PAY HOMAGE TO CANADIANS ON DIEPPE ANNIVERSARY

Says Canada's Labor Force Not Big Enough

Trades, Labor Congress Renews Demands For Health Insurance Plan

By John LeBlanc
WINNIPEG, Aug. 19 — (CP)—Through Britain's National Health scheme came in for some criticism of the Trades and Labour Congress of Canada, today renewed its demand for a Canadian health insurance plan.

The largest Canadian labor body at its annual convention asked the Federal Government to set up legislation for a health scheme on a contributory basis, declaring labor men are ready to assume their "fair" share of the cost.

Before adopting that declaration, the convention heard two former United Kingdom men say there have been mistakes in the British set-up but Canada should study these and profit from them.

Should Learn Lesson

"Canada should learn a lesson from the ineptitude and bad method used in the British national health service," said William Lockett, a Toronto aviation mechanic who left England 18 months ago.

"Let's dissociate ourselves from the idea that a national health service, which is so necessary, should be run by government," Lockett added. "Once the government gets its hands on your money,

Heroic Deeds Of 10 Years Ago Are Recalled

Their Golden Wedding Day

DIEPPE, France, Aug. 19 — (Reuters)—Canadian Ambassador George Vanier and Defence Minister Rene Pleven of France paid homage to the heroism of Canadian troops who took part in the Dieppe raid 10 years ago today.

Vanier, on his fifth post-war pilgrimage to the Dieppe beaches, unveiled a memorial at Puy, outside Dieppe, where the Royal Canadian Regiment was decimated by German machine-gun fire.

A party of 28 Canadian soldiers, survivors of the raid, attended the ceremony.

Pleven, unveiled a plaque in the Square du Canada in honor of 1,000 Canadians who fell in the nine-hour raid, the first large-scale Allied landing in occupied Europe.

Canada, France United

Pleven said that today, as 10 years ago, Canada and France are united in the struggle against aggression.

Two world wars have taught Canada and France that it is better "to discourage aggression by precautions than to have to repulse it," Pleven said. "We are united for better or for worse in the North Atlantic Treaty Organization."

Vanier said Aug. 19 would always be a day of mourning and a day of glory for Canada.

It would be futile to claim the Dieppe raid was a tactical success, he said, but the experience gained there was invaluable for the invasion of France.

He recalled that the official Canadian war history said "It was the men of 1942 who paid for the success of 1944." The Ambassador said this experience "had to be bought with blood for the greater good of Allied arms."

Other ceremonies included a commemorative service at the Canadian military cemetery here.

Recall Raid

The raid, officially a "reconnaissance in force", was staged to discover the Allies' ability to land a large force in Europe, to test German defenses and to destroy military installations.

About 7,000 troops, most of them

Four Youths Are Rescued After 20-Hour Ordeal In Chilling Lake Waters

ATHERLEY, Ont., Aug. 19 — (CP) Four Toronto youths were rescued today after surviving 20 hours in the chilling waters of Lake Simcoe, 40 miles north of Toronto.

The boys said they were spilled into the lake last night when their speedboats collided head-on at 35 miles an hour. All four were exhausted when brought ashore. Only one of the four, Jack Graham, 21, was detained in hospital. His brother, Bill, 19, Mike Cox, 22, and Don Duggan, 17, were released following treatment.

The boys said the two boats were "horsing around" when they lost sight of each other and their crafts crashed together in the mist on the lake.

The Graham boat was smashed in two and sank quickly, while Cox's craft was left with a gaping hole in the bow and began to ship water. Cox and Bill Graham went

Coming Events

- "Dance, Lot 65, Thursday. Luncheon. Burns Orchestra.
- "Reserve September 3rd, Scotch Concert, Victoria Hall, 8:30 p.m.
- "Dance, Cardross School, Wednesday night, August 20th.

- "Will be loading hogs at the following points each Thursday. Summerside until 1:30 p.m., Kensington until 3:00 p.m. MacEwen and Casley.

Bus Strike In Industrial Area Of Cape Breton

SYDNEY, N. S., Aug. 19 — (CP)—A bus strike in this industrial area of Cape Breton, the second of the year, today left many coal miners and steelworkers without their chief means of transportation.

Drivers and maintenance men of Highland Bus Lines Ltd. walked off the job at noon today in protest to a conciliation board ruling awarding a general increase of 10 cents an hour for approximately 37 members of the union.

The union stood firm on its demands for a hike of 20 cents an hour. Present hourly scales range from 55 to 95 cents.

Fred Nicholl of Halifax, regional representative of the Canadian Brotherhood of Railway Employees and Other Transport Workers said last-minute efforts seeking a new offer from the company had failed. Company officials declined comment.

