Simmerings Around The Sport Front

(Canadian Press Staff Writer)

NEW YORK, July 31 —(CP)— It's getting so president Ed Barrow of New York Yankees is losing sleep because people keep calling at all hours to ask if the Yanks are for sale....to which Ed says: "Positively not"....Gene Sarazen is worried....it's not his game because that takes care of itself... but Gene is a Connecticut farmer as well as golfer and the anxiety is over crops...

Even former world champions find steady incomes an assist.... so today we find Barney Ross, who made a lot of boodle as lightweight and welterweight champion pretty serious over his Chicago printing business...not long back the office of fight manager Joe Jacobs was little more than a picture gallery—the pictures all being shots of Max Schmeling.... it's still a picture gallery but the theme is Tony Galento...and speaking of Tony: Jacobs says the round roisterer will have his own way about fighting Lou Nova.... instructions seem only to bother him....the wise men on broadway are wagering Tony will floor Lou at least once...

Al Schacht, the baseball clown has covered better than 30,000 miles in three months, doing his stuff in the minor leagues...looks as though Lou Gehrig's abrupt retirement from play will cost him his spot as the game's second most prolific home run hitter...Lou reached 494 back of Babe Ruth's 714...Jimmy Foxx needs only 46 more to top Lou...meantime Lou is spending his spare time tuna fishing—and bringing home big ones...

Adrian Quist, aside from being a star on the Australian Davis Cup team, is a camera enthusiast.... he'd sooner talk lenses than tennis....since he started making the international rounds he has taken 30,000 feet of movies of all leading net players...Don Budge will put in coin that runs to five figures this year in royalties on a tennis racquet bearing his name... soft dough that.

GAME CALLED

AMHERST, N. S., July 31—Darkness forced calling of the Amherst St. Pats-Springhill Fencebusters fourth game for the Cumberland County baseball title in the fourth inning tonight with Springhill leading 10-5.

The Fencebusters have a 2-1 edge in the best-of-nine series.

Willett Credited With Initial Win As Vitas Defeat Pioneers 9-3

Young Murray Willett won his first victory of the season last evening when he chalked up a 9-3, three hit performance against the Pioneers at Summerside.

Although the sophomore Vitamanna ace came close on many occasions while pitching beautiful ball, this was the first time he was able to break the ice. On one previous occasion he had 17 strikeouts and allowed only four hits but was beaten by one run in the final frame.

Riddled by injuries and absentees, the Pioneers were able to field only a skeleton of their once mighty machine. Wilson, Schurman, Larkin, Clow and Downing were absent from the Pioneers' line up although their substitutes turned in creditable showings afield but weak with the willow.

The Vitas combined a triple, double, fielder's choice and wild pitch for three runs in the first and then made a walk, error, double and triple good for four in the fourth. The Pioneers were held scoreless till the sixth when an error and two singles produced two runs and a hit and two infield outs got one in the seventh.

Features of the game were long triples by Hogan and Jelly and the pitching of Willett.

On Wednesday evening the Vitamannas and Kensington open the final round of the schedule. From present appearances it would seem that the Sox are certain of first place and that the Vitas and Pioneers will put up a stiff battle for second and third. Kensington cannot be counted out yet but occupy the league cellar at the moment.

SWAMP RAMBLERS

NEW WATERFORD, N.S., July 31 —(CP)—Hitting Al Blanche at least once an inning, New Waterford Dodgers swamped Sydney Mines Ramblers 8-3 in a Cape Breton Baseball League game today. The Dodgers gathered 15 hits off Blanche and never were in doubt of the victory.

The result left the standing unchanged with Sydney Mines in the cellar and New Waterford in third place.

Larrupers Win Opening Game Of Semi-finals

MIDDLETON, N. S., July 31—Liverpool Larrupers, 1938 Nova Scotia baseball champions, started off on the right foot today in defence of the title by overwhelming Middleton Cardinals 11-2 in the first game of a best-of-three semi final series in the Western Nova Scotia League.

Thorburne, Liverpool pitcher, had the situation well in hand throughout but his mound opponent, Tommy Thomas, was belted for six runs in the first five innings. The series winner meets Yarmouth in the league finals.

Rovers Play Anchors In Tonight's Tilt

Rovers and Anchors hook up tonight in the third game of the reorganized City Baseball League. Beaten back in Sunday's game with the Stars the northend crew will field their strongest lineup tonight in an endeavor to halt the westend team who won their opening game of the new schedule against the Stars.

Pitching selections were not announced last night but it is expected that Murphy will be on the hill for the Rovers with the Anchors choice likely resting with "Lefty" McAleer.

The game will get underway at 6 o'clock sharp.

Keep Minard's in the home.

Big Racing Card Tomorrow At Montague

The 2.13 Trot and Pace at Montague should be one of the best races seen on the Island for a long time, with such horses as Barney Hanover 2.07, who broke the track record at Northam last Wednesday; Buck Hanover 2.05½, Marvin Brooke 2.04, Peter Reaper 2.07¾, Aaron L. 2.10¼, who worked in 2.10 Saturday with the last half in 1.02, and Billy 2.08¾, from Maine, making his first start here. Billy won nine races out of 17 starts last year. Horsemen are confident that Montague track record will be broken by one or more horses in this class.

