Member of the Manitoba Legislature Predicts a Conservative Victory.

Mr. Robert Rogers, M. P. P., for Manitoba, returned to Winnipeg Monday morning after an extended trip throughout eastern Canada. Mr. Rogers spent some days in Montreal and Toronto and had ample time to observe the trend of political opinion in each of these cities.

Mr. Rogers, when interviewed by a Telegram reporter, said that never in the history of Canada had the prospect for a Conservative victory been brighter. The party is united from one end of the Dominion to the other, and from every section of the country cheering reports are coming into headquarters.

The change of sentiment in Quebec is more marked than in any other province and it is an assured fact that the Conservatives will capture many of the seats in that province now held by Liberals. In Ontario the people were clamoring loudly for a change. The various scandals which have come to light in connection with the different departments as well as the general mismanagement of the country's affairs by the present government have had a demoralizing effect on Laurier's prospects in Ontario. Then, too, Tarte's treasonable utterances in Paris have had a bad effect in that province.

Mr. Rogers said that he considered the Conservative prospects in Manitoba very bright. The work of organization will be immediately begun and preparation made for carrying the contests in the various constituencies to a successful issue. Conventions to select candidates for the House of Commons will be held in each of the constituencies, including Lisgar, with as little delay as possible and as soon as the candidates are selected the campaign's work will commence with vigor.—Winnipeg T-Graph.

**SOLOMON SLOW'S ADVICE:**

**What I Would Do, or Have Done, if I Were Boss**

Well, say, if I were boss I would have the Minister of Marine and Fisheries explain some few things. I would know the truth about the binder twine swindle, the kerosene oil swindle, the tobacco swindle, and a few other swindles and rascally work.

I would have him tell a little more about the Hillsboro bridge.

I would like to know why Premier Farquharson wants to have the station moved from McKenzie's corner up to a piece of property he owns himself.

I would like to know if he is paying Pin-a-ny money to keep his mouth shut.

I would like to have the Minister of Marine and Fisheries say if he honestly thinks the Cance Cove breakwater is to be built within the next twenty years.

I would have the Minister give a straight, honest explanation of the various crooked transactions of the Liberal party since they came into power.

I would enforce the Liquor License Law and do it impartially.

I would make our police arrest the abusive corner loafers.

SOLOMON SLOW.

**MARRIAGE BELLS.**—The marriage of Miss Hilda Muriel Moody to Mr. W. D. V. Earle, took place on Wednesday last at 2:30 p. m., in St. Michael's church, Terrebonne, Que. After the ceremony there was a reception at Maple Hall, the residence of the bride's parents, Mr. and Mrs. Henry Moody. The groom and bride arrived in Charlottetown last night and will spend some days with the former's parents, Mr. and Mrs. S. N. Earle.

**MISS GERTIE COGHLAN.**—Munsey's for September publishes a portrait of Gertrude Coghlan and a paragraph announcing that she is to star in a play adapted from Vanity Fair by her father, the late Charles Coghlan. Munsey's comments on the fact that another version has already been produced, but admits that Mr Coghlan's play may merit success. If this be so and Miss Coghlan succeeds in the title role she will advance considerably in the profession.

**THE FISHERIES** of Prince Edward Island are by no means thoroughly exploited. It is true that lobster fishing is carried on extensively. But it is equally true that cod-fishing is almost wholly neglected. There are different causes for this condition of affairs, and the problem is how to develop to their full extent the possibilities of the fish industry in this Province. A gentleman who has made this question one for study is Mr. W. F. Tidmarsh, representing here the Portland Packing Co., and he will contribute an article on the subject for publication in the P. E. I. edition of the Canadian Trade Review.

**THE THEATRE.**—There was a fairly large audience at the Opera House last night to see the Richards Stock Company in "The Village Blacksmith." The play was well put on and cleverly presented. The leading characters were especially well sustained. The specialties between the acts were greatly enjoyed, especially the singing and dancing of Mr. Bewley of whom the audience never seems to have enough. To-night a beautiful society play, "The Marble Heart," will be presented, and there should be a large audience. At the matinee to-morrow afternoon "The Musketeers" will be played. To-morrow night "Burr Oaks."

**CHOIR PICNIC.**—The annual picnic of the choir of St. Dunstan's Cathedral was held yesterday on the beautifully situated grounds of Mr. John Macaschern a Red Point. There was a large attendance of the members of the choir and their friends, and everyone had a good time. Batt Brce's steamer William Aitken made two trips between Charlottetown and Red Point—one in the forenoon and the other in the afternoon—and in the evening there was a thoroughly enjoyable excursion on her up and down the harbor. The choir picnics are always most enjoyable, and yesterday's outing ranks with the pleasantest of the series.
