900 Car Plant Workers At Trenton Face Early Layoff

NEW GLASGOW — (CP) — Mayor James H. Power said here Thursday all 900 workers at the Eastern Car Company Plant in nearby Trenton will be unemployed by the first of August unless more orders are received.

The Mayor said the plant will complete an order for 700 triple hopper cars for Canadian National Railways by the end of July No further orders are on hand, he said.

Plant manager H. J. Bezanson and W. I. Monck, industrial relations officer for the company, could not be reached for comment.

Another high-ranking company official, who asked that his name be withheld, said he would "take the Mayor's statement with a grain of salt."

Mr. Power said the company's axle plant had been idle for a month.

Eastern Car is a subsidiary of A. V. Roe (Canada) Limited.

Trenton is in the depressed Pictou County area of Northern Nova Scotia. The nearby towns of Westville and Stellarton have been hit hard by mine closures.

And at Pictou, the town's biggest industry, Ferguson Shipyards Limited which employs 400, is threatened with closure through lack of orders.

Gordon Silent On Freight Hike

OTTAWA (CP)—CNR president Donald Gordon Monday declined to forecast what freight rate increase if any might be required to cover current demands of non-operating employees.

He told the Commons railway committee that if the demands were granted fully and extended to all employees the cost would amount to $113,000,000 a year. That would be the equivalent of a 50-per-cent rate increase.