The 2.16 Trot and Pace should be another real race, with seven sure starters, every one of them able to beat 2.10. Sully 2.10, Direct L. 2.09½, who equalled his record at Northam, McElwyn the Great 2.09½ who is going great guns this year; possibly Peter Reaper 2.07¾, who worked in 2.11 last week free-legged, and Dude Potempkin 2.07¼, the only trotter in this race, but who can step with the best of them.

There are nine entries in the 2.21 class, with eight sure starters. June Evans 2.13½ and Annie Chan 2.11¼ are two newcomers to this part of the country and both of them have been racing well this year. Other starters will be Squire Hanover 2.14, whose driver predicts 2.10 for him at Montague; Millie Kalmuck 2.12, who worked in 2.11 Saturday; Miss Jo Hanover 2.10; Leta Kalmuck 2.14; Miss Victoria and Bebe McElwyn 2.10¼ who has been first or second in all her starts this year, make up the roster for this race, which should prove a dandy.

The 2.26 Class will have nine or ten starters out of the twelve entered, and this will be anybody's race. Calumet Emerald 2.14, arrived here yesterday from Tide Head, N. B. She stopped off at Shediac and won there in 2.14. Other starters will be Rosebud 2.19; George Washington 2.09¾; Uscita Britton 2.15; Major Bowes 2.17; Nellie Grey 2.17, and others.

The above entry list will provide splendid racing with thrilling finishes, and the one who can pick a winner in any of these four classes will be very lucky.

T. O. M. Sopwith Awarded Race

COWES, Eng., July 31 —(CP)— T. O. M. Sopwith's Tomahawk was awarded the victory over Harold S. Vanderbilt's Vim late tonight by the Royal London Yacht Club on the decision that the Vim be disqualified for a foul at the starting line.

However, after considering the case for nearly three hours the committee upheld the protest that Vim crowded the Tomahawk by altering her helm as they sailed across the starting line.

The incident recalled the 1939 battle between the two skippers when both Rainbow and Endeavor flew protest flags in the final race for the America's cup.

Vim sailed the 27-mile course in two hours 27 minutes and 30 seconds to finish 37 minutes ahead of Tomahawk.

In another race Alfred Candee, helper aboard the Judy, was thrown into the sea and drowned when a wave knocked the yacht over on one side as she rounded a buoy.

Britain's Workless Lowest In Decade

LONDON, July 31 —(CP)—A report today gave Great Britain's workless on July 10 as 1,256,424—the lowest total in 10 years.

This figure was 93,135 less than the previous month and 516,692 less than the same date last year.

The ministry of labor said the improvement was most marked in the distributive trades, textiles industries, engineering, shipbuilding, iron and steel industries and goods manufacturers—all closely connected with rearmament and Britain's vastly increased defence forces.

National League Pennant For Cincinnati Appears Almost "In The Bag"

CINCINNATI, July 31—A National Baseball League pennant for Cincinnati appeared almost "in the bag" today as the Reds, 12 games in front, looked at the record and figured they could play .500 ball from here on and still stand more than a good chance of the pay-off.

And if there was a club among seven capable of holding the current pace-setters to that low mark, it didn't show in the July averages.

Despite absence from the lineup most of the month of Ival Goodman, their extra-base slugging outfielder, Bill McKechnie's men went through July at a .759 clip, winning 22 and losing only 7 games to boost their margin five full games and their standing 44 points to a 90-game average of .607.

The only team that approached them in effectiveness was Pittsburgh—and the Pirates had to be content with 19 wins and 11 losses, an average of .633 that lifted them from sixth place on July 1 to a precarious third place rating of .523 where they virtually were tied with Chicago, 13 games off.

The Rhinelanders have it figured out this way as they look ahead to 64 remaining games:—

An even break would give them a season's percentage of .597 on 92 games won and 62 lost, the identical figure by which St. Louis Cardinals and Cubs won pennants in 1930 and 1936, respectively.

To tie them, the Pirates with a record of 46 and 42, would have to win 46 of their remaining 66 games; St. Louis would have to win 44 of their next 66 starts; injury-ridden New York, in second place a month ago, must rise from a current .333 average to .718 to annex 48 of 64, while the Dodgers, who dribbled through the past 30 days at .484, would have to play .738 ball in order to take 48 of 65.

Boston played .567 ball in winning 17 of 30 contests but would have to raise the figure to .781 in the final 64.

REMEMBER WHEN

(By The Canadian Press)

Pittsburgh Pirates and Boston Braves, now the Bees, battled 20 innings without scoring in a National League contest at Boston 21 years ago today, to create a baseball record for runless innings that still stands. The Bucs squeezed home two runs in the 21st to win the marathon. The record long game is 26 innings.

Strong Field Assured For Can. Open

One of the strongest delegations of home-bred professionals is assured for the Canadian Open Golf Championship to be played over the picturesque and testing layout of the Riverside Country Club, Saint John, N. B., on Thursday, Friday and Saturday, August 17, 18 and 19.