Majority report of the conciliation board under Chairman Judge Kenneth L. Crowell of Bridgetown and signed by Judge Crowell and

Korean Truce Parleys Reported At New Low

MUNSAN, Aug. 20 — (Wednesday) — (AP)—The deadlocked Korean truce parleys hit a new low today with their fourth straight week-long recess, but the United Nations command delegates apparently were not upset.

After a bustling session at Panmunjom Tuesday, Maj.-Gen. William Harrison senior Allied delegate, told correspondents "An armistice is possible."

"The Communists do want an armistice," he added. "It's a matter of how much they are willing to pay for it."

The issue blocking a truce—exchange of prisoners—remained unchanged. The Reds demand the return of 116,000 prisoners, including 20,000 Chinese. The Allies, after patient and exhaustive screening, say 83,000 want to return to Red rule and the others refuse.

In the faded conference tent,

St. Laurent's Tour To Be Biggest Since 1949

OTTAWA, Aug. 19 — (CP)—Invigorated by a long holiday, Prime Minister St. Laurent goes back to work next week and heads into his biggest meet-the-people tour since the 1949 general elections.

The 70-year-old Prime Minister is due to head west Thursday, Aug. 28, on a trip designed primarily as an extensive visit to British Columbia, but with various stops in Ontario and Manitoba.

He will be done 16 days.

He is due here Monday from his summer home at St. Patrick, Que., where he has spent his longest vacation in the four years since he became Prime Minister.

Between then and Thursday he is expected to meet with the cabinet, catch up with work in his office and prepare for a journey which is considerably more elaborate than when it was originally

N.B. Jet Plane Pilot Killed When Automobile Leaves Road

FREDERICTON, Aug. 19 — (CP)—Flying Officer William McAlpine Moore, son of W. A. Moore, Deputy Minister of Industry and Development of New Brunswick, was killed in a car crash about two miles from here today.

The 22-year-old jet pilot's body was found in muddy water in the bottom of an eight-foot ditch, pinned down by the twisted wreckage of a car.

Two companions, Gerald Sutherland and Frank Prime, were found unconscious about 20 feet away. Prime suffered a fractured left leg and shock. Sutherland, driver of the car, received body lacerations and severe shock.

Moore, on three week's embarkation leave from 421 Jet Squadron, R.C.A.F., St. Hubert, Que., and scheduled to leave Monday for N.A.T.O. forces at Metz, France, was asleep in the back seat. The car apparently left the main road, crashed into the ditch and plowed nearly 140 feet before coming to a halt.

Marks at one point indicated that cause of the crash may have been a blow out.

Dr. Ralph Prime, an interne at Victoria Public Hospital, accompanied an ambulance to the scene only to find that his brother Frank was one of the victims.

Plan Patient Wait For U. S. To Lift Embargo

OTTAWA, Aug. 19 — (CP)—The Canadian Government today planned a quiet, patient wait for the United States to remove its livestock embargo on Canadian livestock and meats.

With foot-and-mouth disease eliminated, the government officially declared Canada free of the tenacious virus and immediately informed U. S. authorities.

"But we don't plan to bring any pressure on them to remove the embargo," an official said. "We know the U. S. Government will consider the matter carefully and reasonably and act as quickly as possible."

Canada appeared to be in for a long wait. A Washington dispatch quoted acting chief S. O. Fladness of the Agriculture Department's Bureau of Animal Industry as saying the U. S. will take no immediate action.

"We want to make sure," said Mr. Fladness, "that all danger of infecting our livestock industry is over. We are sure the Canadian Government understands our position."

The American fear, as far as it could be ascertained here, is that the virus may still be lurking in some Canadian food locker. Until that fear is dispelled, it appeared that the embargo will remain intact. Another view is that the U. S. will not act until after the U. S. presidential election in November.

Meanwhile, South Saskatchewan farmers in the former infected area, their activities curtailed since quarantine and buffer-zone controls were imposed Feb. 26 last, were free to restock farms with livestock.

Huge B. C. Forest Fire Partially Under Control

VANCOUVER, Aug. 19 — (CP)—British Columbia's worst forest fire, the 60,000-acre Burns Lake blaze in the north-central section of the province, has been partially controlled.

A Forestry Service spokesman said today the west and south sides of the fire are under control and the north and east flanks are only burning slowly through a 30-year-old burn.

Scores of other fires are burning on Vancouver Island, in the Cascades, 180 miles east of here, and in the interior Kamloops district.

LONDON, Aug. 19 — (Reuters)—More than 1,780,000 cases of canned apricots, peaches and pears—a record—will be shipped to Britain from Australia under the present contract, it was announced today. The Australian Canned Fruits Board said the supply would be about 25 per cent higher than in 1951, itself a record year.

