. They range in age from 10 to 15 years.

A CORRECTION.—In the police court proceedings published yesterday, the name of Angus Macdonald appeared among those summoned for violating the Canada Temperance Act. This was a mistake. There was no prosecution against Mr. Macdonald.

PLENTY OF MONEY.—City bonds to the amount of $500,000 fell due yesterday. During the day about $370,000 were paid out for bonds, and about $21,000 for interest. More payments will be made to-day. —St. John Telegraph.

DAMAGED BY ICE.—The P. E. Island schooner Finn, lying at the Canada dock, was struck by a large cake of ice, Saturday morning, and four of her planks were broken against a projecting timber of the wharf. She has been repaired.—Chatham World.

BODY SNATCHING.—The body of Richard O'Neill, who was for many years night watchman of Rockwood Asylum, Kingston, Ont., who died suddenly on Thursday last, was stolen by grave robbers from the Catholic cemetery on Tuesday evening. The stolen remains were found in a private dissecting room.

MCGILL UNIVERSITY. — Miss Laura Young, of this city, was fourth in the list of students of the second year comprising a class of about fifty of both sexes, and obtained first rank in general standing and prizes for English Literature, European History and French. We congratulate the young lady upon this notable success.

A BEAUTY.—One of the finest purchases for some time was made yesterday, when Mr. P. S. Brown bought for Mr. Thomas H. Colter, ex-M. P., Fredericton, N. B., a beautiful grey filly, four years old, which weighed something over fourteen hundred pounds. Competent horsemen who have seen this one claim her to be, without doubt, the handsomest and best built animal they ever saw sent from the Island P. S. seems to know where to get 'em.

PINAFORE.—A fairly large audience witnessed the second performance of Pinafore last night, and seemed well pleased with the manner in which the opera was presented. Several new local hits were introduced during the performance. Josephine and Buttercup wer the recipients of some beautiful boquets, etc. Deadeye was also kindly remembered. The proceeds go towards the fund for the erection of a band stand in Queen Square Gardens.

SKIN GRAFTING.—A rather unusal case of skin-grafting is reported from Hillsboro, Albert Co., N. B. Lillie, the young daughter of Capt. Stuart, of that place, had a diseased foot which would not yield to ordinary treatment, and the experiment of skin grafting was resorted to with marked success. Forty or more pieces of skin were taken from the limbs of friends and neighbors of the family for the purpose, and now the foot is entirely healed over.

AN INTERESTING CASE.—A Halifax despatch says: M F Eager, of this city, is suing John Farquharson, of Charlottetown, for $456, the value of 150 cases of oranges ordered from Denia and paid for by Eager on Farquharson's behalf. Only 67 cases came, the remainder being left behind at Liverpool by mistake. Mr Eager claims the whole amount from Farquharson. The latter refuses to pay for more than he got, alleging that Mr Eager should not have advanced the money till he saw the fruit. Mr Eager claims he was acting in a sense as Mr Farquharson's agent. Judge Ritchie reserved decision.

GOOD WORK.—Messrs. McKinnon & McLean, of this city, have recently completed a portable hoisting engine for Messrs. Peake Bros. & Co. It has double cylinders and reversing gear, and is driven by friction gears instead of cogs, thus making it more noiseless in action. It is fitted with foot-rig friction wheels on winch barrel, and can be lowered either with steam or friction band. It is very easily operated, a boy ten years old being able to work the hoist. It has pop safety valves, and the fittings and workmanship reflect great credit on our home manufacturers and should be an incentive to our people when in want of any thing in that line to give Messrs. McKinnon & McLean a call before going abroad.

STEAMERS MOVEMENTS.—The steamer Fastnet, Captain Churchill, arrived from Halifax at one o'clock this morning, with a full general cargo and one passenger—Fred. L. Cox. Captain Churchill reports meeting considerable ice between Port Mulgrave and Cape George. Until the wind changes there will be little chance for sailing vessels getting up to this port, and there are several of them in the Gut waiting to come up. The Fastnet has been painted and otherwise made ready for a good season's work. Mr. Arthur Jolliffe is purser, and Mr. Alexander is engineer. The other officers are the same as last season. The steamer leavos for Summerside this afternoon, and will not call at Charlottetown on return to Halifax.

The Tiber left here at 8 o'clock this morning with a large general cargo.

The Miramichi arrived from Montreal this morning, and left port again about eleven o'clock. She had a general cargo both ways. The same efficient staff of officers as last year are in command.

The str William Aitken, Snow master, arrived last night from Point du Chene with a cargo of flour for Carvell Bros.

The str Albert, Neilson master, sails at daylight tomorrow for Cow Bay and Sydney, C B, with a general cargo of hay, oats and potatoes shipped by Carvell Bros.

The str T A Stewart was towed into port this morning by the str Fred M Batt. The Stewart got her lines wound round her propellor while engaged laying lobster traps.

NICARAGUA COMING TO TERMS.

The London Globe says England is understood to be willing to entertain Nicaragua's proposal regarding the payment of indemnity, provided sufficient security be given that all demands of the ultimatum will be satisfied.