Officials of the Royal Canadian Golf Association have been in close touch with the various provincial associations throughout the Dominion and indications are that the largest and strongest entry of Canadian professionals will be on hand at Saint John when "Slammin" Sam Snead is expected to appear in an effort to retain the crown and the Seagram gold cup he won last year at Toronto.

Stanley Horne, Islesmere, Montreal, who will be defending the Canadian Professional Golfers Association crown for the fourth straight year, will head a starry band of home-breds in the R.C.G.A. golfing classic, which is being held for the first time over a Maritime course. Other noted monied niblick wielders who have signified their intention of competing at Saint John this month include Willie Lamb, Toronto, five-time winner of the Canadian P. G. A. crown; Jules Huot, the brilliant and diminutive French Canadian pro at Kent House, Kent, Que.; Jack Littler, Bobby Burns, Bobby Alston, Lex Robson, Jimmy Johnston and other leading Ontario players, while from Montreal such well-known pros as Arthur F. Macpherson, Marlborough; Jock Brown, Summerlea; Redvers Mackenzie, Elm Ridge, and Albert H. Murray, Beaconsfield, two-time winner of the Canadian Open title, are expected to make the Saint John trip.

With such a starry home-bred entry the United States professional brigade should meet up with its greatest opposition since they have been competing regularly in the noted 72-hole tournament.

GIANTS BEAT CARDS

HALIFAX, July 31 —(CP)—Boston Royal Giants defeated Halifax Cardinals 6-4 tonight in an exhibition baseball game that was called in the eighth inning because of darkness. It was the visitors' sixth straight win over the Cardinals in exhibition games.

CHOOSING THE NEW CAMERA

For sharp pictures of fast-moving vacation-time games, you'll need a camera with high shutter speeds. A fast lens is helpful, too, when light conditions are adverse.

ABOUT this time of year—and especially with vacations in the offing—many of us feel the need of a finer camera, with greater picture-taking ability.

A fine camera is about as easy to operate as any other, once you are familiar with it. But there is a difference in usefulness between the finer camera and the inexpensive model. Under adverse conditions, especially on dull days or with moving subjects, the inexpensive camera is handicapped. It may fail to get the very picture you want most. But under the same conditions, the fine camera performs capably—insuring good pictures within much wider limits.

In choosing your finer camera, consider these points carefully, so that you can select a model which exactly fits your picture-taking needs:

If you want to be able to take pictures outdoors under all daylight conditions, bright or dull, early morning or late afternoon, choose a camera with a fast lens—an f.6.3, f.4.5 or faster. For night snapshots by ordinary electric light, without "flood" lamps, get a camera with f.2 lens. If "flood" lamps are used, a slower lens will do.

If you want to take pictures of moving subjects — or those likely to move—choose a camera which has a precision shutter with high speeds. A shutter speed of 1/400 or 1/500 second is needed for sports and fast action shots; 1/200 for moderate action; and 1/100 for snaps of slow action or subjects such as babies or pets which may move suddenly and unexpectedly.

Some camera shutters now have built-in self-timer devices, which enable you to appear in pictures taken by yourself. Naturally, the self-timer is an advantage in a vacation or family camera.

Now for picture size. If you expect to have your pictures finished as contact prints for album use, don't choose a camera that takes too small a picture. If, however, you plan to make enlargements, it's safe to pick a camera in the "miniature" group. And, if you want to take full-color transparency pictures, for large-size projection on a home screen, a miniature camera is just what you need.

It's wise to obtain your finer camera well in advance of your vacation, and practice using it. Since these fine cameras are precision instruments, see that yours receives proper care. If treated well, such a camera will give long and meritorious service—service that far outweighs its cost. Just ask the camera hobbyist who owns one!

JOE VOLO, Power Bros., Charlottetown, P.E.I.

NOTE: Four classes each and every one well filled with Island and Mainland horses that are known to be well classified and are bound to make a thrilling contest in every heat.

Montague for years has had the reputation of staging the best that can be produced in the line of races in this country and this year will be no exception.

Jane Azoff 1.59 1-2, owned by C. H. Horton, Murray River, will go an Exhibition mile against time, in order to give the people of Kings County an opportunity of seeing this mare in action. As there was not sufficient competition available it was impossible to hold a Free-For-All. Jane Azoff is the fastest pacer ever brought to the Maritimes and in all possibility will break the track record.

There will be no dust at the Montague Rack Track on Wednesday as an adequate sprinkler system will take care of this nuisance.

MEALS

The local branch of the Women's Institute will be in charge of the tables again this year, which is an assurance of a first-class meal at reasonable prices. The ladies are giving their services free and the proceeds will be for some needy and worthwhile community undertaking.

RACES START AT 1.45 P.M.

In view of the large entry list every effort will be made to have the races start sharp on time. Patrons are kindly requested to come early so as to avoid as far as possible congestion at the ticket office just at race time.

The Management assumes no responsibility for any accident or damage to any person or property during this meet.
