

# MADAME X'S HORRORSCOPE

The Cadre, Vol. 8, No. 11, December 2, 1970, page 13

**Sagittarius:** (Nov.22-Dec.21)  
For all you unattached Sagittarians, this is your lucky week! Before mid-week you'll meet your life's partner. Take it cool; everything will fall into place on its own.

**Capricorn:** (Dec.22-Jan.21)  
Good time to finish up all your Christmas shopping to leave lots of time for relaxing before the big day. Think of getting those nails trimmed or those teeth filed for an extra-festive look.

**Aquarius** (Jan.22-Feb.21)  
This is a good week for tying up all your loose ends— finish off all your projects and assignments. Get lots of sleep too. Aquarian resistance to minor illness is low this week.

**Pisces** (Feb.22-Mar.21)  
Try to stop worrying and

let your hair down. So what if your graduation pictures don't suit you. It's not worth worrying about. You know you always pull through in the end, so relax.

**Aries**(Mar.22-April 21)  
Time to start getting in some much-needed exercise. Try skating, — it will strengthen those big muscles— may even help you catch that elusive someone you've been pursuing.

**Taurus**(April 22- May 20)  
All the hard work is going to pay off, Taurus. You'll come out on top in the end. Remember to take some time out of the study routine to "let your hair down". All work and no play...  
**Gemini** (May 21-June 20)))  
You're going to make a big discovery this week,

**Gemini.** Could be a very pleasant surprise for you or someone close to you. Keep your eyes open and your wits about you.

**Cancer**(June 21-July 20)  
Going home for Christmas, moon-child? The wait and the excitement will be well worthwhile — as long as you don't mind having others plan all your time for you. Remember people are as anxious to see you as you are to see them.

**Leo** (July 21-Aug.20)  
This week may seem terribly long and dark to you, Leo. By the end you may feel like packing it all in. Don't despair— someone thinks you're pretty special, even if he doesn't always show it. Next week will be brighter.

**Virgo**(Aug. 21-Sept. 20)  
You're likely to have a small obstacle in the way of happiness this week. Something to do with family, probably. Think it over but don't discuss it with just anyone. Wait and it will solve itself.

**Libra** ( Sept. 21-Oct.20)  
Time to start trying to lose some of those extra pounds before Christmas. You'll feel and look better. Get lots of fresh air — you'll feel better for it.

**Scorpio**(Oct. 23- Nov, 21)  
Things are starting to look up for you, Scorpio. Your black days are coming to an end. Take advantage of your own good humour and make a few early holiday visits to all those "hard to get along with" relatives.

## 'Twas the night before D-day

'Twas the night before Christmas,  
And all through the campus,  
Not a creature was stirring,  
Not even the Panthers.  
A stocking was hung  
From Memorial with care,  
In hope that a bottle  
Would land itself there.  
The girls were all nestled  
In Bernadine's beds,  
While visions of tall, dark  
and handsome  
Danced in their heads.  
And who'd settled, in Marion,  
For their long winter's naps,  
But the girls and the guys  
In their crazy party caps.  
When out on the field,  
There arose such a clatter,  
All fell from their beds  
To see what was the matter.  
They crawled to their feet,  
They just had to know;  
They opened the curtains  
And smashed the window.  
And what to their drooping  
Eyes did appear,  
But a giant truck  
With many cases of beer!  
With a great big driver  
So drunk and so stupid —  
I knew in a moment  
It couldn't be Cupid!

Louder than trumpets  
He yelled and he shouted  
As he passed out the beer,  
Was he sober? I doubt it!  
Now Schooner! Now Moosehead!  
Now Blue and Ten-penny!  
On Alpine, on Molson's, o  
On Oland's and 50!  
To Bernadine, Marion,  
Memorial, Blanchard Hall —  
Now drink away, drink away,  
Drink away all!  
They rushed from the doors  
Across campus afloat,  
And each poured the cool beer  
Down a dry throat.

The moon on the breast  
Of the new-fallen slush  
Made everything eerie,  
Erotic and lush.  
And then with a twinkling,  
Was heard on the roofs,  
The prancing and pawing  
Of tiny, weird hoofs.  
Way up High  
Were millions of elves;  
Having a party —  
Making fools of themselves.  
They were dressed all in fur  
From their heads to their  
feet;  
Those costumes were gorgeous,  
Spiffy! quite sweet!  
They were chubby and plump,  
Quite jolly little elves,  
And most acted quite fruity  
In spite of themselves.  
A wink of an eye  
And a twist of a head,  
Soon sent all our students  
Back into a bed.  
They spoke not a word  
But went straight to their  
work  
Cleaning out all the stashes;  
Dope's for a dope but not  
for a jerk.  
Then sprang from the windows  
And down to the truck;  
Cursing and swearing  
They didn't give a duck.  
But they were heard to  
exclaim  
as they drove out of sight  
" Merry Christmas to all  
And to all  
Submitted sincerely,  
Santa's Claws

KYCHIATRIC KWIZ Answer on page 14

The Cadre has merry Christmas on top of it.

It's time for all good residence kids to visit their parents.

You put your booze in the window to cool for the Residence party and it freezes solid.

The 6 committees you are on each have a Xmas party, and you have 6 drunks planned ( except they are all on the same night).

U.P.E.I. really is covered by the goddammed snow.

## You know CHRISTMAS

is coming when

You become desparate and use the Cadre for wrapping paper.

There is a tree messing-up your living room.

The Cadre staff gives a box of crayons to Earle Arsenault of the Journal Pioneer.

You don't know whether to go home for Christmas or go spend it with Santa.

The highlight of your holiday plans is to watch T.V. with your dad.
