

# Anglers Enjoying Great Season Except In N.S.

**By THE CANADIAN PRESS**  
Anglers throughout Canada have enjoyed a good season so far—except in Nova Scotia where low water levels and high temperatures have caused angling to fall off sharply.

A Canadian Press survey shows a claims-of-record catches although anglers report good ones ranging from salmon on both coasts to trout and bass in inland waters.

Nova Scotia anglers last year took 15,665 striped bass but so far in 1956 only 2,308 have been caught.

In Ontario last year's record 375,000 permits issued are expected to be exceeded this year to make 1956 the third consecutive record-breaking year.

**N.B. CONDITIONS IDEAL**  
Quebec officials say they expect to issue 300,000 permits by the end of the season, bettering last year's record of 255,000 by 15 per cent.

Reservoir trout are numerous in Nova Scotia's Summit, Rumsey and Levers Lakes, but only 184 have been caught this year. Last year's tally was 795.

Pike have been plentiful in Digby county, black bass in Mile Lakes and the Shubenacadie River system.

July and August salmon fishing in New Brunswick has been the

best in 10 years, with water conditions ideal and likely to continue until late October. High and cool water, with slight but frequent rains, have kept salmon running steadily from bays.

**POPULARITY GROWING**  
The best salmon catch was taken from the Restigouche River during three days when five Atlantic salmon, the largest weighing 33 pounds, were taken for a total of 112 pounds.

Principal species caught include Atlantic salmon, brook and sea trout, and black and striped bass. Artificial flies, worms and hardware have been used successfully in baiting trout and bass.

In Quebec angling has gained steadily in popularity since 1945 and the number of permits issued has increased 10 to 15 per cent annually.

Salmon runs in the Baie de Chaleur and the north shore regions have proved excellent for anglers wanting more and larger fish.

One day's fishing on the Moisie River, entering the St. Lawrence near Sept Iles, yielded 16 salmon of more than 30 pounds each to rod-and-line fishermen.

**NOT FISHED OUT**  
In Ontario supposedly fished-out Muskoka waters have been reported full of bass, while muskellunge are plentiful in Rice and

Pigeon Lakes and the Bruce Peninsula.

Manitobans have enthused over lake trout and great northern pike catches. Largest lake trout caught has been a 47½-pounder.

Alertans say pike, pickerel and perch have been the most prolific, especially in the foothills and the Rocky Mountain House district.

Rainbow trout of 10 and 12 pounds have been caught in small ponds stocked by the province.

In British Columbia officials expect 130,000 anglers, lured by rainbow trout, salmon and lake trout, will have entered the province's waters before the season is finished.

## Orders Inquiry Into Death Of Prize Holstein

**TORONTO (CP)**—Hiram McCallum, general manager of the Canadian National Exhibition Wednesday ordered an investigation into the death of a prize-winning Holstein calf in the CNE Coliseum.

Sheffield Ford Prince, senior bull calf Holstein champion owned by Sheffield Farms, St. George, Ont., was found dead in its stall Wednesday morning.

Mr. McCallum ordered an investigation in the wake of reports that the animal might have died of a broken neck suffered after it was provoked by apples thrown into its stall during an all-night drinking party.

Tracy Giaspell, Coliseum superintendent, said dozens of apples were found near the body. The apples were taken from a nearby prize fruit exhibit.

One theory was that the bull calf, valued at \$2,000 before winning the section prize, suffered a broken neck while trying to escape from apples being hurled into the stall. Another was that it might have choked while attempting to swallow an apple.

The carcass was being sent to the Ontario Agricultural College at Guelph for an autopsy.

## Baseball Practice

## Jones Matched With Greaves

**WASHINGTON (AP)** — Ralph Tiger Jones, Brooklyn veteran, and Will Greaves, 19-year-old native of Edmonton who now is fighting out of Pittsburgh, have been matched for a 10-round middleweight bout at Capital Arena Sept. 14.

The fight will be carried on the usual Friday night television and radio hookup.

## B. C. Lions Sign Jerry Gustafson

**VANCOUVER (CP)** — British Columbia Lions signed Jerry Gustafson to a football contract Tuesday and the tall young blonde from Stanford and San Francisco 49ers will quarterback them against Calgary Stampeders here Saturday night.

Lions will have to chop one player from the 12 impacts they declared last week in order to make room for Gustafson.

After winning their first two league starts, Lions have lost the last three games and inconsistent quarterbacking has been one of the shortcomings.

## Johnny Bright Is Sidelined

**EDMONTON (CP)** — Edmonton Eskimos' hard-charging full-back Johnny Bright will be out of action for at least three weeks, coach Frank Ivy of the Grey Cup football champions said Wednesday.

The American backfielder from Drake University suffered a shoulder separation while making a tackle early in the Western Interprovincial Football Union game against Winnipeg Blue Bombers here Monday night.

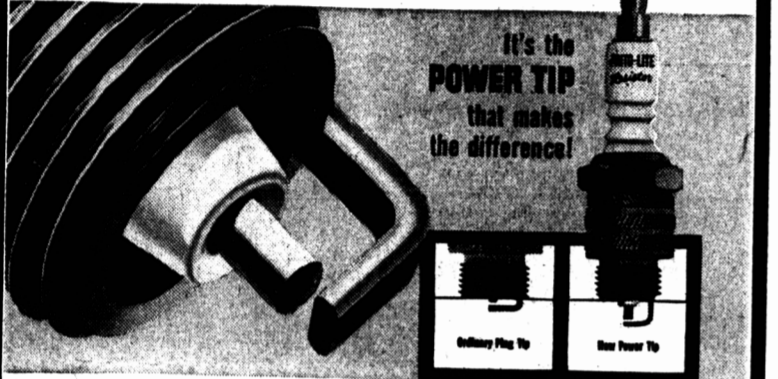

"It apparently isn't a severe dislocation," Ivy said, "but any injury of that nature is plenty serious unless he is ready to play. Our doctors wouldn't allow the boy to return to action while there is a chance he might aggravate the injury."

## POPULATION RISE

Charlottetown, N.S., had a population of 2,786 in 1871. It now stands at 20,000 residents.

# "FIRE UP" your engine at all speeds

Get the only spark plug ignition-engineered especially for today's high compression V-8 engines!

At last, here's a spark plug that will give peak performance at both high and low speeds!

It's the new Auto-Lite Resistor Spark Plug with Power Tip!

"Fire up" your Buick, Cadillac, Chevrolet, Chrysler, DeSoto, Dodge, Ford, Hudson, Imperial, Lincoln, Mercury, Nash, Oldsmobile, Packard, Plymouth, Pontiac and Studebaker using 14 mm spark plugs with the Auto-Lite Resistor Spark Plug with Power Tip.