As far as can be learned at Washington neither Secretary Gresham nor Minister Guzman has yet received a formal reply to Nicaragua's request that the British fleet be withdrawn from Corinto as preliminary to an agreement to pay the indemnity in London within 15 days. Those who have talked with President Cleveland represent him as being strongly opposed to interference on the part of the United States, his contention being that Great Britain is merely seeking reparation for injuries to her subjects and when she has succeeded in doing this her forces will be at once withdrawn from Corinto.

The Nicaragua minister says there will be no difficulty in securing a satisfactory guarantee of the payment of the indemnity. If Great Great Britain accepts Nicaragua's proposal the guarantee will be given by the Nicaragua Canal company or by a syndicate of bankers in this country. Assurances to that effect have already been given the Nicaragua government.

The Paris Temps says there is no reason for the United States to intervene between England and Nicaragua, and it believes President Cleveland is sufficiently strong to resist the clamor of some newspapers for the application of the Monroe doctrine.

The London Graphic in an editorial on the Nicaragua dispute says: "Nicaragua is in no way deserving of British consideration. She had insulted and defied us, and has intrigued to sow discord between Great Britain and the United States. It is impossible to enter into further parleyings. The whole moral effect of our action will be lost if we very in the slightest degree the terms of our ultimatum.

THE RAILWAY BRIDGE.

SIR,—We have at last received Mr. H. C. McDonald's speech on the Belfast and Murray Harbor Railway. Divested of its frills and padding—how much is there left? If there is anything, it consists of repetitions and quotations from speeches delivered by him four or five years ago. The speech is in character with his well-known vanity, but when he wantonly insults the electors by reading resolutions which he says he proposed in the year 1890, asking a Government to which he was opposed to build a bridge across the Hillsborough and a railway to Belfast, he need not expect to escape with impunity. Mark the duplicity of Mr. H. C. McDonald. He contents himself with asking a Government which he did not support, and in which he said he had no confidence—aye, a Government which had no reason to place any confidence in Mr. H. C. McDonald—to do a certain thing which he told them was in the interest of Belfast. Where has Mr. H. C. McDonald been since? In the Legislature every year since, supporting a Government which he told the people of Belfast would give Belfast justice if they were returned. They were returned; they have been in power since 1890. Mr H C McDonald has backed them up in their extravagance, their road jobbery, their Paris green jobbery, their Southport ferry jobbery, their kerosene oil jobbery, their Land Office jobbery, their vendorship jobbery, their Sheriff's office jobbery—but space forbids and words fail. He has backed them up in their jobbery as well as in their taxes, but never since 1890 did he stand up for a bridge across the Hillsborough as he did in 1890, when he was in the Opposition and helpless? Why has he not asked for a bridge from his own party these last five years? What did he do? He says he asked for a bridge in 1890, and yet he supports a Government to-day which debars him from asking for a bridge, because they built an old fashioned boat at Mount Stewart, properly called the Boodler, to keep Belfast and Fort Augustus for the next few years, at any rate, out of their just rights. Why if these resolutions which he says he moved in 1890 in regard to Southport were laudable ones, and for a good purpose, why has he not brought them before the legislature since, either in 1891, 1892, 1893 or 1894? In plain English, why did he not ask Hon. Frederick Peters for what he blames Hon. Neil McLeod for refusing him? The electors of Belfast have a right to know why Mr. H. C. McDonald was so busy asking Hon. Neil McLeod for accommodation which they have not yet received, and which Mr H C McDonald has been silent about since his own party has been in power for the last four years? Is he simple enough to believe that the people are satisfied because a waiting room, which is a disgrace to Belfast, has been placed at the foot of Prince street at a cost of $60? Does he suppose that because the electric lights have been removed and his party is now lighting it with oil, bought from its own friends at 18 cents per wine gallon measure, the people are appeased? Because $1,000 of a shrinkage on the ferry fares is unaccountable, does he suppose the people are satisfied? For the present I defer, but will return to the question later on. Yours very truly,

BELFAST.

April 30, 1895.

MEETING AT NARROWS CREEK.

A meeting of the resident householders of Narrows Creek was held in the schoolhouse of that place on Saturday, 27th ult. On motion of Mr. Michael D. McDonald, second by Rev. J. C. McLean, Mr. Chrishostom McCormack was called to the chair, and the undersigned Secretary. The chairman briefly stated the object of the meeting. The people of this locality, he said, were desirous of changing the name of the place to some more suitable one.

At the conclusion of his remarks it was proposed by Peter McCormack, seconded by Michael A. McDonald, that the locality heretofore known as Narrow's Creek, be henceforth called St. George,s. The motion was carried unanimously.

The following resolution, proposed by Michael D. McDonald and seconded by George McDonald, was carried unanimously:

Whereas it is convenient that the name of the Post Office be the same as that of the district in which it is situated,

Therefore resolved that Rev. J. C. McLean be requested to notify the Postmaster General of the proceedings of this meeting, asking the said Postmaster-General to change the name of the post office from Narrows Creek to St. George's.

On motion of George McDonald, seconded by Sylvester Gallant, it was further resolved that the Secretary of Grand River School District be requested to notify the Chief Superintendent of Education of the change of name, asking him that School District No. 71, heretofore known as Grand River, be hereafter called St. George's.
