

The Champion Whittler.

MARVELLOUS PRODUCTION OF A GENIUS WITH JACKKNIFE.

William Yone, of Kickwood, known as "Bill, the Whittler" claims to be the champion whittler in the world.

"Bill, the Whittler," is now engaged on an automatic device, which when completed will contain 232,608 distinct pieces and 1,100 movements.

In every respect the Strasburg cathedral model will be a faithful copy of the original. At regular intervals 200 children will pass out of the chapel and through the main aisle of the church.

As the figures pass to and fro, panoramic views will move along behind the scroll-work near the base of the depot. In making this automaton, the stationary engine connected with the concern is finished, and it contains only one piece of iron, a crank shaft 18 inches long.

DIRECTIONS TO VOTERS.

The following is the form of ballot to be used in the election for Queen's County:

Election for the Electoral District of Queen's County District, August 19th, 1884.

JENKINS, I. John Theophilus, Charlottetown, County of Queen's, Physician and Surgeon.

WELSH, II. William, Charlottetown, County of Queen's, Merchant.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidate.

The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote.

No voters should make any mark on the ballot-paper save one cross on any part of the ballot paper within the division containing the candidate's name for whom he intends to vote.

A simple cross upon the ballot for your candidate will assist in electing him. Any other mark or writing will contribute to their defeat.

1. Poll opens at nine o'clock a. m., and closes at five o'clock p. m.

2. See that your Liberal Conservative neighbor votes early also.

3. If you have a vehicle, place it at the service of your Committee to bring tardy voters to the polls.

4. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.

5. Poll every possible vote; the loss or gain of a single vote in each sub-division may make all the difference between victory and defeat.

6. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.

7. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.

8. Electors can only vote at one polling sub-division in the same electoral division, no matter in how many sub-divisions they may have votes.

9. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.

10. An elector having more votes than one in the same electoral district should vote in that electoral sub-division in which he resides.

11. Attention to this rule will facilitate the polling, and possibly contribute to the individual elector's comfort.
