A CANVASSER'S EXPERIENCE.

Suffered From Kidney Trouble and Rheumatism—Was Becoming Despondent When Aid Reached Him.

From the Journal St. Catherine's.

One of the most recent witnesses about Front Hill and vicinity, regarding the virtues of Dr. Williams' Pink Pills is John F. Price, who is widely known in the Niagara District as he has been on the road as an advertiser and canvasser for six years, and has thousands of acquaintances. His complete cure has added fresh lustre to the reputation of this great medicine. Hearing of Mr Price's suffering and a tortion, a history of his case was requested. His story is: "I am 26 years of age and have been afflicted with rheumatism for seven years. At times I have been unable to get my clothes on or off without assistance, and have often been compelled to have my food cut for me at table. In the winter of 1897 I was attacked with la grippe which settled in my kidneys. I then became so ill that I was compelled to abandon all employment. At that time my liver and kidneys combined in what seemed to me their last attack. I used several medicines and doctored in Buffalo and St. Catherine's without getting any relief, so my confidence in medicine was about gone. I was getting no rest day or night and was becoming despondent, finally I was persuaded to try Dr. Williams' Pink Pills. I did so and have used in all eight boxes, and am now able to state that I feel better than in the past ten years. These pills are the nearest to a specific of anything I ever used, and they are the cheapest and best medicine I ever tested, having thoroughly reached my case and effected a cure. I feel so gratified for the relief I have obtained that I think it my duty to publicly make this statement. If all who are suffering will give Dr. Williams' Pink Pills an honest trial, I am sure they will be as enthusiastic in their praise as I am.

Oppressive Heat.

How weak and weary one feels after the slightest exertion these hot days. All the strength seems to go out of the body—ambition is gone. What a difference, though, after a refreshing glass of

Abbey's Effervescent Salt.

It cools the blood and infuses energy into every part of the body. It strengthens the system and prevents sickness, headache, and the indisposition often caused by heat.

Sold by druggists everywhere at 60 cents a large bottle. Trial size, 25 cts.

The Maritime Medical News says: "The last effervescent of Abbey's Effervescent Salt makes it a most palatable drink, and its refrigerant qualities make it invaluable."

Take No Japs In Transit.

"The other day I was coming east on the Baltimore and Ohio railroad," said Mr. H. T. Towns of New York. "In the parlor car in which I traveled were a couple of hilarious New Yorkers, who were spending their money for champagne, or at least one of them was, with a liberality that was nigh akin to recklessness. The number of quart bottles that they consumed was startling, and every time the colored attendant brought in a fresh bottle he was presented with a \$1 note. Whenever the contents of one were pretty nearly gone the elder of the bacchanalians shouted out to the waiter, 'Who told you to stop bringing in wine?'"

"But along toward evening the supply ran out, much to the disgust of the pair, and they had to be content with high balls, cocktails and other plebeian drinks. These were sufficient, however, to keep up their spirits, and later in the night I could hear them yelling for another round.

"The next day the conductor of the train told me that this couple had been riding up and down the road for nearly a week and that they hadn't drawn a sober breath in all that while. It seemed that it was the odd way taken by the senior member to indulge in a spree. He took the younger man along merely for company and footed all the bills. About once a year the noticer took him to go off on a tear, and not wishing to indulge in inebriation at home, he couldn't think of as good a scheme as riding continuously on a trunk line, where there would be only strangers to wonder at his dissipated behavior. The idea of picking a Pullman as the theater of a protracted jag struck me as decidedly original."—Washington Post.

Time Spent In Shaving.

Think of the time lost in shaving. Campbell, the poet, calculated that a man who shaves himself every day and lives to the age of 70 expends during his life as much time in the act of shaving as would have sufficed for learning seven languages. Southey, commenting on this, mused himself, May 15, 1830, during the act of shaving, and he found the time employed nine minutes. He neither hurried the operation nor lingered about it. Listen now to William Corbett concerning shaving: "As it may cost only about five minutes of time and may be and frequently is made to cost 30 or even 50 minutes and as only 15 minutes make about a fifty-eighth part of the hours of our average daylight, this being the case, this is a matter of real importance. I once heard Sir John Sinclair ask Mr. Cochrane Johnstone whether he meant to have a son of his, then a little boy, taught Latin. 'No,' said Mr. Johnstone, 'but I mean to do something a great deal better for him.' 'What is that?' said Sir John. 'Why,' said the other, 'teach him to shave with cold water and without a glass.'"—Boston Journal.

THE BARBER.

"The operation of shaving," said the thin man, "is a constant source of wonder to me. Just to think of a man running a keen instrument over your face and taking nothing off but the beard!" There was a pause, and then the thick faced man asked earnestly: "Would you kindly tell me the name of your gifted barber?"—London Fun.

In a Good Cause.

"Ethel, I was shocked to learn that you permitted a young man to kiss you at the church fair the other evening." "Mamma, he picked out \$5 worth of goods at my table and said he'd buy them if I would throw in a kiss, and if I didn't he wouldn't buy a cent's worth, and what else could I do?"—Chicago Tribune.

Chronic Eczema Cured

One of the most chronic cases of Eczema ever cured is the case of Miss Gracie Ella Aiton, of Hartland, N. B. On a sworn statement Mr. Hon says: "I hereby certify that my daughter Gracie Ella was cured of Eczema of long standing by using four boxes of Dr. Chase's Ointment, William T. Chase, druggist, of Hartford, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella." Toronto, March 16th, 189.

WATCHES

THE watch trade has been rather fluctuating of late, first the price went up, after a long period of low prices, now the prices have dropped again, whether because of war or greater variety of production we cannot say, but the fact remains that you can buy from us a reliable timekeeper cheaper than ever before, in fact that there is no need to buy shoddy goods at all. If you want a good and also the cheapest watch for the money, we recommend a good movement in a nickel case instead of a poor one in a fine looking colored case that will only wear a very short time. Soliciting a share of your patronage, we remain, Yours respectfully, **E. W. TAYLOR,**

Strained the Jar.

A little old woman with a sharp nose and sharper tongue was in the country grocery store buying supplies. Among other things she brought in from her cart was a battle scarred jug, which she ordered to be filled with treacle.

At last, when her purchases were completed, she began looking over the account, item by item, before paying. "What's this?" she exclaimed. "You have charged me for two gallons and a half of treacle."

"Yes, ma'am."

"But that jug holds only two gallons."

"You must be mistaken. I measured the treacle carefully, and it took two gallons and a half to fill it."

"Well," said the old woman with a sigh, "I don't so much mind having to pay for the treacle, but I do object to having the old jug strained by your putting in half a gallon more than it will hold."—Strand Magazine.
