

# INTRAMURALS

## WOMEN'S INTRAMURALS

The Fall '79 version of the Intramural Program is set to begin shortly. As in previous years, the emphasis will lie on FUN and PARTICIPATION, rather than on skill. The fall line-up of sports includes the ever-popular softball, as well as soccer, flag-football, and tennis.

**SOFTBALL** - Softball will be played on Tuesdays and Wednesdays (see the schedule for this week). At the present there are four teams registered for play. They include Bernardine 13 (Floors 1 and 3); Bernardine 24 (Floors 2 and 4); Blanchard, and the Day Students. Resident students wishing to play should check with their Dons or Cheryl Judson (B'dine 13); Sue Enman or Patsy MacAulay (B'dine); Carroll Ann Bernard (Blanchard).

Day students should either leave their name at the Athletic Dept. or simply show up at the field for the games involving the Day Students.

**SOCCER** - Soccer will be played on Thursdays with the same teams as above. The field beside the Robertson Library will be the site of all games.

**FLAG FOOTBALL** - This sport will be making a come back after a couple years absence from the intramural program. A tournament will be held in late September and it is open to any interested teams. They can take any form (residence, year, high school, class, or just friends.) There should be at least 10 people on the team. Team lists should be left at the Athletic Dept. For further information contact either Vince Mulligan, Intramural Director, or Shelly Pepler.

**TENNIS** - A tennis club may be formed if enough interest is shown. Racquets are available at the gym for students and faculty. Anyone interested in entering a tennis tournament (singles, doubles and mixed) in late September should leave their name at the Athletic Department. More information on this will be available at a later date.

If you are at all interested in any of the above sports, you should make every effort to become a part of the intramural program at UPEI. It is being arranged for your benefit and enjoyment, and without your participation, the program just won't work. Intramurals are fun - take a look at the schedule below. And then make an effort to be on one of the teams. Together we're great - without each other - we just won't work.

### SPECIAL EVENT

SOFTBALL SEPT 16 AS PART OF UPEI DAY  
RESIDENCE CHALLENGE GAME - SOFTBALL  
2:00 P.M. - BERNARDINE VS BLANCHARD  
2: P.M. - BLANCHARD VS MARION

## MEN'S INTRAMURALS

Here we are again, back for another year of gaining knowledge, meeting new people and indulging in the Pig and Whistles. The list can go on but the purpose of this article is to inform you the student about UPEI's intramural program. This area seems to be lacking participation by the student body. The Mean Machine Club, a notorious team, and its members are excluded from this accusation. After all, M&M has been, or almost, victorious in several sports.

### SOFTBALL

Looking back, I recall one of these close encounters of victory. It was a cold day in mid-October. The highlight was the championship game of the International Softball League - Mean Machine versus the Electromagnetic Engineers. The teams seemed to be matched in favor of the Engineers who had 19 players, while M&M had a small gang of 5. It was the bottom of the last inning and tied at 17-17. The Engineers were at bat with one out, a man on 3rd base, Mike Rogers, and a batter who had two strikes on him. Alien Alan Hughes, pitcher for M&M, then threw what looked like the last pitch, but, it was a ground hit. Allan caught it, threw it to

# INTRAMURALS

first base with hesitation, while Mike Rogers ran to home plate to score the winning run.

This is just a glimpse of some of the action and fun that goes on when you participate. So, get together a group of students in your department or friends and come out and join us.

Blanchard  
Mean Machine

### FLAG FOOTBALL

'Tis-the-season to be rough and rowdy. That's the impression everybody gets from football. This is not so in flag football. The intramural league was as all last year, 3 teams. However, there may be a possibility of several expansion teams participating this year. One, going by the name of Sophmores, who will be coached by Jim Revell (Roger Staubauch of the AUAA). Last year, even though the league was small participation among the teams was great, especially Bobby Bocheur's Bruising Business team. They won the 1977 title, only because the Mean Machine had no knowledge of the league. Again, in 1977, they won by one touchdown against the Mean Machine. The reasons are unavailable at this time.

In conclusion, if all goes well, in terms of more teams participating, then the M&M Football Squad may have some hard competition, finally. So, I say again, get together some new friends or old and, organize a team, for goodness sake. - Dr. Phillip Brown, BIS, LPU & H.A.