Vancouver Mental Patient Awarded \$4,200 Annually

VANCOUVER, Aug. 19 — (CP)—A mental hospital patient has been awarded \$4,200 a year by Mr. Justice J. D. Clyne from the \$180,000 estate of her husband, James Brousseau.

Mrs. Margaret Brousseau, 53, has been a patient in Essondale Mental Hospital since 1946 and is in the advanced stage of schizophrenia, psychiatrists told the court. A petition seeking an allowance for her was filed in December, 1949.

Mr. Justice Clyne termed the delay in making application for a Supreme Court hearing as "scandalous" and said:

"I think the executor has overlooked its responsibility to duly administer the estate. . . . She should have received these benefits long ago."

Joseph Novak, counsel for the widow, had asked the court for \$50,000 for her keep and said her sister in Timmins, Ont., was willing to look after her.

Dr. E. A. Campbell told the court that such patients, even though mentally incompetent, appreciate quiet and a degree of privacy. She is in a ward designed for 60 patients but which now houses 122.

\$10,000 Loss Reported By Potato Growers Association

A net loss of slightly over \$10,000 for the year's operations was reported by the P. E. I. Potato Growers Association at the annual meeting held yesterday in the Canadian Legion Hall. At the same time the secretary stated that over \$17,000 in uncollectible debts had been written off. They had been on the books for several years and in many cases those owing had since died or left the Province.

Three new directors, one for each County, were elected to replace those retiring under the regulations. The new men elected were Messrs Horace Wright, Junior, Bedouque, for Prince County; Blythe Howatt, New Westminister, for Queens County; and James McCallum, Georgetown, for King's. At the same time Mr. George Saville, M. L. A., who had been named by the directors last year to fill an unexpired term, was elected a director for King's County.

President of the Association, Mr. L. T. Beaton, Bonshaw, presided and presented his report for the past year. He told the small gathering that last year had been a splendid one for production of potatoes and there was a good possibility of this year being equally as good. However, he said it was not such a good year in a business sense as the Association had not handled as great a turnover volume as the previous year.

10 New Polio Cases In N. B.

FREDERICTON, Aug. 19 — (CP)—Swelled by 10 new cases, the polio total in New Brunswick now stands at 85.

Dr. J. A. Melanson, chief medical officer, said tonight the latest victims of the illness are in St. John, Westmorland, Carleton and Albert Counties.

Albert's two cases put this county on the polio list for the first time this year.

The cripple has made rapid headway in the last few days, with 221 cases recorded since Saturday. But the Moncton District Health Officer, Dr. R. D. Landry, said the number of cases there is not particularly high for this time of year. The Moncton area has 111 cases of polio.

Dr. Melanson issued this breakdown of the 85 total: St. John County, 31; Kings, 25; Westmorland, 11; York, eight; Charlotte, three; Queens, one; Carleton, four; Albert, two.

Polio's gain by counties since Monday were: St. John, one; Westmorland, four; Carleton, three, and Albert, two.

Strike Makes 3rd Big Quebec Shipyard Idle

MONTREAL, Aug. 19 — (CP)—Last Friday, 2,500 employees of Davie Shipbuilding Company and George T. Davis and Sons, Ltd., at Lauzon, Que., walked out.

Cyprien Miron, conciliator of the Quebec Labor Department, met with union and Vickers officials until late yesterday in an attempt to settle the dispute.

The employees seek a 25-cent hourly increase. They are receiving a basic wage of \$1.19. The union refused to accept an arbitration board recommendation of seven cents. The company offered to settle at this figure.

The Lauzon workers, now receiving \$1.07 an hour, ask the same boost in salary as the Vickers employees. They also refused seven cents an hour recommended by an arbitration board.

The Lauzon strikers were prevented from picketing when employers obtained temporary injunctions in Quebec Superior Court yesterday.

HALIFAX, Aug. 19 — (CP)—Official forecasts issued by the Dominion Public Weather Office in Halifax and valid until midnight Wednesday.

Synopsis:

Skies were clear over the Maritimes. An area of high pressure approaching from the west indicates fine weather for Wednesday. Regional forecasts:

Prince Edward Island—Clear. A little warmer. Wednesday. West winds 15 during the daylight hours. Low early Wednesday morning and high in the afternoon at Charlottetown 50 and 76.

High tide today at Charlottetown at 2:18 A. M. and 11:35 P. M. High tide on the North Shore at 5:21 A. M. and 6:18 P. M. Sun rises today at 5:20 A. M. and sets at 7:12 P. M.
